In the beginning there was nothing —
no planets, no people,
no animals, no oceans
nothing except God

At Bunbury Catholic College, we are only a
miniscule part of God's creation
But tonight we join together to thank Him
for all the marvels that he has created for us.

He was alone, but not lonely
He was love, but not loved
God decided to create the universe
and to fill it, with things good and beautiful.

ACTING PRINCIPAL'S REPORT, 1987

My Lord Bishop, ladies and gentlemen. It is my privilege this evening to present to you the Bunbury Catholic College Report for 1987, in the absence of Mr. Val Murphy who, as you know, is currently enjoying well deserved study leave in Ireland. I feel that the year can be encapsulated in three words: CHANGE, CHALLENGE and COMMUNITY.

As you are all aware, we are living through a time which many people claim involves unprecedented change, change that is complex, extensive, real and unrelenting. Yet it is a reality which each one of us has to live with in an informed, creative and Christian manner. We, as an educational community, have to face the challenges presented by this reality and provide our students with a curriculum and educational experience which will hopefully prepare them to deal with the challenges both of today and beyond the year 2000. If our students are to be adequately prepared, it is essential that we try to synthesize their faith development into their life experience and to create a climate where their faith is synthesized into the culture in which we live. This, obviously, is not a simple task. Our culture is complex. The life experience of our young people in no way resembles the presumed Utopia of yesteryear, but I feel the staff of Bunbury Catholic College have provided very genuine and thoughtful educational programmes and experiences which will assist our students to move confidently towards the ideals of the pursuit of excellence, critical reflection and lived Christlike relationships.

Our curriculum has undergone many fundamental changes in 1987 has been the final step in the journey towards implementing the recommendations of the Beazley Report. In order to provide a curriculum of breadth, depth, balance and continuity, whilst providing for flexibility of choice which can accommodate the ability and interests of the individual student, implementation of the Unit Curriculum was recommended for lower school. We at B.C.C. will have curriculum unitized in 1988.

The preparation for this final change has been led by Mr. Les Fabre. I wish to acknowledge his efficient, enthusiastic and professional leadership in the pro-

cess of changes to our curriculum. He has been effectively supported by the Heads of Subject Departments and the staff, hence the process of change has proved to be stimulating and exciting for the whole school community. Many extra hours of work have been involved in the unitization process, and we as a College are fortunate to have a competent, professional staff who are prepared to tackle the challenges of the educative process in a manner which is educationally sound; at the same time maintaining creativity and vision.

The Religious Education Programmes of our College continues to be competently co-ordinated by Sr. Cabrini. The Catholic faith life of the College is greatly enhanced by the presence of Father Leon and Father Tony. Sometimes we are guilty of taking this support for granted, but our Religious Education Programme would be very much poorer without the presence of our clergy. Our students feel welcome at the Parish House and have a very positive experience of Church, its liturgical and sacramental life and of the Parish community. Our Year 11 students were privileged with the presence of Bishop Quinn for most of their retreat. This I feel could be quite a unique experience for any student in Australia and we thank you Bishop for your presence. However, I wish to emphasise that the most important aspects of religious education takes place in the home, and I encourage you the parents to provide the example of a living Faith for your sons and daughters.

In August of this year the face of the College campus changed with the completion of the Bunbury Catholic College Hall. Although we are very proud of the facility I think, more importantly, it provides a focus for one of the fundamental aspirations of our College, the development of a personal relationship with Christ through the experience of community. The B.C.C. Hall has been well used by the school, the Parish and community groups and I trust that it will continue to be a venue where the God given talents of all members of our community can be further developed. The school production of 'Esther' so ably co-ordinated by Mrs. Turner, not only provided us

with enjoyable and challenging entertainment but brought together the diverse talents of our staff, our students and our parents. Congratulations to all who were involved. I thank the Bunbury Catholic College Board for their vision in the planning of this facility, the community who have supported the project financially and Mr. Brian Delf who has designed a hall which is aesthetically pleasing whilst catering more than adequately for its diverse use.

Parental involvement at B.C.C. during 1987 has been extensive in areas as diverse as coaching our many sporting teams, preparing lunches for our students, Art Extraordinaire, providing improved facilities, the formation of a committee to monitor our journey towards Unit Curriculum, organising various social occasions, most importantly, however, providing support, interest and encouragement for our students.

The Parents' and Friends' Association continue to be a dynamic group who actively support our College and I thank you for your contribution to our community.

At the end of the year the staff of our College will be changed by the departure of Mrs. May, Mr. Brown, Mrs. Mathews, Mrs. Payne, Mr. Coote, Miss Lamont-Smith and Ms. Harding. I thank each one of you for the very special giftedness you have brought to the College during your time with us and I wish

you happiness in the various avenues you have chosen to pursue.

To the Bunbury Catholic College Board I express my gratitude for your vision and generosity and I compliment you on your ability to face the issues involved with the development of Catholic Education so efficiently and effectively.

Our Year 12 graduating class of 1987 I present to you as a talented and hard working group of young adults, who have shown a fine example and sound leadership throughout the year. I feel confident that they will be able to take their place in society with dignity. I wish each one of your fulfilment in your life's journey and pray that you will always have the courage to deal with the challenges that you will face, in the light of the Gospels.

Finally, I would like to extend a personal thankyou to the staff and members of the community who have been so supportive and patient during my time as Acting Principal. Thanks must also go to the students who have responded to the challenges placed before them during the year — whether academic, sporting, social, spiritual or cultural. In concluding this report I would like to reiterate the theme of our Mass of Thanksgiving that "The Lord has indeed worked marvels for us during 1987".

Thank you.

CHAPLAIN'S REFLECTIONS

I greet the whole College community on the eve of my departure to Ireland. This is a trip I had not imagined — but then "man proposes and God disposes" as the saying goes! It is yet again, a reminder of God's presence and mysterious action in our lives.

This is, on reflection, a long prelude to this trip.

My parents were married by an Irish Priest.

I was baptised by an Irish Priest.

Many of my Parish Priests and school teachers hailed from the Emerald Isle.

As I look back, the Faith I have today, was certainly nourished by many sons and daughters of Ireland. So as the year '87 draws to a close at Bunbury Catholic College, I'm aware that the life of the College serves to nourish with the same Faith, the sons and daughters of the South West.

The vision of the Catholic school has its focus on Christ, the whole student and the contemporary world. Our values are the Gospel of Christ. The formation of the whole student is our concern. Creative and responsible existence in the world is our goal.

So whether it is a class lesson on Evaluation, or the Semi-finals our Vision of Faith remains the same.

I delight in my contact with the College — "Parish House Mornings", Class visits, Retreats. I thank all the College community for the way you participate in the life of the College.

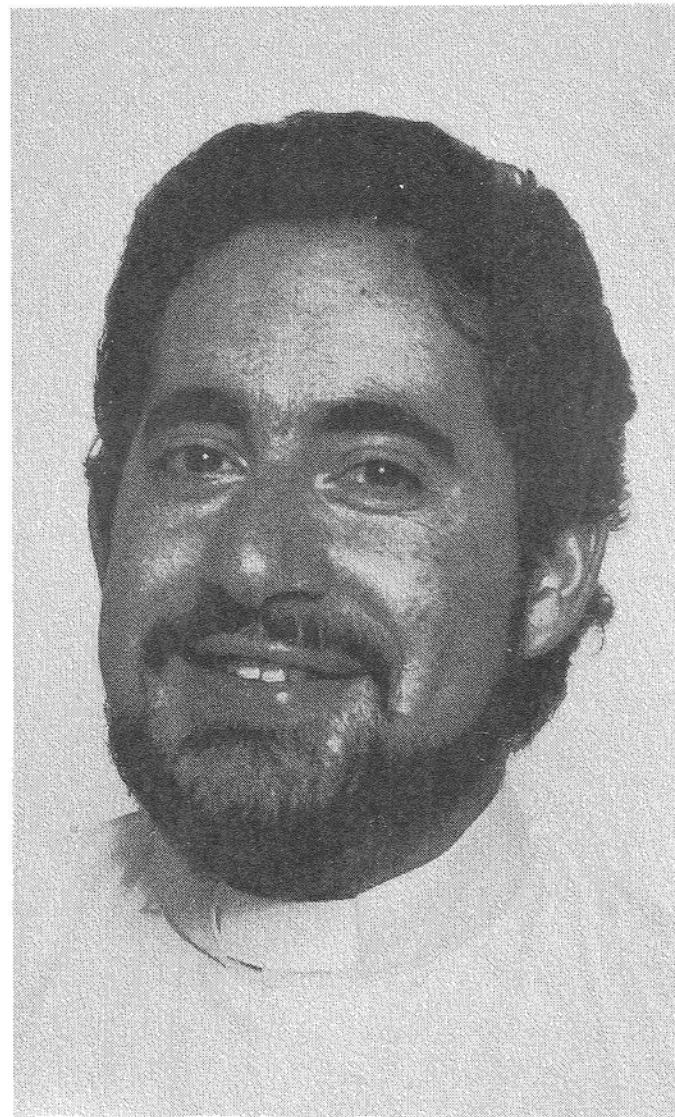

It is by this participation and involvement that the vision of Faith is shared with our students, and nourished in them.

I wish you well for the end of 1987 and pray God's blessing on the New Year.

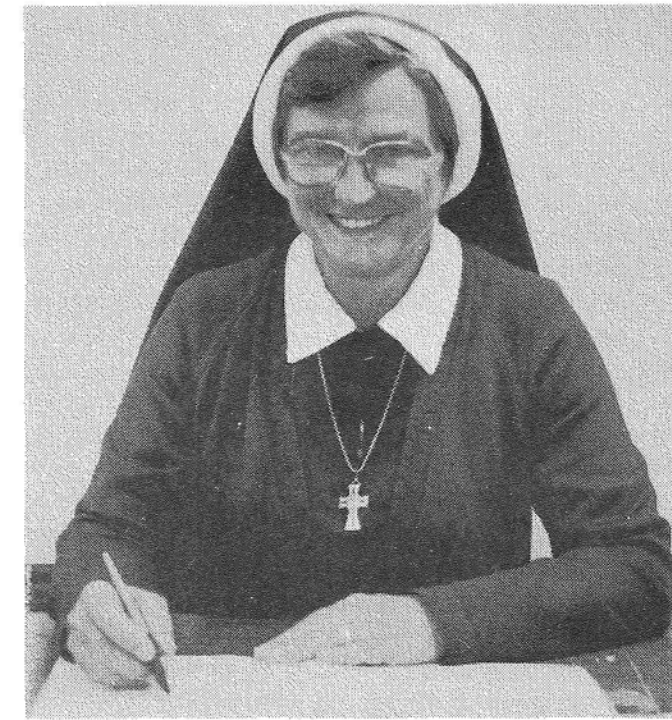

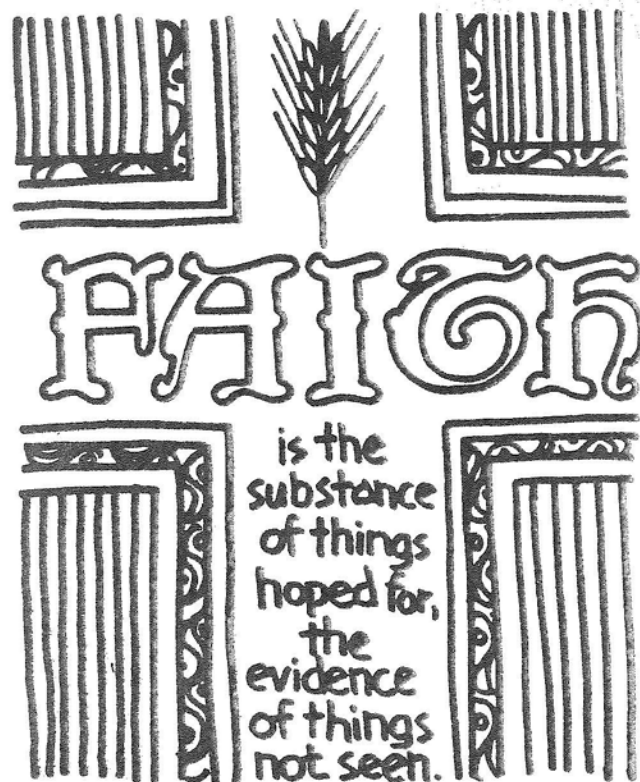

I look forward to seeing you all again on my return next year.

God bless,

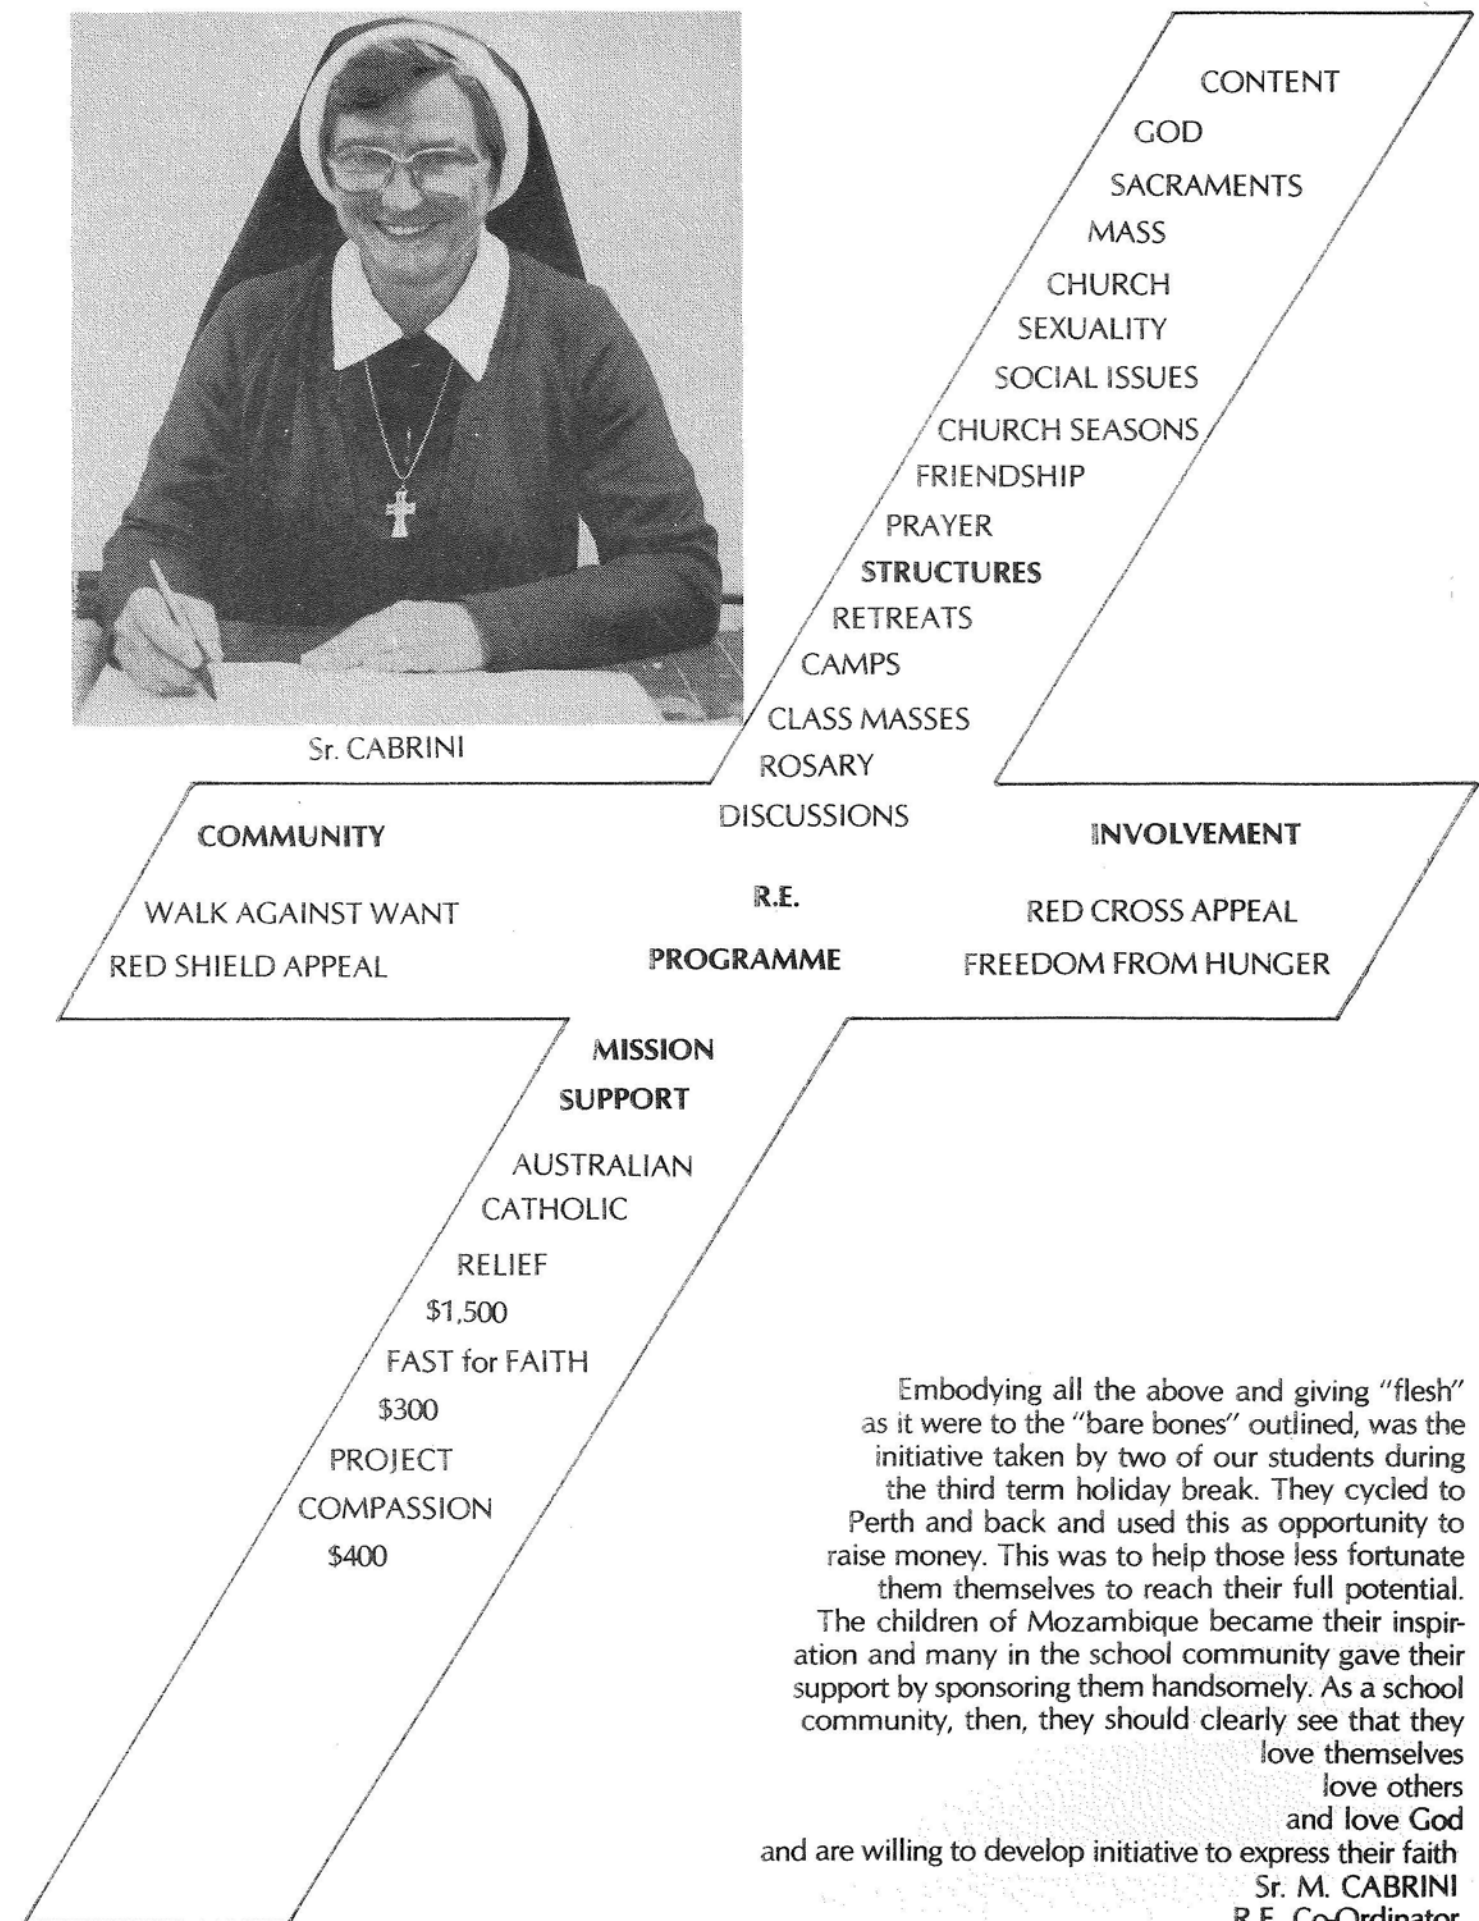

Fr. TONY

Our Chaplain — Fr. TONY

Sr. CABRINI

Embodying all the above and giving "flesh" as it were to the "bare bones" outlined, was the initiative taken by two of our students during the third term holiday break. They cycled to Perth and back and used this as opportunity to raise money. This was to help those less fortunate than themselves to reach their full potential. The children of Mozambique became their inspiration and many in the school community gave their support by sponsoring them handsomely. As a school community, then, they should clearly see that they love themselves love others and love God and are willing to develop initiative to express their faith

SCHOOL CAPTAINS REPORT

Whilst we write this, exams loom three weeks away and it seems as though we have only just accepted the position of school captains. Like the rest of Year 12, we have been swept along with the excitement of the final year of school, and we are sorry to see the end of our time at B.C.C.

Even though we have been chosen as the leaders of the school, we have looked for guidance, and we were sorry to see one man that we looked to for guidance, Mr. Murphy, leave us. It was a very emotional good bye. However, he will return for those who remain, but for those who don't return he leaves distinct memories of "our Murph". Our stand-in Principal Miss McDonagh has done a good job for the short time she has had, and our Year 12 Co-ordinator, Mr. Fabre, has kept the school machine running smoothly.

It has been great to be a part of such a vibrant and enthusiastic group of people. There is hardly a handful of people who just sit back and let things happen, which is terrific. An area which reaped the rewards of this energy was our new hall. The sixties day for example was a great success, due to the success of the Aardvarks, who came up with the idea and played some great numbers during the lunchtime break.

At the beginning of the year the prospect of exams turned the stomachs of many of us. But gradually with the guidance and expertise of the Year 12 staff, we are becoming more confident as the time draws near. A special thankyou to our supporting homeroom teachers Mr. Ed Taylor and Mrs. Brenda Matthews who managed to control our classroom antics inaugural 'Loser of the Week' award. An example of the efforts included the activity day and of course our retreat, which successfully drew us together. This time spent will become precious to us in the future when we remember. "ALL THE GOOD TIMES WE HAD...."

To the future school captains, we wish them as good a year as we had and to remember that this position is more of an honorary position than an exhausting one. To the rest of the students — good luck in your future years and remember, as Mr. Murphy says in Economics: "There is no short profit without import effort."

"Now Mr. Fabre, about this Unit Curriculum ...?"

JOURNEY TOWARDS UNIT CURRICULUM

Over the past two years the staff and students have been considering a new structure of education called the Unit Curriculum. The concept was recommended in the Beazley Report 1984, commissioned by the Western Australian Government. It will operate in Years 9 and 10 in 1988 at Bunbury Catholic College.

The new Unit structure has divided the total curriculum into seven components, namely English, Mathematics, Practical and Creative, Physical Education, Science and Technology, Social Studies and Vocation Education. Each student will choose twelve units of study drawn from these seven categories. Each student is required to choose a minimum of one and a maximum of three units from each component of study. All students will study Religious Education.

Each unit will be conducted for three periods per cycle for one semester (two terms). This new structure will allow students to more readily pursue their particular talents and interests in their study careers at Bunbury Catholic College.

Students have been counselled by their subject and homeroom teachers in making suitable choices of units according to each ones capabilities and interests. The units attempted by a student in subsequent semesters will be determined by the level of achievement gained at the current level of study.

When a student completes his/her studies at the College in Year 10 a school certificate will be issued indicating the units of study undertaken and the level of achievement gained.

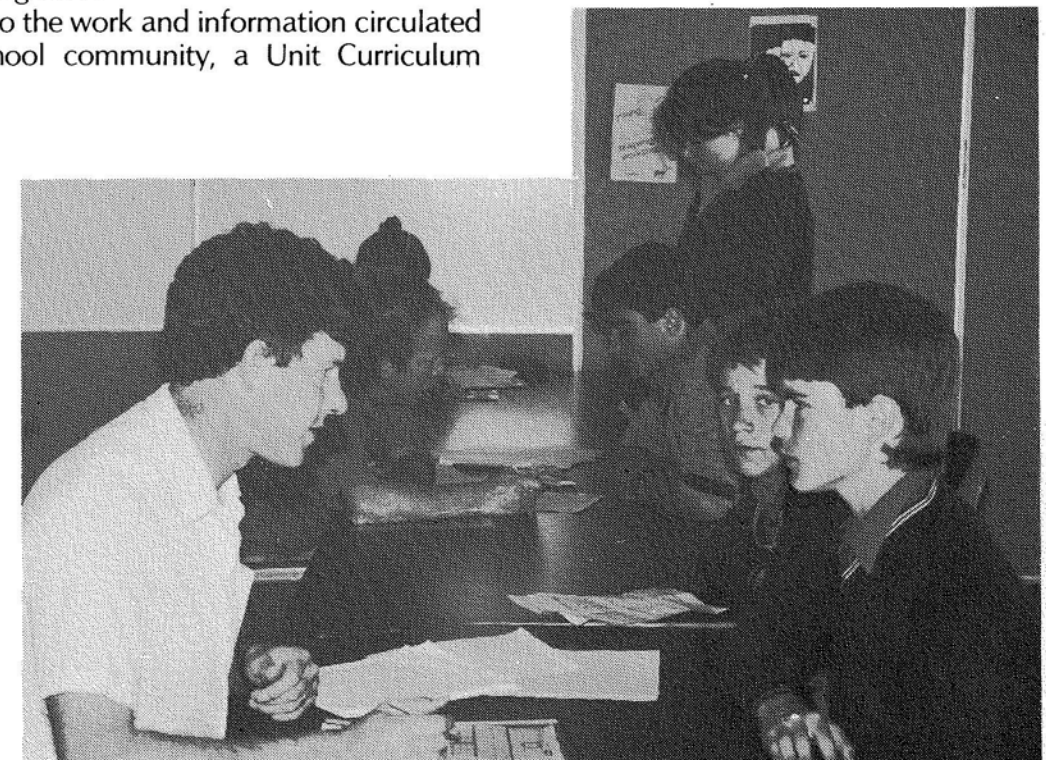

In addition to the work and information circulated within the school community, a Unit Curriculum

Council has been formed to monitor the implementation of the unit system. Representatives on this council reflect the interests of teachers, parents and the community. Members of this council are Mrs. Marie Waddingham, Mrs. Bernice Depiazzi, Miss Helen Johnston, Mr. Gerald Stack, Mr. Frank Saenen, Mr. Ken Moretto and Mr. Paul Greaves. They will be advising and reviewing this new structure as it is put in place at Bunbury Catholic College.

We wish all students every success in their studies next year in the units they have chosen.

YEAR 12 LEADERSHIP DAY

We started our day off with an early morning mass at St. Mary's Chapel. Everybody took part in the mass in a very special way, showing everybody what 'real' talents we had.

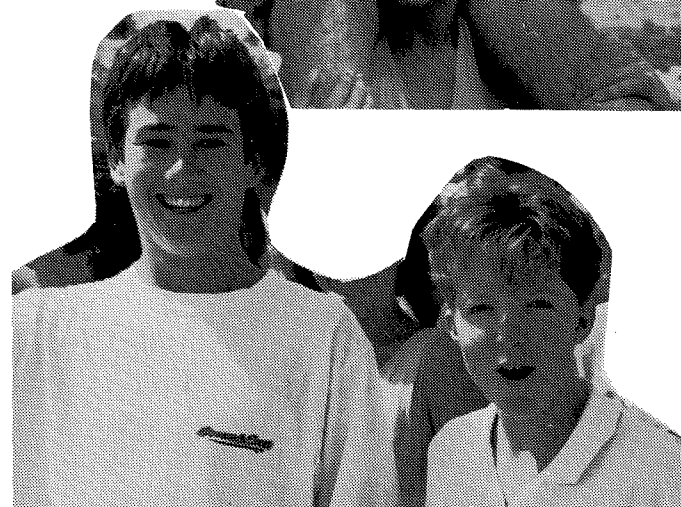

We then went to Hands Oval. Here we had games that involved both small groups and our whole year group. We then went by bus to the Back Beach. The result of our beach games was some of the best fun we had all day. Except one part, that is when Emma Cross tried to be a hero by jumping off a stump flat on her back.

Next we had to perform our 'Cycle to Death'. All I remember is that we were all very sore, sunburnt and exhausted by the time we had cycled all over Bunbury (including B.P. Hill) from Hands Oval, to the beach, the drive-in, the Lighthouse, Forrest Park, the Picton Church, Boulters heights and back to school.

After one casualty to the hospital, several broken or 'twisted' bikes and a mass of dehydrated bodies had fallen into the Drama Room at about 5.00 p.m., the last thing we felt like was a B.B.Q. But the temptation of an ice cold drink saw all of us head for the barbies and raging through (playing cricket) until about 7.00. We then headed home to tell our families what our 'friendly' Year Twelve teachers had put us through.

Overall, despite the 'marathon type' cycle, we had an extremely enjoyable day and were feeling ready to tackle the role of Bunbury Catholic College's leaders for 1987.

ENGLISH EXPRESSION IS NOT DEAD!!!!

As part of the Year 12 English Expression course, the theme of "Death and Dying" was studied. The activities included reading numerous articles and discussing the various topics including euthanasia, capital punishment and the stages of dying as purported by eminent Dr. Kubler-Ross. Sister Romanus was invited to speak to us about her experiences with the dying and the emerging importance of palliative care.

Perhaps the most memorable 'excursion' in this course was that of the trip to the undertakers, William Barrett & Sons. The suggestion of this visit created a little anxiety amongst the 12's but our fears were soon allayed by the constant repetition by Miss Calleja that it was an 'absolutely FASCINATING experience'.

And so, off to the undertakers we went. And yes, Miss Calleja was right!! It was a fascinating experience. Let's face it, how often do we voluntarily walk into a funeral parlour with the express purpose of getting a grand tour?

Mr. Errol Barrett was particularly accommodating and was very keen to answer all our questions. From the production of a coffin to the comforting of a bereaved family — all aspects of the funeral director's vocation were covered and the experience gave us a valuable insight to a subject which is still regarded very much as taboo.

A special thanks to Mr. Barrett for easing our anxieties. He made us feel very much more comfortable with the certainty of death and reminded us of its natural part of our life.

YEAR 12 RETREAT, 1987

After mid semester exams this year the entire Year 12 population of B.C.C. set off for a four day Retreat at Baldivis, just south of Perth. We were joined by Mr. Taylor, Mrs. Matthews, Mr. Murphy, Mr. Browning, Miss Calleja, Father Tony and Brother Harry from the Marist Retreat team in Melbourne (and we were even allowed to call the teachers by their first names!!!)

The purpose of the Retreat was a time to think, and to step back and take a look at ourselves. We were all specially placed in groups with people who weren't in our usual circle of friends at school. This helped us to understand people we'd never really got to know. A very powerful bond formed between us all giving a secure and trusting feeling within the group — this was a really 'warm' and valuable experience of the Retreat.

During the four days we had discussions about ourselves, drew symbolic paintings, played games, listened to others, jumped around madly, took part in relaxation exercises (Ahhh!) and more. We still managed to find time to eat, oops, I mean DINE. Thanks to the Mums and Dads who came out to help with the meals, and especially Mrs. Nicholas, or hold tense ping pong and billiard competitions. AND...

you know, we actually survived without a television for the whole time.

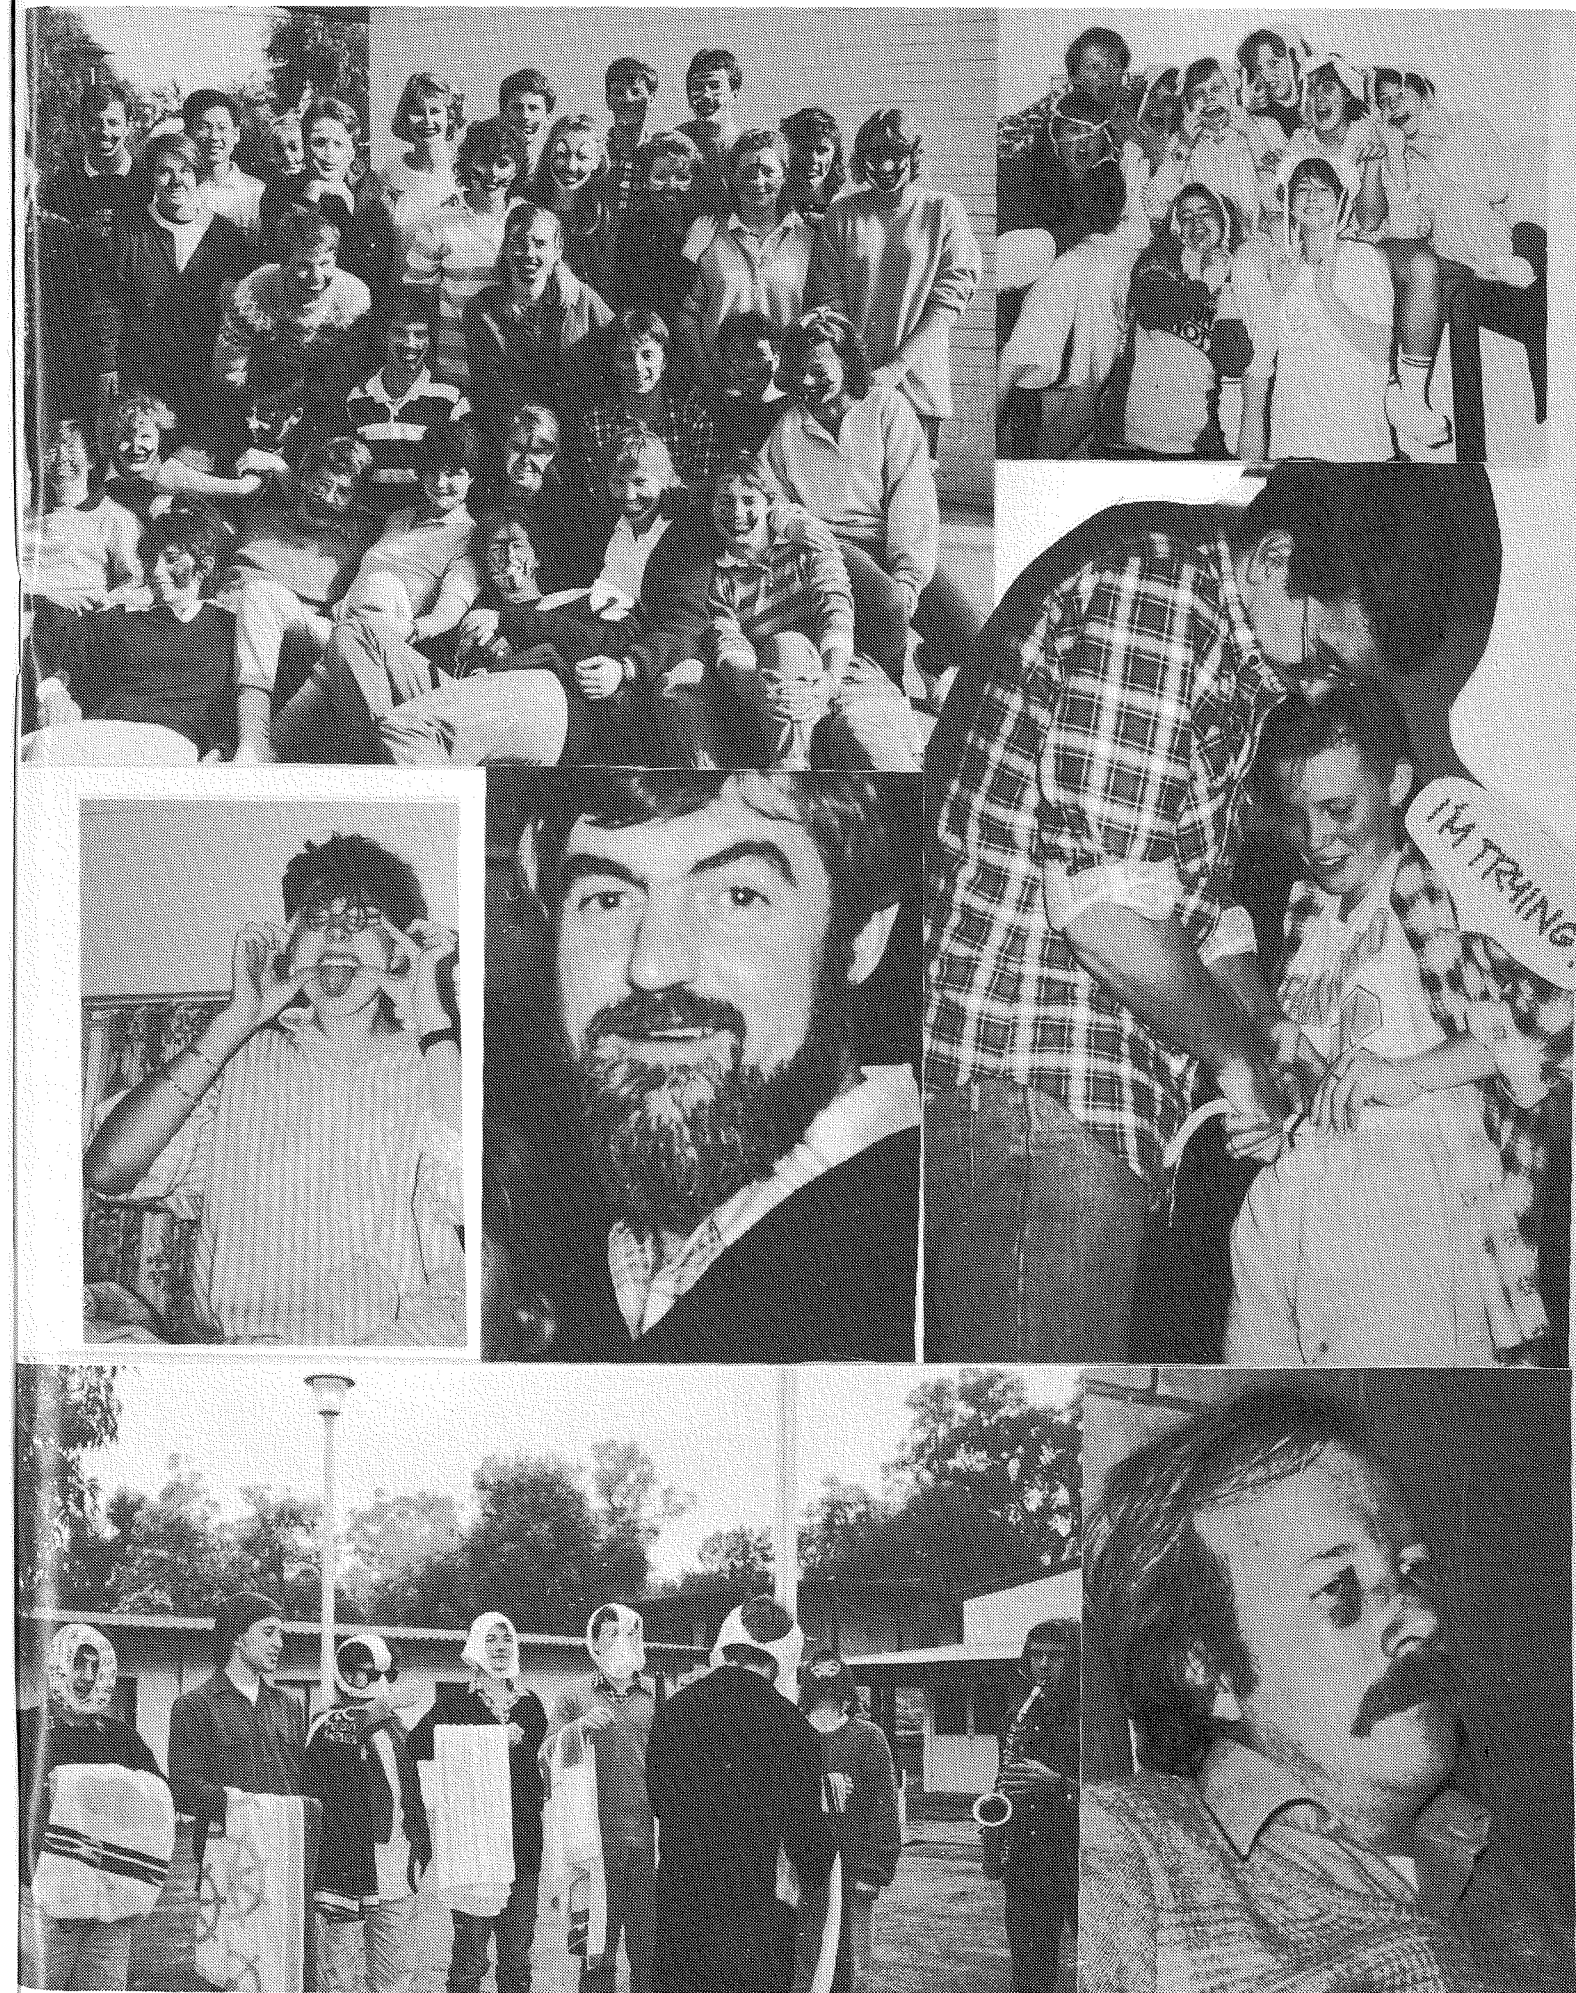

On the final night Father Tony helped us celebrate a Mass to thank God for our successful Retreat. We all performed in the Mass which took place without pews or elaborate robes. The general consensus was that all Mass's should be like this. It was a very spiritual and uplifting occasion.

This was followed by a night of original comedy as groups performed skits that kept the smiles on our faces. Then we challenged the teachers to a game of "Who can stay awake the longest", and it wasn't an easy win!

I was going to try and write this story without mentioning Mr. Taylor's nose meeting Jamie's head quite suddenly during a 'harmless' game of softball — but I didn't!

The Retreat explored our full emotional scales and tears were not uncommon around the camp, especially as we realised that we wouldn't be a group for very much longer. For at the end of the year, we'll all go our separate ways and I think all of us will go, as slightly better (for want of a better word) people than we were previous to our Year 12 Retreat.

Erin McLAUGHLIN

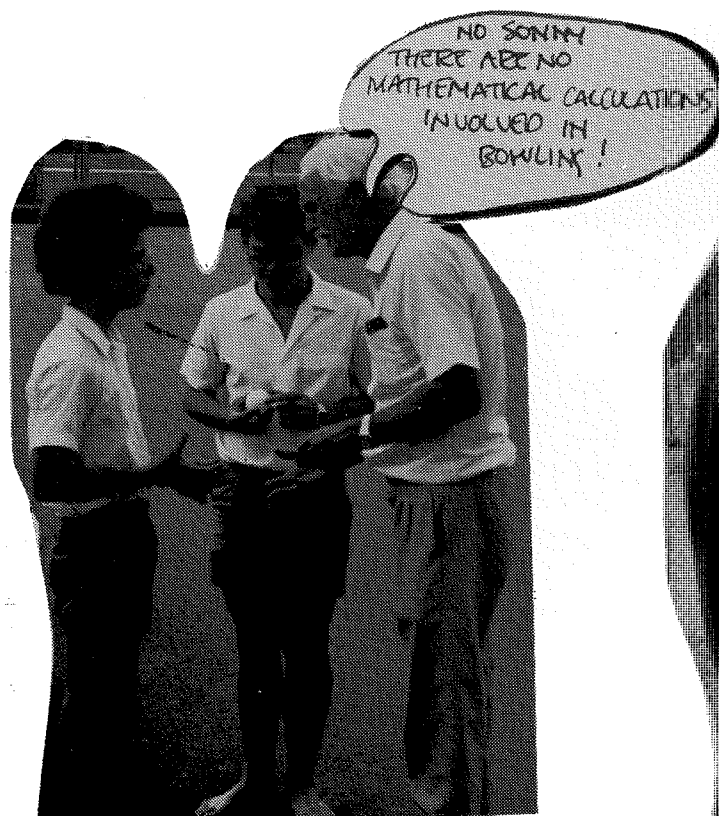

"YEAR 12's BOWLED OVER"

To spend the afternoon with the older people of Bunbury wasn't a part of the syllabus for most economic students in Western Australia, but Mr. Murphy took us bowling at the Bunbury Bowling Club, no, not ten pin bowling, proper bowling.

After a talk from selected prominent members of the club and a short video showing the basics of the sport we were assigned to an experienced older person. I think we all had the idea that because these people could roll balls a certain way, we could do it better because we are younger and because we come from B.C.C.

But it was not to be, as we soon found out. Somehow the balls either kept rolling right into the gutter or went off on a 90° angle and disrupted some other students attempts at bowling. Everything was going fine until the press arrived, from the South Western Times and the West Australian. It was then that we found out that bowling wasn't really part of Economics and that it was the Senior Citizens Week, showing the interaction between young and old. As soon as the guys knew the reporters had arrived they rushed over and asked to be photographed. But no, as usual we girls were photographed even if we weren't the best at bowls. So our bowling session came to an end.

We were invited to go back when we were older and pursue our bowling careers as the youngest age a member can be is 18. Ah well, only one year to go!

PUBLIC SPEAKING

The College has always been very well represented in Public Speaking, and the seven students who participated this year were a credit to the school. We had representatives in two competitions this year, Rostrum and Jaycees. We had enough entrants in the Rostrum competition to have our own heat here at the school. Erin McLoughlin won that heat, and went on to the semi-finals in Perth.

The talents in the McLoughlin family were shown

again when Caitie, one of our representatives in the Jaycees "Youth Speaks for Australia", went on to win the state title of that competition, which was televised on Channel Nine and G.W.N. Caitie then represented W.A. and our school at the national finals in Brisbane. She is to be congratulated on such an exceptional effort.

To all who took part in Public Speaking this year — congratulations and keep up the good work next year!

A Word of Encouragement

Public speaking is not difficult, and the more that you do it, the easier it becomes. I really urge you to make the time and effort and give it a go. Ask your teacher or parents for help and don't be discouraged if your first speech is a flop — keep at it, you'll thank me later.

Remember, not everyone can be a National finalist. The best of luck next year to all you Public Speakers. Go on, throw away your inhibitions and give public speaking a try.

We have to write
 this ditty,
 As it really was
 a pity,
 Mr. Hogan was away,
 On our photo day,
 We asked him
 for a snap
 to fill in this big
 gap,
 And oh, utter bliss —
 He came up with
 THIS!

A DAY IN THE LIFE OF OUR TEACHER LIBRARIAN One Friday (Any Friday)

Adapted and "Australianised" by Elaine Winnett-Colson
from a poem by Carole Ann Haycock

I arrived at my desk: it was just after eight;
In swarmed the kids yelling, "gee, Miss, you're late!"
All day they buzzed round me with questions so varied;
All day round the library my weary feet scurried.
What overdue book? Oh — that one — well, see,
It's down in my locker and I've lost the key.

I need some material on foreign relations;
Do you have a book of familiar quotations?
That 'Adrian Mole' book — it's ALWAYS out!
You know "The Outsiders"? Well, what's it about?
What's a classic? Can you lend me some scissors, Miss please?
Can't you get some new truck books? I've read all of these!

Have you got tracing paper? The assignment says
CHOOSE one of the following: "I'll do kangaroos."
I just asked the teacher and he said to say
I can't do P.E. I'm to work here today.
Will you find me a picture of an evergreen tree?
Look! A page has been ripped from this dictionary.

Must I pay for this book? The cause was our pup;
Before I could grab it he'd chewed it all up.
Can you find for me a Chinese cookbook?
It's home science today and there's flied lice to cook.
Hey! That "Dolly" I borrowed — my Mum read it too.
She cut out the pictures. You don't mind do you?

I need Paul Hogan or some movie star;
What's this expression mean "to make or mar"?
Have you a videon on space travel at all?
Ned Kelly's not there — so do you have Ben Hall?
Shakespeare's my topic — do you have him in here?
I'm studying some old madman whose name was King Lear.

I can't find drugs in the vertical file,
Would you just keep an eye on my class for a while?
A diagram please of the lungs of a frog;
And can you get A.I.D.S. from the card catalogue?
I've been asked by my teacher to get all the facts
On something called Keating's Fringe Benefit Tax!

Why can't we talk here? We do in our lessons;
I punched him, Miss! It relieves my aggressions.
Does photo begin with a F or a P?
My assignment's due Tuesday on the A.C.T.
Is it boring just being a librarian all day?
Do librarians and teachers get all the same pay?

I worked seven hours on one cup of tea;
A bookseller took up my lunch break you see:
When the hands on the clock said 3.21
The kids all departed. I was left quite alone —
I began to restore them Dewey Decimal Way.

In walked a teacher, fatigued, with much care;
Wearily she sighed as she dropped to a chair
"It's so peaceful in here and orderly too;
But how do you stand it with nothing to do?"

Thanks Ms. St. CLAIR

Thanks Mrs. HARRIS

YEAR 11/12 THEATRE ARTS

Theatrical Exchange was one of the highlights of first semester, when the Year 11's and 12's from our school and from St. Norbets, Queens Park, displayed their dramatic talents. The night ended with a game of Theatre Sports, which involves quick thinking and creative Improvisation.

In term II students were very involved with our School production 'Esther'. Students who take Theatre Arts are required to become involved in the production in some way. This ranged from Lighting, Back Stage, Sound, Set Design and Acting.

In term III, Year 11's also participated in Board-walk. Students presented a variety of performances ranging from Relationships and Marriage, Leukaemia to Absurd Theatre. Katrina Sykes, Rochelle Stokes,

Craig Mathieson, Jane Meehan, Patrizia Spinelli and Jeff Polak were selected to be filmed in Perth as part of a Video entitled 'Highlights of '87'.

Throughout the year, Year 11 and 12 students have been treated to a varied number of performances, both in Bunbury and Perth. These ranged from 'Phoenix Dance' Company to 'Spare Parts Puppet Theatre'. The Year 12's also travelled to Perth with the Year 12 Literature students to view 'Henry IV' and 'The Glass Menagerie'.

'2 Dance Plus' came to BCC early in term IV, and gave Year 11 and 12 Theatre Arts students and Year 11 P.E. students a most enjoyable Dance Drama workshop. A Parents Night was held to conclude the year, where work from both classes was presented. It was a most enjoyable evening.

Two of our Year 12 students in role!

CATERING '87 ...

The Catering Class has again excelled themselves in providing a service to our school in many areas.

The students gain a great deal of learning experience from these functions in the many facets of entertaining and food preparation:

Term one saw a beginning made with providing a supper for Year 10 Parents Night. They then provided a meal for the teachers of the Parish who attended a

re-commitment mass and supper at our school.

As part of Easter Celebrations, the students spent much time and effort making Easter Eggs, bunnies and baskets which were sold to cover cost. During Easter week after the 'Mass of the Oils' students came back from holiday and prepared and served a sumptuous feast for the Bishop and 30 Parish Priests.

A special thanks must go to our "back-up" ladies, without whom we would find it very difficult. These include Mrs. Jan Batt, Mrs. Pam Harris, Mrs. Marie Ambrose who form the backbone of the group with Mrs. Tomasi and Mrs. Handcock providing extra

assistance when required. These ladies help with last minute preparation, clearing up and washing dishes. Mrs. Elvira France who provides us with ideas and practical contributions in forms of menu and table centres for various functions.

The Restaurant Night

On the 31st July, the Year 11 Catering students organised and prepared a Restaurant Night for the public. The preparations began at 9.00 a.m. Friday morning with a break at 4.30 p.m. We arrived back at school at 6.00 p.m. to complete the finishing touches. With all kitchen preparation taken care of, we moved to the Year Eight block that had been transformed into a Restaurant. We met our guests at 7.00 p.m. and escorted them to their tables.

We served wine and canapes while waiting for the rest of the guests to arrive. Once all the guests had arrived they were served Pumpkin Soup. Once the soup was finished the dishes were collected and the guests were served the main meal which was a choice of parmesan crumbed fish or steak with mustard sauce, stuffed tomatoes, beans and baked potatoes. The sweets were arranged on two trolleys and wheeled from table to table, there was a choice of Hazelnut Gateau which was very popular, Chocolate Sponge Cheese Cake, Choc Mint Flan and Fruit Salad and cream. The guests were served coffee and chocolate truffles with Port to follow.

With guests leaving and tables being cleared, the Restaurant Night ended at 12.00 midnight. Many thanks are to go to Mrs. Martella, Mrs. Batt, Mrs. Ambrose, Mrs. Handcock, Mrs. Harris and Mrs. Tomasi.

INDEPENDENT SUBJECT EXPO '87

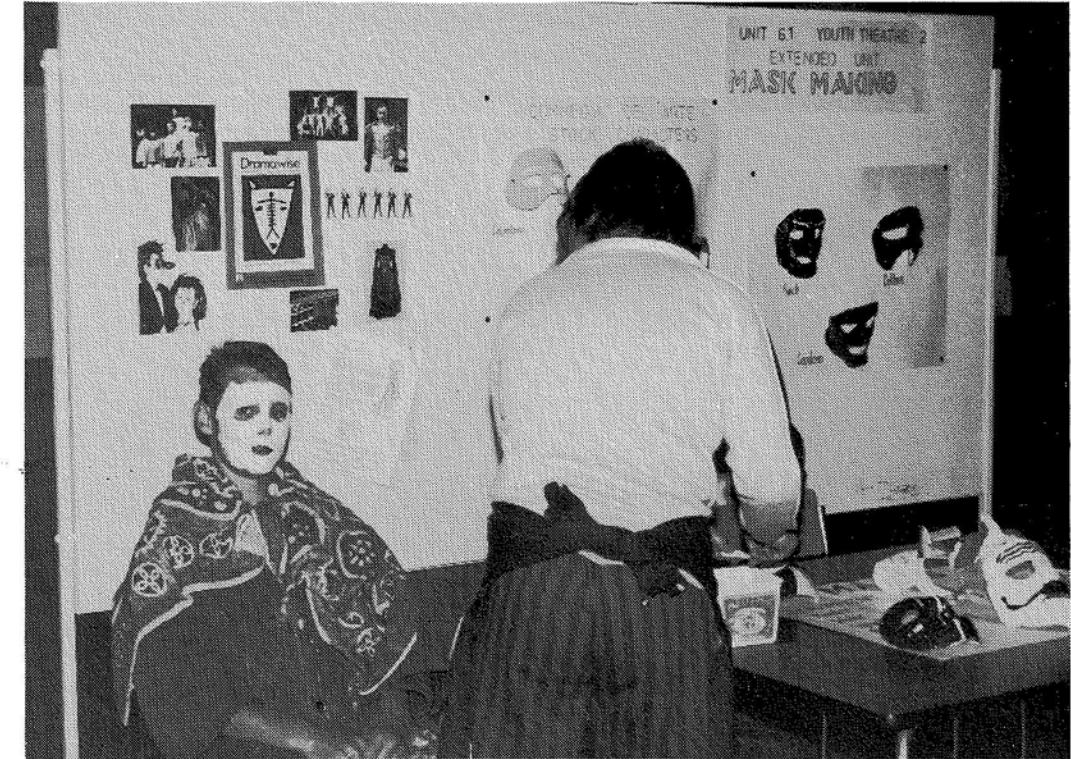

This year's display of specific subject areas was intended to provide students and parents of some insight into UNITS of STUDY, able to be undertaken in 1988.

Fifteen separate areas of study were on display showing a wide range of unit choices as well as a comprehensive arrangement of student work. Cer-

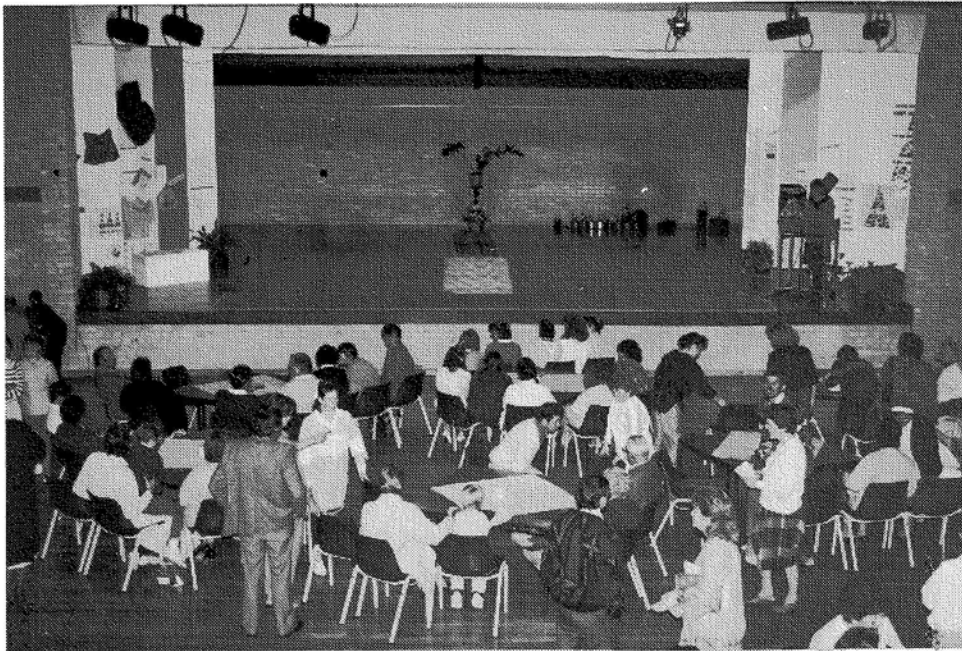

tainly the feature of these displays showed students working with wood and metal, operating computers and word processors, making masks, painting and sketching, parading fashion-designed clothing, provide a play for our visitors and most importantly providing and serving supper.

Some glimpses of our Expo:

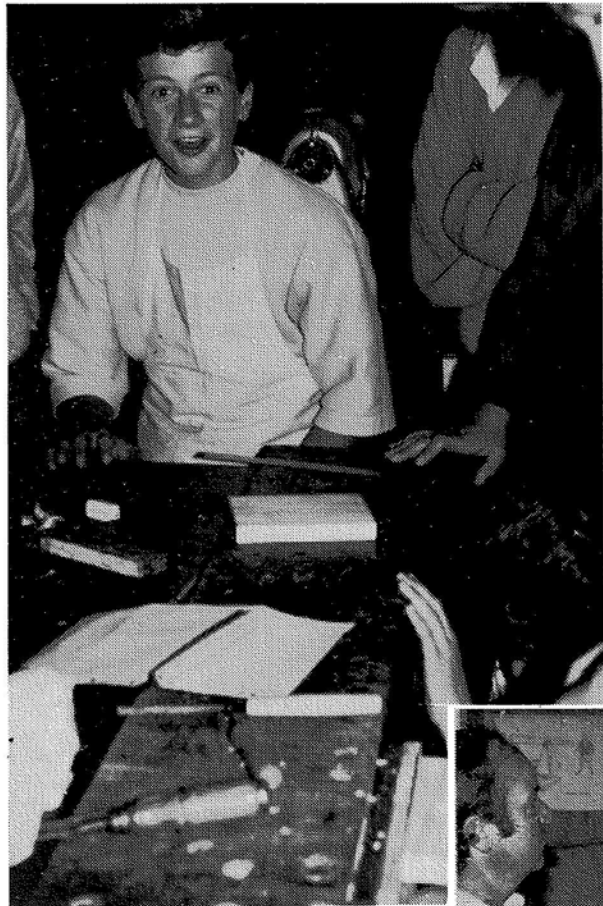

Scott is trying to remain calm throughout the ordeal of being 'masked'.

Art students showing the high level of concentration needed to produce their work!

The stage is set for the big event. "The Fashion Parade" of students' clothing. Certainly a great effort by all those involved!

Guess who is happy about doing extra woodwork? And who is trying to hide from the camera as she attempts to climb under the bench?

A great effort by the woodwork and metalwork students as they braved the cooler air out on the verandah.

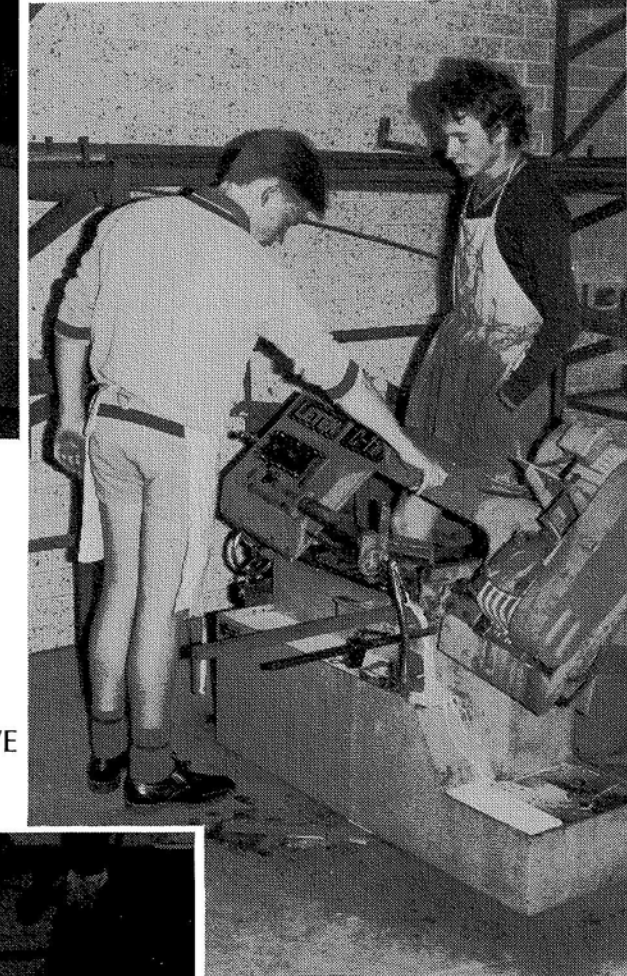

INDUSTRIAL ARTS AT B.C.C.

Students in some of the PRACTICAL AREAS of studies are seen here applying their skills in METALWORK and WOODWORK areas.

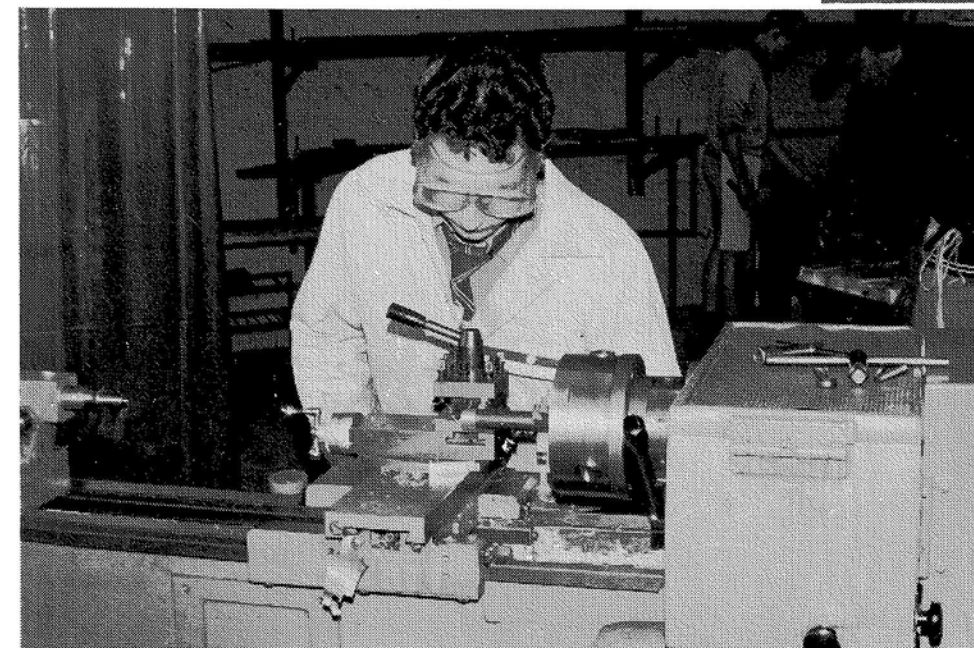

Action photos taken in the Metalwork room have captured these scenes.

Craig REIMERS and Todd IVEY are using bronze welding to assemble a desk frame.

Scott COLTON is adjusting the cutting machine, while Kamahl LOVE stands by to give advice where necessary!

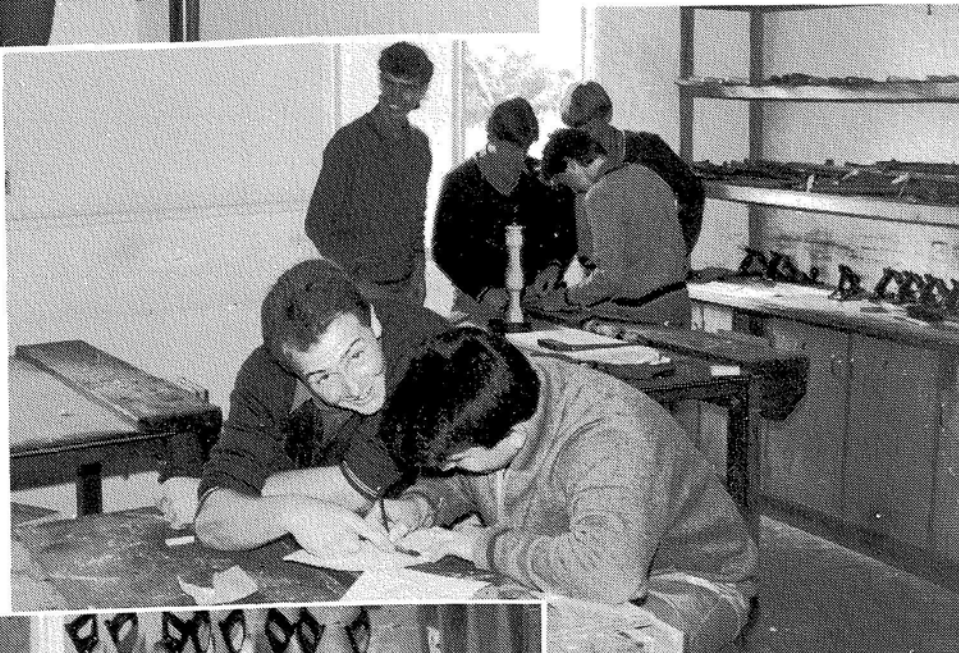

Stephen MUSTICA is full of concentration as he machines a shaft on the metal lathe.

Candid shots taken in the Woodwork room caught these students busily working on their major projects.

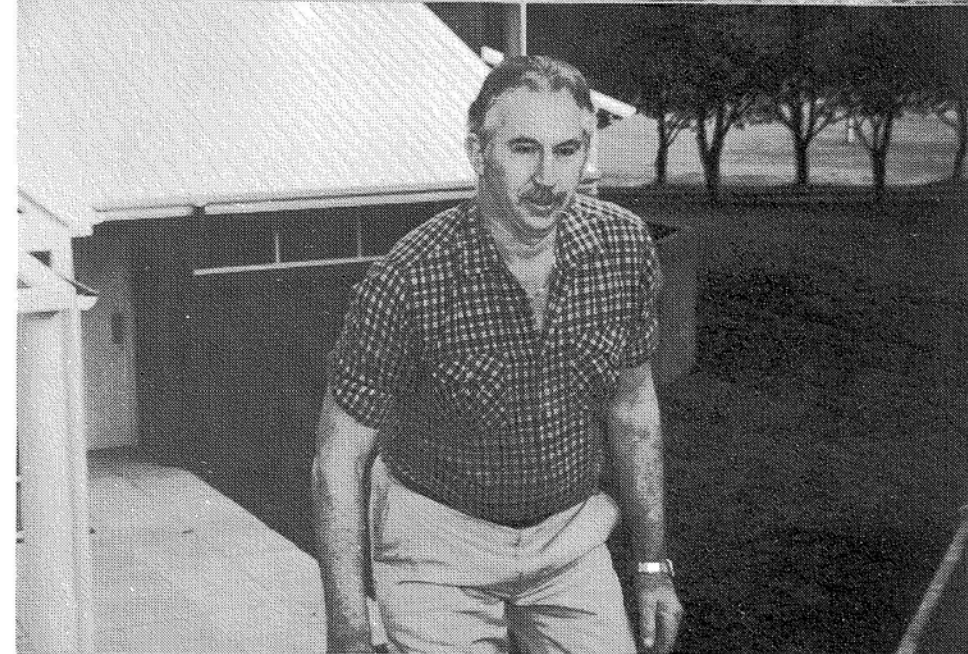

Geoff BARR is assisted by Peter JENNINGS, as a dowel joint is being machined on the drill press.

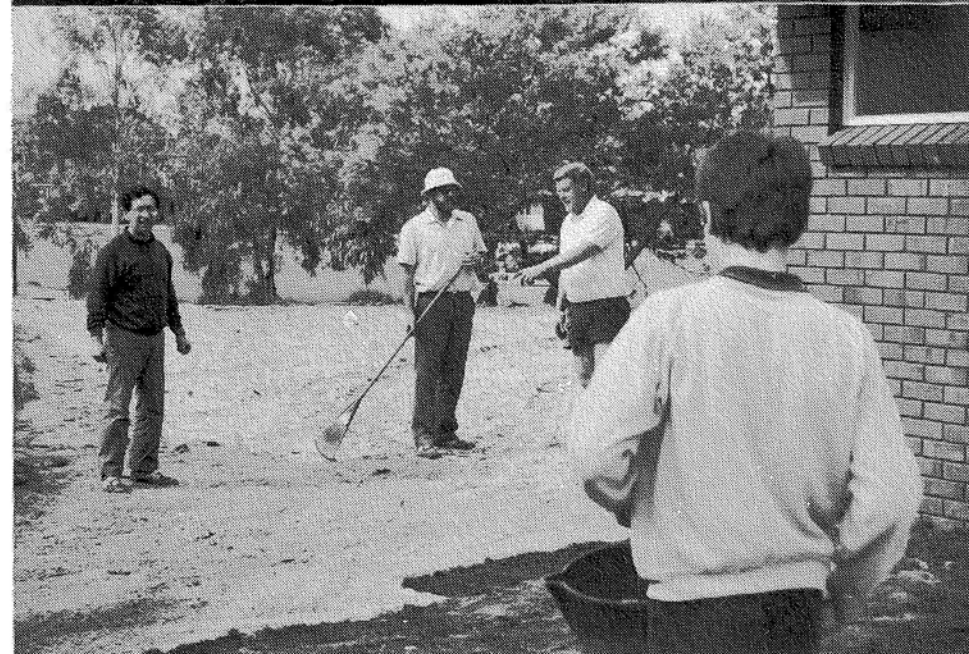

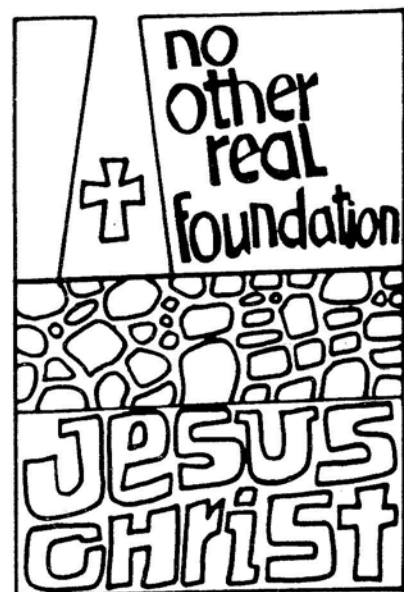

Andrew RAPER offers advice to an interested student during a crucial stage of design work. Students in the background are obviously in deep discussion over a technical point.

Greg THOMPSON is clearly aspiring to be a manual arts teacher. Peter O'REILLY will definitely get it right this time as he marks out details on his project.

YEAR 10

We thought we'd entertain you
By telling you all about us
The things we did together
We created quite a fuss.

A highlight for our boys
Was their famous footy team
CIG they called themselves
It really was a scream.

The girls they tried their hardest
to support their footy guys
But unsuccessful, we came out
In suspense as time passed by.

Caitie M's proved her fame
By travelling round the states
She thrilled the audience in our 'ESTHER'
And still remains our mate

Off to Bridgetown the actors went
To prove their hidden talents
Trying hard to behave themselves
Pretending they were so gallant

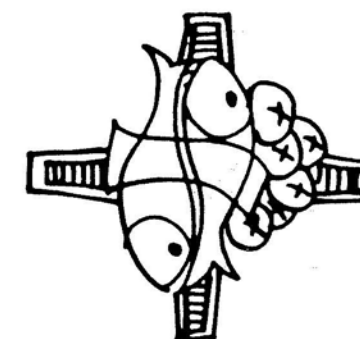

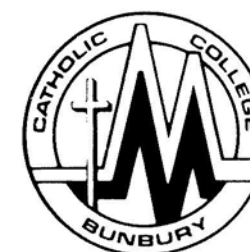

Stacey and Donna are on the team
They'll do well, so we believe
Hoping they'll make it there
While Craig decides to leave.

Chris and Barry are out on the green
Golf is their Key sport
While Jo Ridley's more into modelling
He's got all the guys support!

Liz Savage is our budding author
With an award for her kiddies story
Jacinta Riordan's our champion girl
Winning all the Glory.

Work Experience was successful
We all enjoyed our time
Checking out the working world
and the careers we wouldn't mind
Now as our year comes to an end
We all have decisions to make
Some of our friends are leaving us
Which is really quite hard to take.

But as we grow and go our ways
We'll look back now and then
Never forgetting the time we spent
at B.C.C. as Year TENS!

Sarcasm

We're Mary's Mob and it should be known,
 Since we've started Year Ten, sarcasm has grown.
 Amanda's english is not very good.
 Andrew's doing his work like he should.
 Chris would hate to pick on Joe
 Craig's prepared to have a go
 Claire is always disrupting the class
 Caitie's grades shall never pass.
 David is a really good fighter
 Domenic's curls are getting tighter.
 Elizabeth hasn't got gangly legs
 Fiona's eating rotten eggs.
 Geoff's got lots of mates
 Julie's voice is pretty loud
 Justine's never with the crowd.
 Jenny's high jumping skills are great
 Kamahl locks his goats behind a gate.
 Kelli doesn't like Mark Steele much
 Luke never comes in late as such.
 Nadine always tries hard

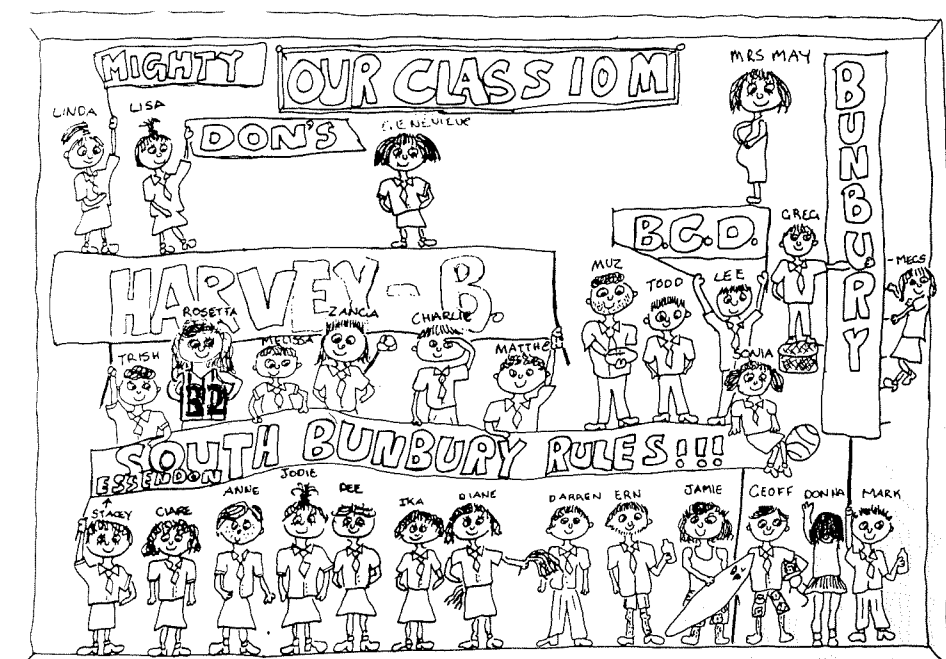

Natalie is a real card.
 Mark C is a good boy
 Mark S's comments are a real joy.
 Peter's always pulling in his neck
 Shad plays for B.C.D., the team's a wreck.
 Stephanie's a well liked chick
 Tania knows how to fight and kick.
 Tammy hands her work in on time
 Wayne is surely in his prime.
 Rebecca isn't very shy
 Greg is always asking, Why?
 Megan's not in alphabetical order
 Joe's hairy legs are something to look forward to.
 Mrs. Turner leads the way
 Only because she gets lots of pay.
 P.S. There's Lisa as well
 We must say she is a nice girl.

 Fourth Row: Christopher Scaffidi, Todd Griffin, Wayne Cicchillitti, Troy Davey, Simon Draper, Daryl Stout, Patrick Le Clair, Mark Nicholas.
 Teacher: Mr. Glenn Wilson.

10W is really sweet
 The kids in there are really neat.
 Libby and Moose use their gel
 And everyone says Eamon's swell.
 Sister Cabrini is always getting mad
 But she still thinks that Paul is a lovely lad
 Draper is obsessed with his motorbikes
 Rosemary can't work out which guy she likes.
 Jim and Jacinta are champion runners
 Shannon and Melissa care a lot for others.
 Eggy and Chick are on the footy team
 Mr. Wilson yells when he lets off steam.
 Melissa is our Italian translator
 And our chief chef is Lisa Slater
 Nicko is the bad smell man
 And if Horry can do it, anyone can.
 Jenno is our soccer stay

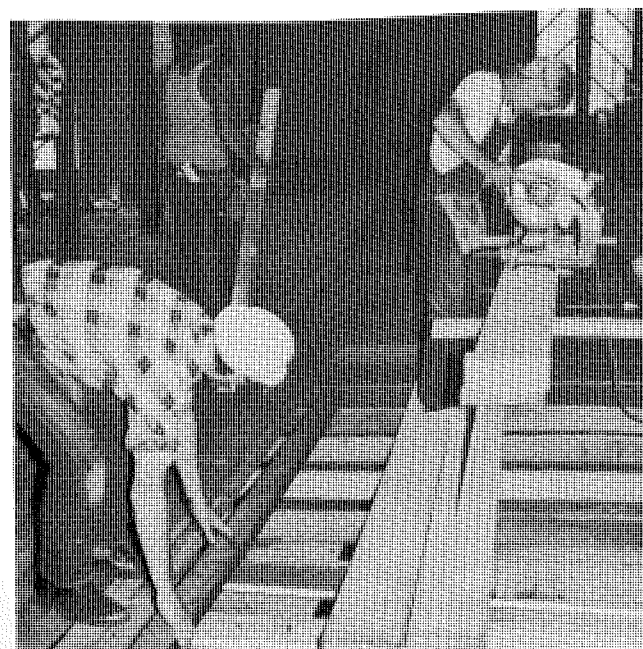

He beats the other boys by far.
 Troy is the man from Y.C.S.
 And Deanne always tries her best.
 While Horry asks heaps of questions
 Cassandra has her depression sessions.
 Lisa and Roseanne sit together
 While Liz and Kaye will be friends forever.
 Lichy, Scaff and Sacky make sister scream
 Kylie, Sue and Susannah make a good team
 Dianne, Clare and Tanya are good friends
 And everyone drives Pat around the bend.
 That's the good things about our class
 And everyone hopes we all will pass
 We hope to see you all next year
 Whether we go or whether we are here.

COMMENTS FROM WORK EXPERIENCE DIARIES.

- *On the first day I was afraid.
- *Woke at 6.30 to go to work planting Karri seedlings I carried buckets of super. Got drenched.
- *I think I'm going well. Can't wait until tomorrow.
- *I had a great day. Went to do some levelling down Moore St.
- * I attended a meeting today and wrote notes. I then phoned 83 people to see if they were still leaders of their recreation groups.
- * Today we did meat sampling. This involves purchasing sausages & sending them to Perth for inspection.
- * I fussed over the animals today - it will probably wear off by the end of the week.
- * At first I was a bit worried. "Would I like it?"
- * I did 112 photocopies on the ammonia machine today. What a smell!!!!
- * Learnt to calibrate today. Did my own spiro test.
- *Helped clean a plane and hanger No. 2 today.
- * Yesterday I booked people on a trip. Today I booked the trip over the phone.

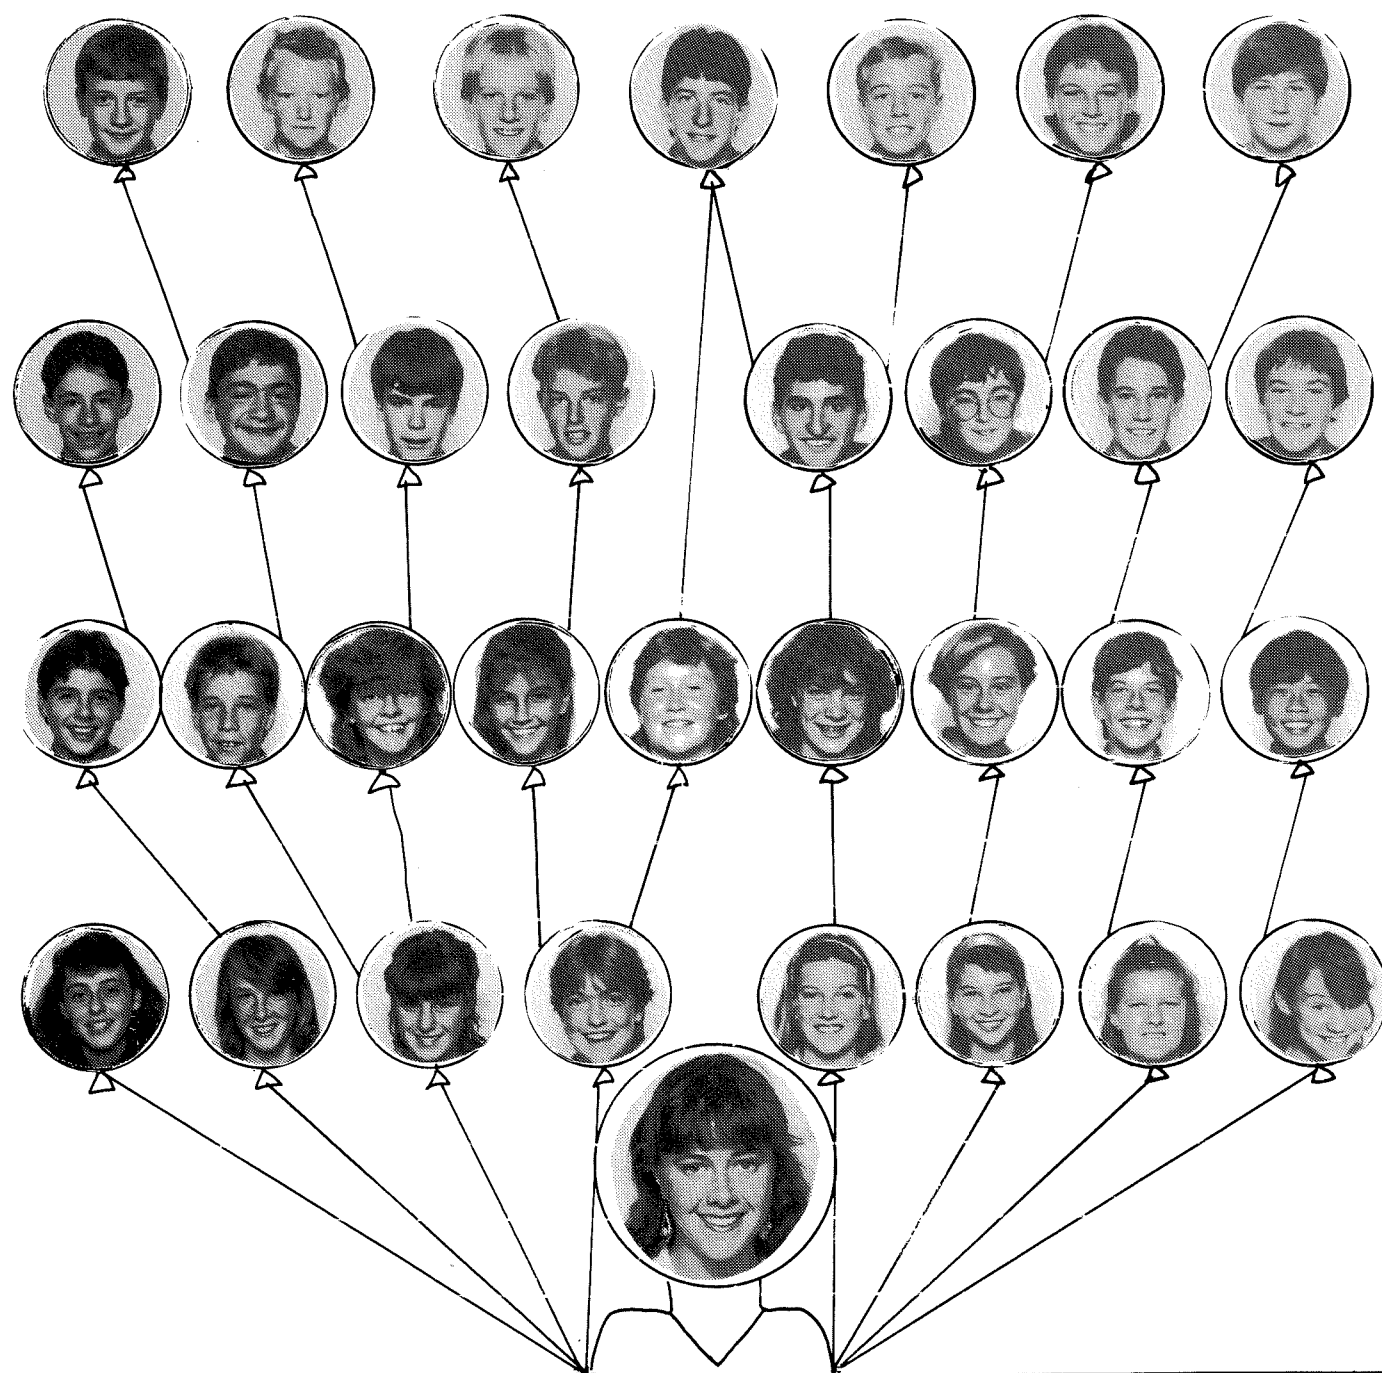

LATER IN THE WEEK.

- * It is the sort of job where you learn every day.
- * Field work was great, even though there was a lot of Blood! I learnt so much, and more to learn!
- * The week has gone very fast. Last day tomorrow. I better put in a good effort.
- * I read with the kids, called out maths and marked work. The children were lovely, bright and cheerful.
- * I feel I belong here and have been here for months.
- * Today I gave a cow an injection. WOW! It had milk fever and the stupid thing was lying in a drain.
- * I had to do a football players profile which involved ringing Ian Massara & asking questions about his football life.
- * I was taken over the construction site of the Australind bypass. It was great.
- * I was on the switch board all morning. Did some filing and made morning tea.
- * This week has gone too fast. I need another week here.

COMMENTS FROM PARENTS.

- * Enjoyed the week very much.
- * Very keen and interested in the work they are doing.
- * Found with different situations she can cope with ease & is quite confident.
- * Acted maturely and accepted responsibility. Came home with a smile every day.

While Punchy tries to crack a joke
 Paul thinks he's a real cool bloke,
 Lynette and Caroline are very quiet
 While Dianne and Margaret are causing a riot
 Richard Batt is ten foot tall
 and Daniel is driving Miss Moore up the wall
 While Salv and Damien are looking at planes
 Poli and Anne are using their brains
 Shelly and Karen are forever pulling faces
 and Julie was glad to see the last of her braces.
 While Cynthia is renowned for her glasses
 Tino is always late for his classes
 Up the back talking is Keryn and Liz,
 and Stewart is trying to get into show biz.
 Darren and Darryn are always together
 and Toga dreams that he is much better
 Liz and Maree are seen but rarely heard
 While Robert and Aaron have found a new word
 Simone is up with the latest trend
 And Novak is driving Jason round the bend.

YEAR 9-L

Front Row: Diane James, Peta Taylor, Lisa De Coppi, Rebecca Harding, Sarah Mulligan, Chantelle Maguire, Jill Sharpe, Melissa Ryan.
 Second Row: Ben Mardon, Shervau Smith, Vanessa Teraci, Karen John Allison Meehan, Joanne Bock, Trudi Donovan, Jason Harnett.
 Third Row: Shaun Pomery, Mathew Martella, Elliott Reid, Joseph Patane, Dean Radovic, Mark Michela, Roger Jackson, Troy Mortley.
 Fourth Row: Scott Francis, Peter Della-Vedova, Robert Banks, Andrew Della-Sale, James Giumelli.
 Teacher: Miss Lamont-Smith.

There once was a class, 9L
 Who gave all their teachers hell
 These students, 28 in all
 louder than any class, could brawl.
 First was Banks who was last in
 the door
 Then Peta Taylor, attendance poor
 \$50,000 Lisa with all that money,
 who sits across from Elliot who thinks
 he's quite funny
 Next comes Jill and Jo, our resident
 twins,
 Then Ben, our boatman, weedy and thin.
 Shaun and Melissa with their head
 in a book,
 Scott's ambition to be a cook
 James comes to school after milking
 the cows,
 Dean resides in the corner singing
 aloud.
 Meehan is often known to be
 quiet
 But like Roger, she can cause a riot.
 Chantelle, like Sarah, is quite nice
 Unlike Della's farm which was taken over by mice.
 Vanessa comes from Harvey, where they sell
 bad meat,
 Matthew Martella, well his concentration
 is deep
 Rebecca, our hairdresser of the year
 lives further from the school, than
 Trudie, who is near
 Blondie is dwarfed by Peter who
 is tall
 And in English, Shervau has a lot of
 gall.
 Troy and Mark to some people are
 cute
 Unlike Joe who is easily hooked on fruit
 Oops we almost forgot Diane who is
 usually silent
 Unlike the rest of our class, who are
 known to be violent.
 Our teacher Miss Lamont is No. 1,
 And we hope next year will be just as
 much fun.

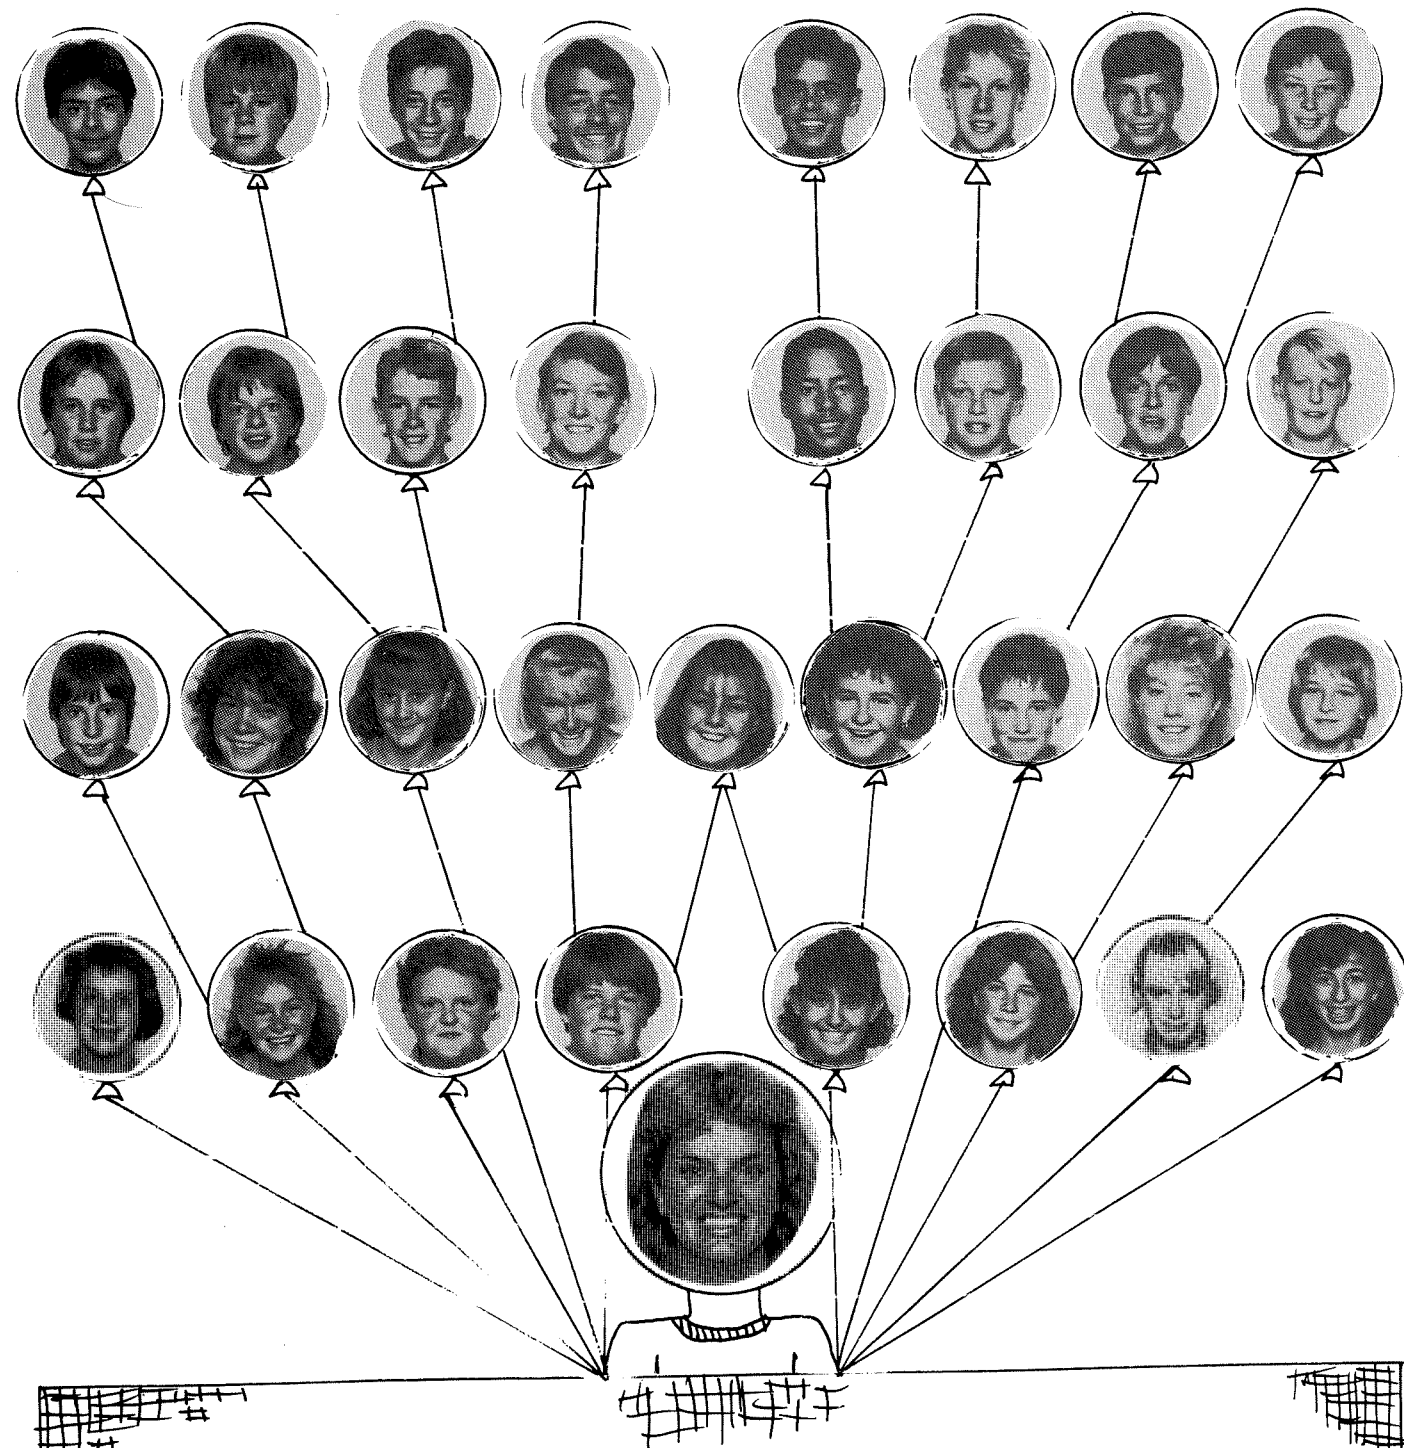

YEAR 9-D

Front Row: Mary-Ann Compagnone, Lynda Kuntj, Pauline Pedulla, Nadine Timpani, Lisa Tartaglia, Tracey Hurley, Joanne Mellor, Teresa Marra.
 Second Row: Patricia Tanner, Julie De Piazzi, Mandy Hodgson, Nerinda O'Donohue, Tina Bucchino, Elizabeth Casteau, Lisa Kempin, Gemma Maher.

Fourth Row: Mel Difrancesco, Chris Ratcliffe, Luke Edmondson, Chad Lockwood, Travis Clarke, Paul Good, Robert McMeeken, Ben Bott.

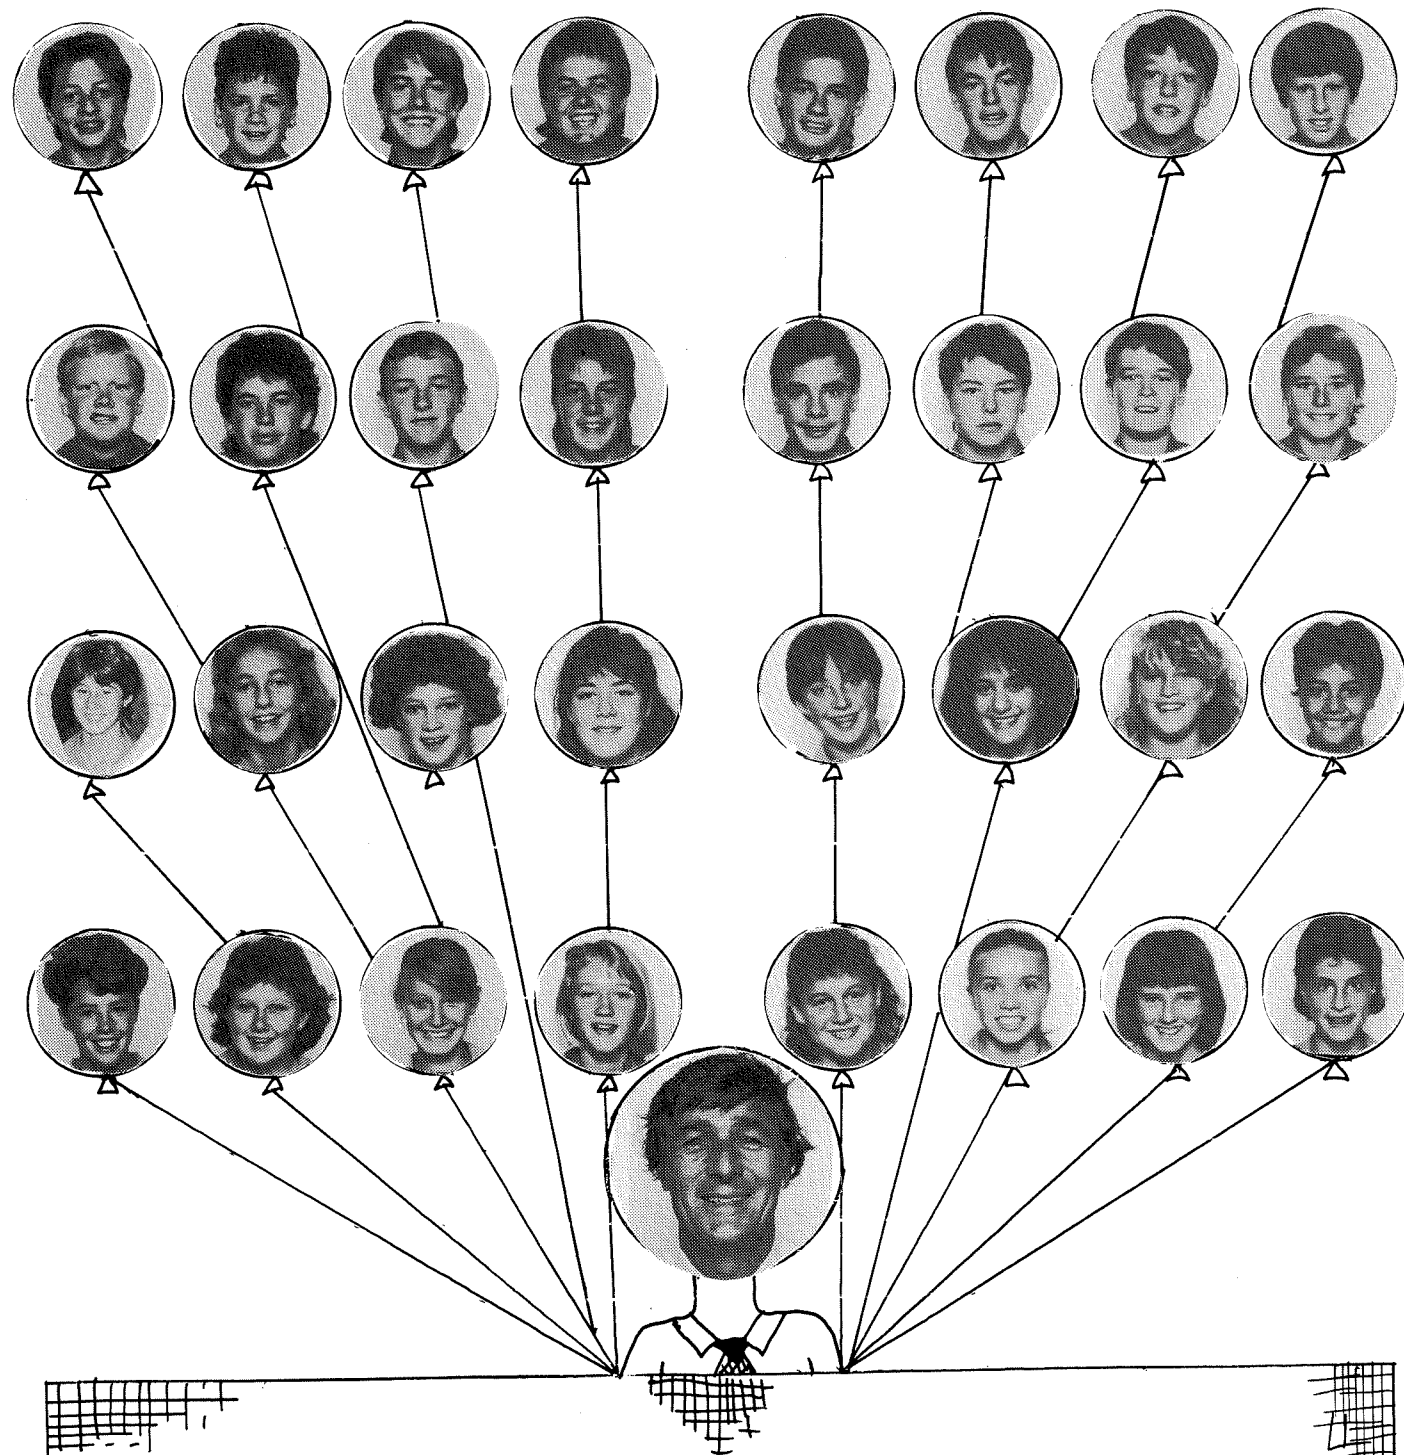

Teachers: Mrs. Caroline Payne, Mr. Whitelaw (absent).

We are a class called 9P —
 The 'W' is missing as you can see
 Mr. Whitelaw left us for another job
 But we know he did like our mob
 Term 1, we went down to Honeymoon Pool
 and knowing this, we broke the rules
 We were led in the wrong direction
 and Payne and Rubie showed affection
 At Socials we raged (get down man)
 to the real groovy music of a trendy band
 Then the 'hols' came (oh wizard, Dick)
 They were only two weeks, and they went real quick
 Activity night, we had some chow
 Kept it down, don't know how
 David Smith came talked more and more
 Talked for ages, and even more
 This is all the weirdos, squares and goons
 The others, take up the rest of the room
 Kate and Sandra chase the boys
 While Georgie & Bernie make lots of noise
 Keir and Debbie never agree
 While Mrs. Payne is hard to please
 Simone and Kim are passing notes
 and Andrew D always talks about books
 Mel and Cath are out the door
 While Kathy and Scott are fighting on the floor

Gavin Skane is really quiet
 While Chad Lockwood is causing a riot
 Luke is skinny and tall
 and Andrew O is not tall at all
 Robert is a real cool dude
 While Clint's jokes are really rude
 Paul Mazza is pulling faces
 While Jayne & Nikki are changing places
 Travis and Jeremy are partners for life
 and Amelia never gets into strife
 Annita and Danielle don't want to be in this poem
 and they would rather stay at home
 Rebecca and Sally are a really good sort
 and Ryan doesn't want his report.

CO-ORDINATOR'S REPORT

Year 8 is a very important year for all students as they make their transition into high school life. Our Year 8 students arrived at the College earlier this year, enthusiastic and keen to meet the challenges of 1987.

As the year has progressed, the students have really joined into the spirit of the College and yet at the same time added their own special touch.

The majority of students have coped well with the work of high school and are now more than ready to give unit curriculum their all. It is important for all students and parents to remember the importance of working hard. To get anywhere in this world application is the key to success. All Year 8 students are

wished happiness and success in the years that lie ahead here at the College.

May I take this opportunity to say how appreciative I have been of the role played by parents in 1987. The support and encouragement for the students and staff has been great.

Finally to the homeroom teachers in Miss Johnston, Miss Calleja, Mrs. Hogan (Semester 1) and Mrs. Butler-Jacobs (Semester 2) thank you for the enormous amount of time and effort you have given your homeroom group.

Mr. Mark BROWNING,
Year 8 Co-Ordinator

THEY'RE ORIGINAL, THEY'RE DIFFERENT,

THEY'RE 8B!

The Mob! The Teacher!
The Antics!

8B RULES! O.K.!

8B is the classroom
The teacher is Browning
And now that we've finished
He's no longer frowning.

When Browning first met us,
He thought we were great,
But then we combined
And we set his straight.

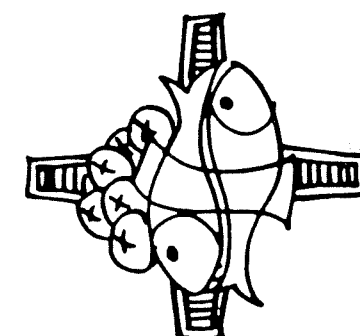

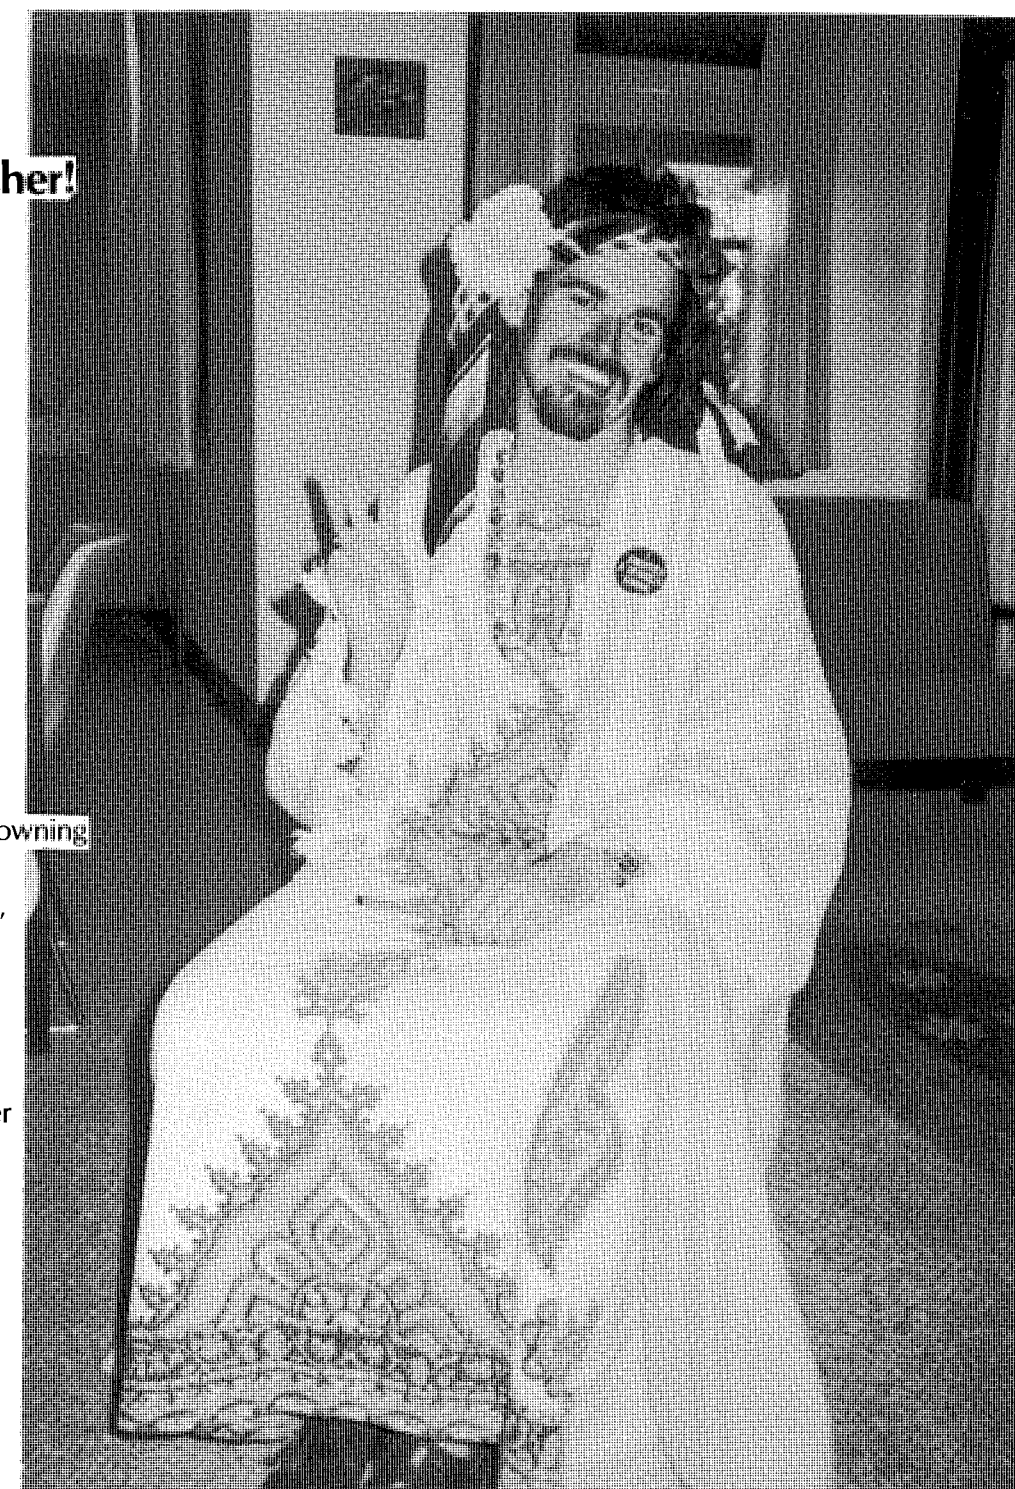

The guys were the jokers,
And the girls did the rest,
Scoring top marks,
'Cause we were the best.

The class owned by Johnno,
Had gone wrong some place
'Cause the class owned by Browning
Put egg on their face.

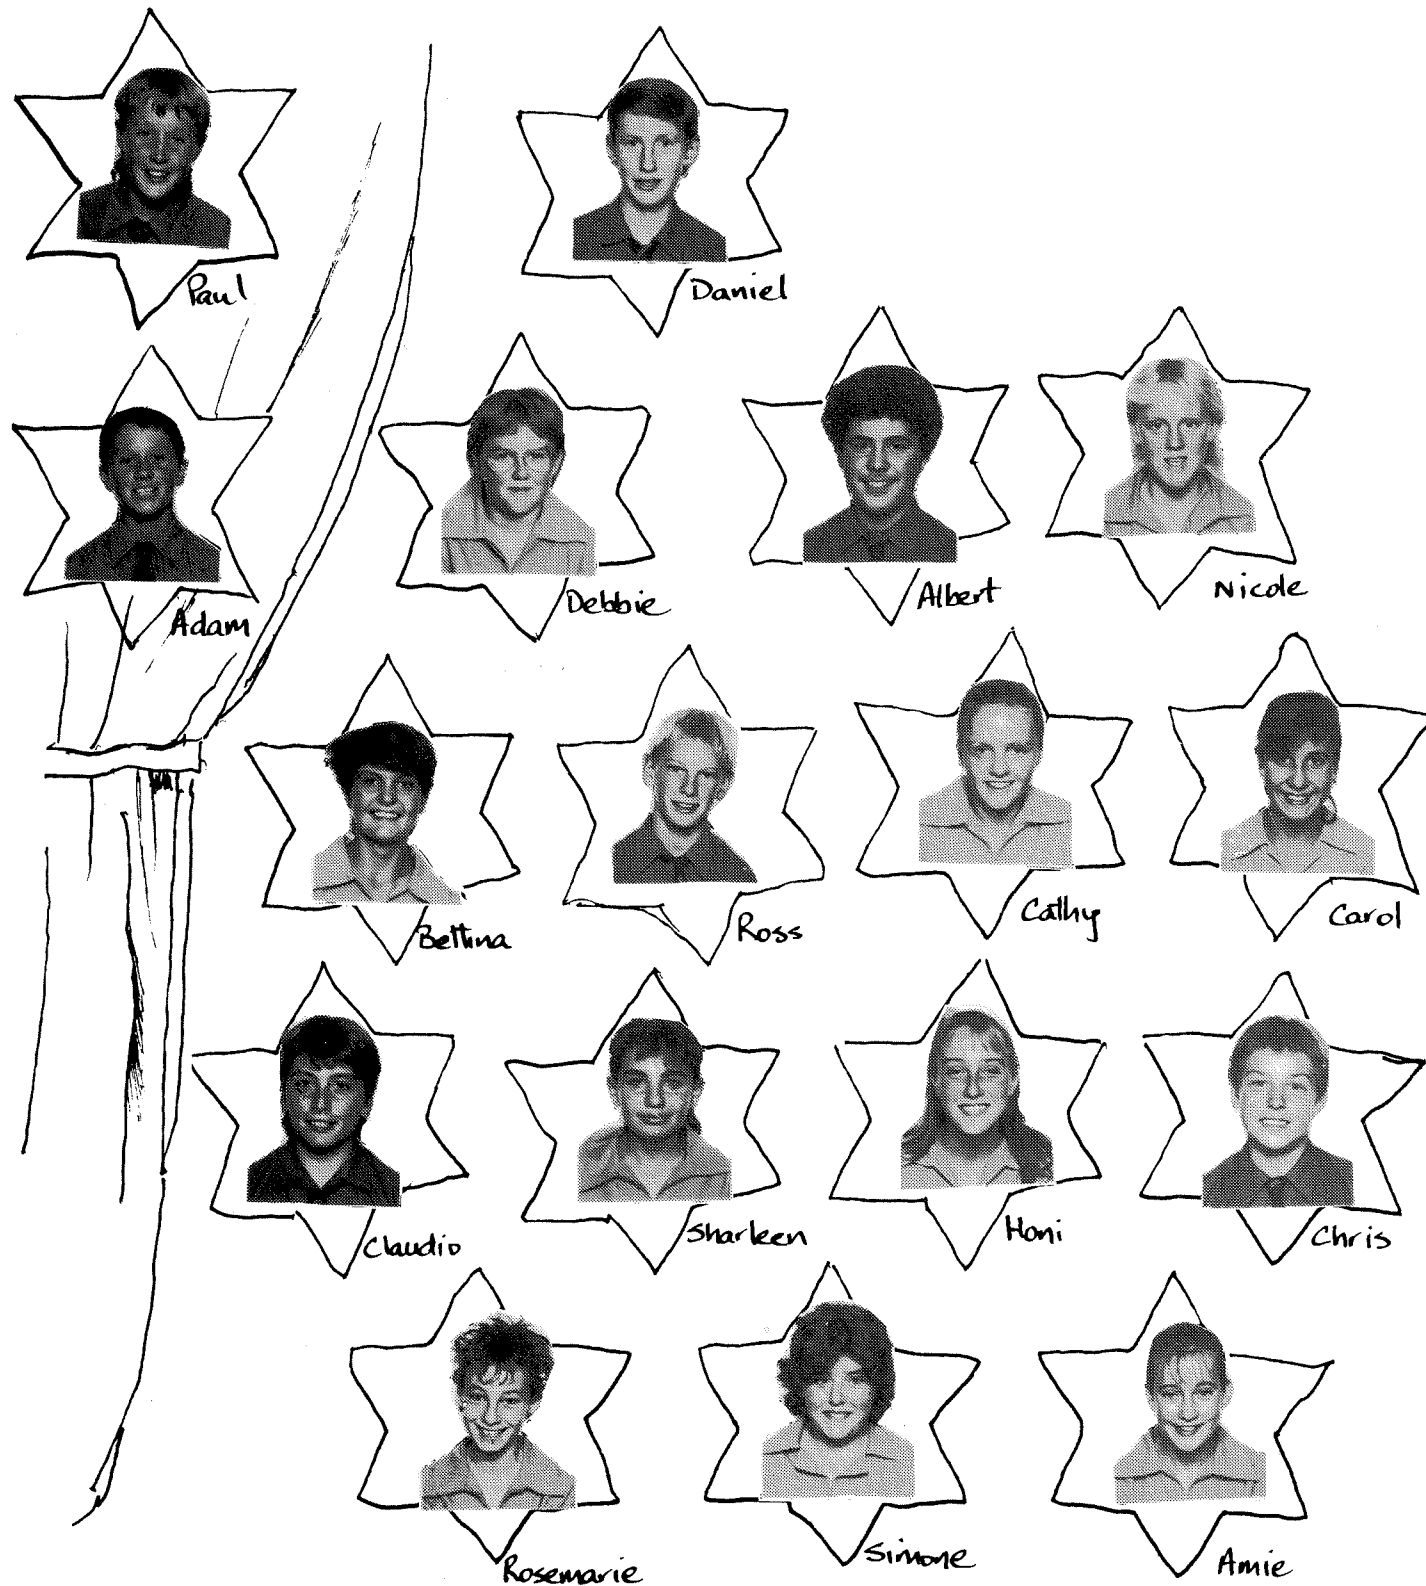

And then came Butler-Jacobs,
Who showed lots of grace
By giving detentions,
But they still got last place.

Then there's Calleja
The class we put straight
They thought they were better
But we proved too great.

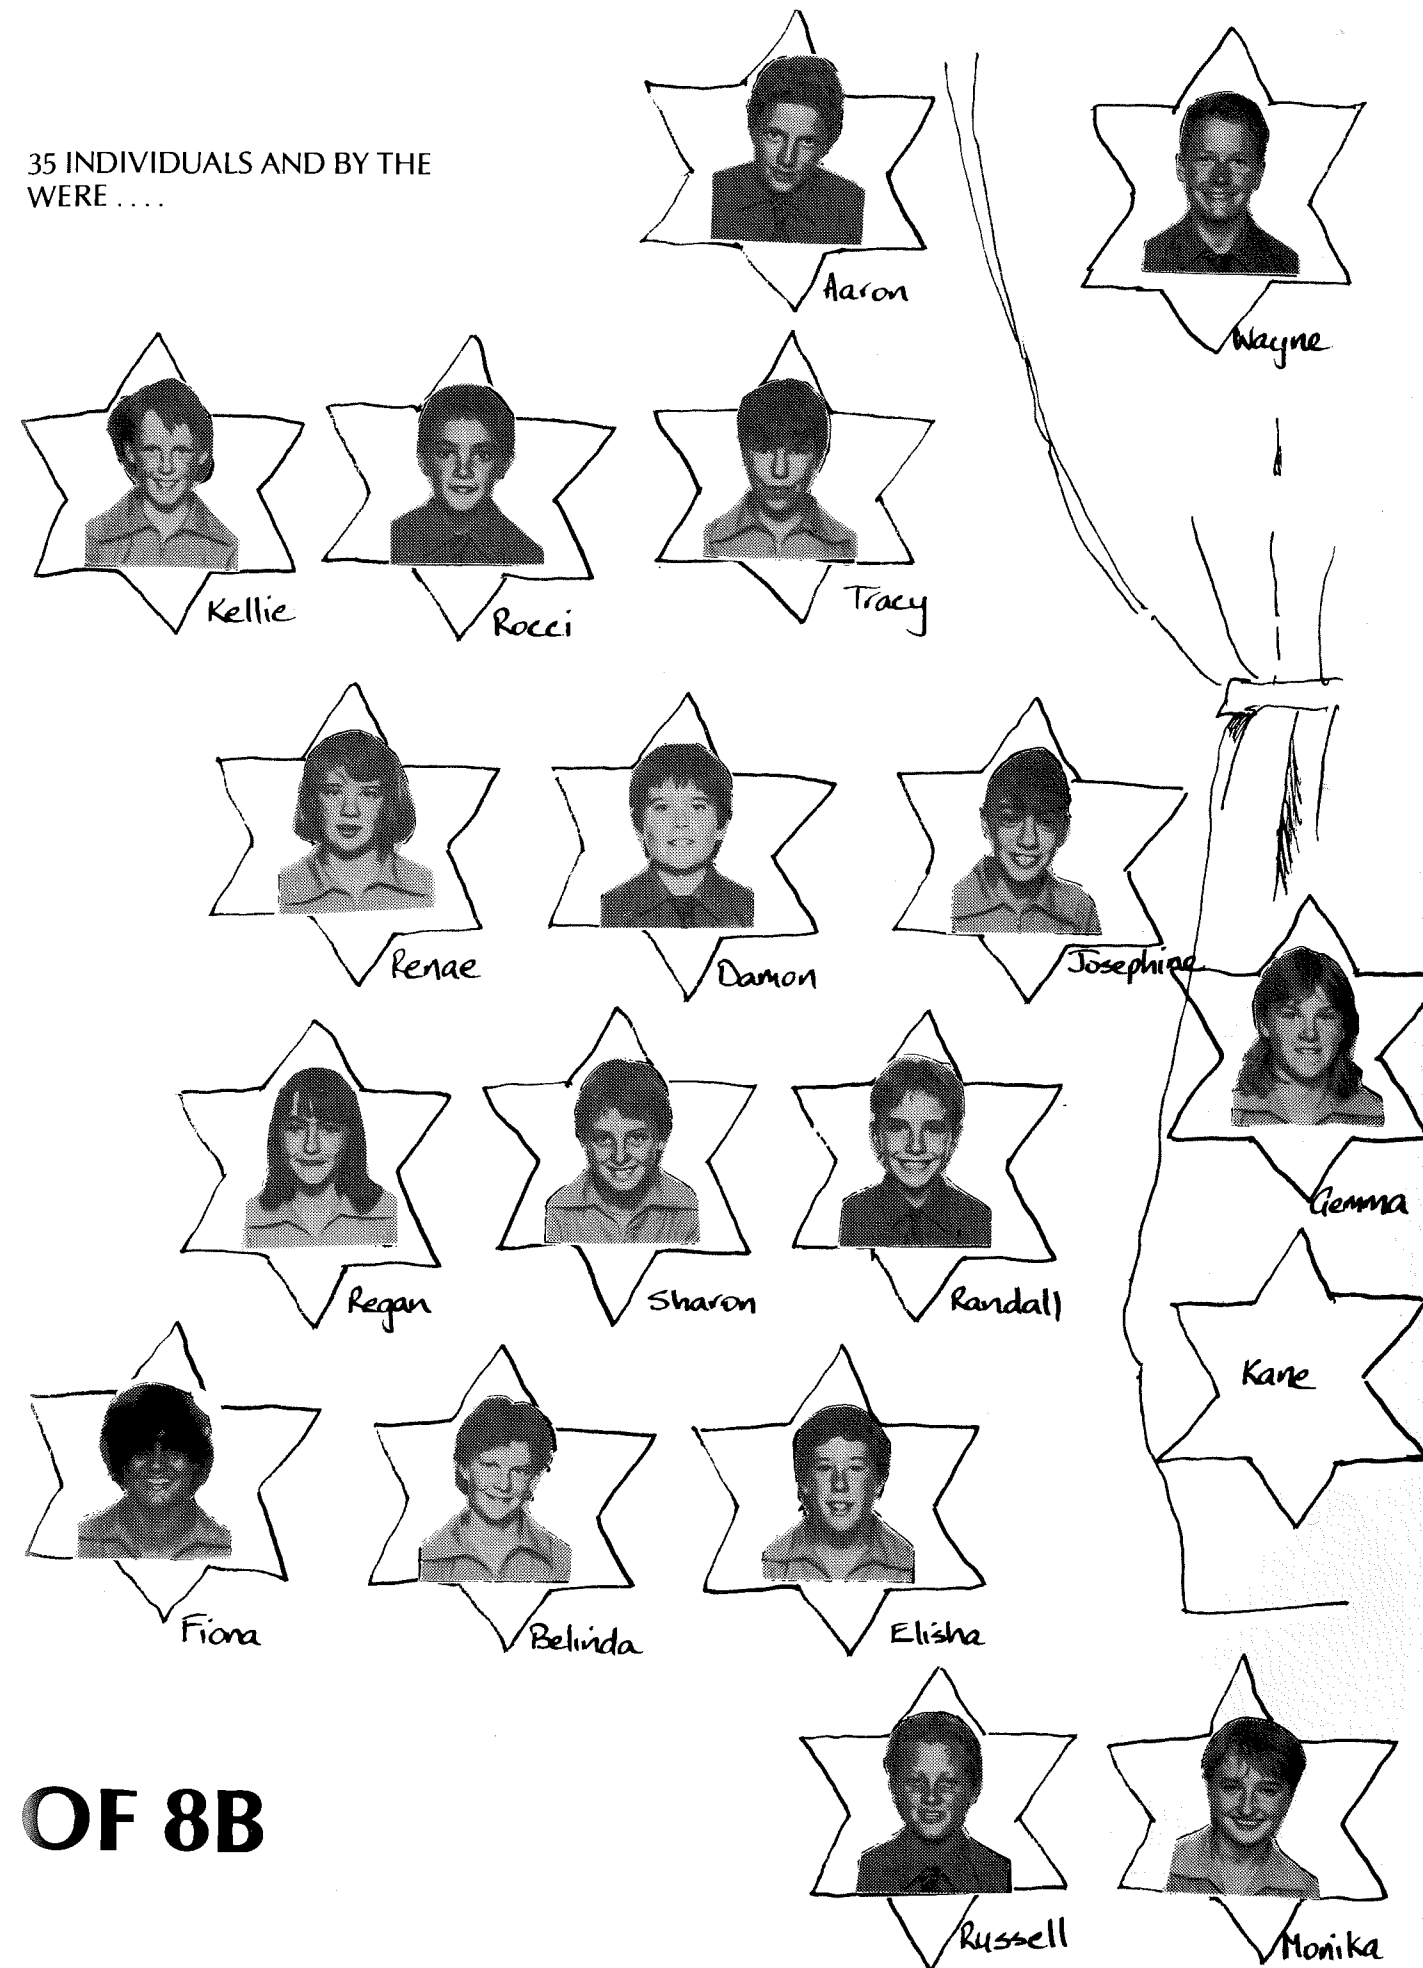

And now were departing
We'll all separate
Bring out the hankies.

8H

Dear ?, To my?, Naah ... G'day? yeah that'll do.

G'day, I'm Adam Strelein, a member of the greatest class, 8H! I admit we've had our up's and downs, but other than that we are the 'best'.

Over the last 9 months, we've done a fair bit of work. Some of the topics have been quite enjoyable. Puppetry, experiments, art and craft and a lot more, but, as we expected there's been a lot of hard yakka. I mean, it does us a lot of good academically, but other than that there's nothing worse than coming to school on a day that's already off to a bad start, and doing something like Ancient Rome, Greece, Egypt or BALLROOM DANCING!!

In our timetable there's an ugly thing called Day 5. It's ugly because it is one of those days, starting with typing, then maths, maths again, science and science again. To top off a perfectly awful day we've a dose of IS.

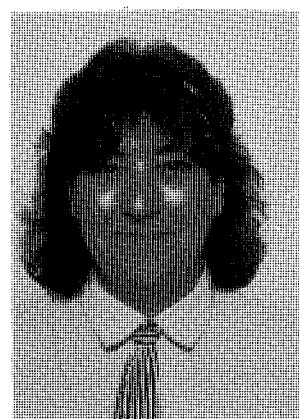

To change the subject completely, I'll go to the classroom itself. It is a boring, standard old room, desks, chairs, lockers, walls, floor and teacher, but then there's US! The brilliant 8H kids! We're a great bunch, we're happy, we help each other, nobody's against anybody, and we have a great class spirit, the most important part of a good class...

... Gee, that wasn't as hard as I thought — signing off — 8H.

The time is 8.50 a.m., the place is the Classroom of 8C.

"Okay, folks, that'll do! Come on folks get yourselves organised."

The commanding figure of Miss Calleja sits perched on the edge of her desk, pencil behind her ear, as she surveys the disorganised chaos of her classroom.

"Okay, year eights, sitting down please. Listen to the notices please."

Miss Calleja runs quickly through the notices with occasional interruptions from the amazingly intellectual members of 8C.

"Miss Calleja, what was that?"

"Miss Calleja, did you say my name just then?"

"Miss Calleja, can I take the lunches over now?"

"Miss Calleja, are you reading the notices right now?"

The voice of Miss Calleja booms out over the noise of homeroom chit-chat.

"OKAY FOLKS! THAT WILL DO."

8C sits down, mouths shut, in subdued silence, waiting for the bell.

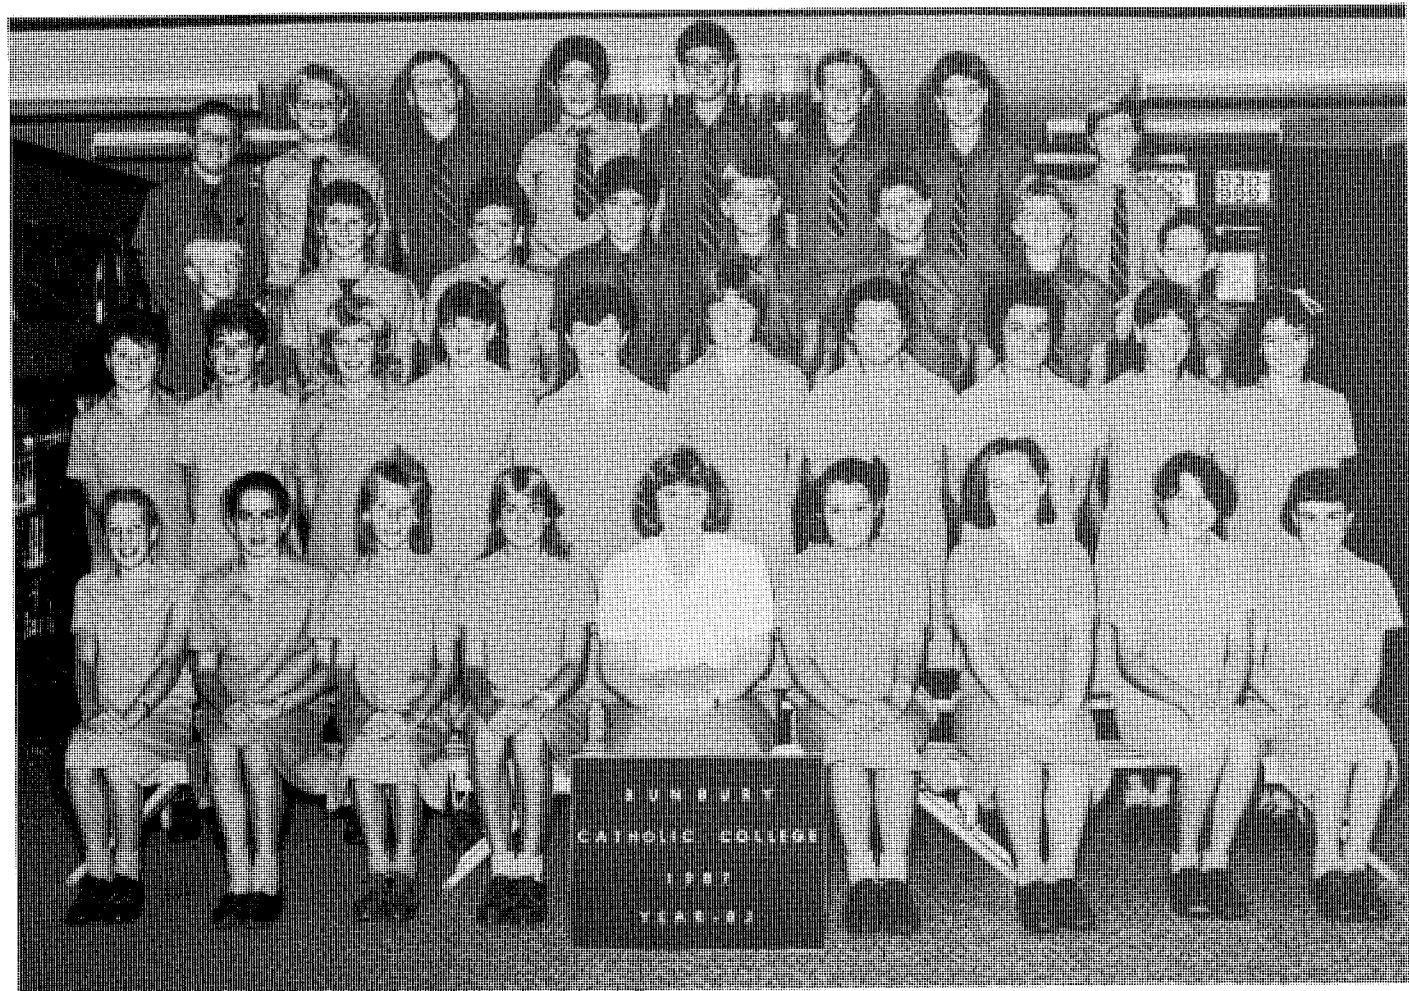

Riiiiing!

"Okay folks, have a great day."

The class of 8C shuffle, shove and push their way out of the rather undersized door and into the outside world of Bunbury Catholic College.

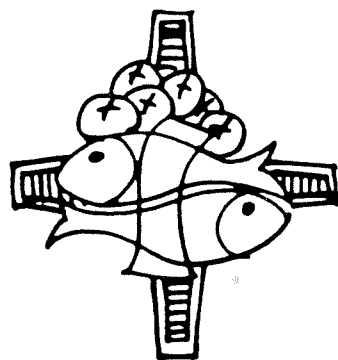

Look out world, here we come!

Miss Johnston

We're here to write about a teacher from the College,
 Who has indeed quite a bit of knowledge,
 She always tells the whole class off,
 but then begins to laugh and cough,
 She tries to tell a joke now and then,
 But the class never laughs at them,

I s'pose she isn't all that bad,
 It's just the times when we make her mad,
 So don't be depressed if you get her next year,
 Just don't get her mad and you'll have nothing to fear.

Anthony COMMISSO, Todd FALCO

Johno's Diary

This class is driving me up the wall,
 They make me feel as if I'm small,
 There goes Jy combing his hair,
 Trying to look cool like Fred Astaire.

Here comes Cathy laughing herself insane,
 While Chris is trying to enlarge his brain
 Tania is quiet,
 Unlike Neil and Vance who are always
 causing a riot.

Kim and Cameron are the best of mates,
 While John is searching for another date.
 Danielle has popped out of her shell,
 Todd Payne is giving me nothing, but hell.

Cosi and Todd are throwing things,
 While Brad is inventing a scientific spring,
 Sam is excellent at yelling in drama,
 While Anita's looking up the word llama.

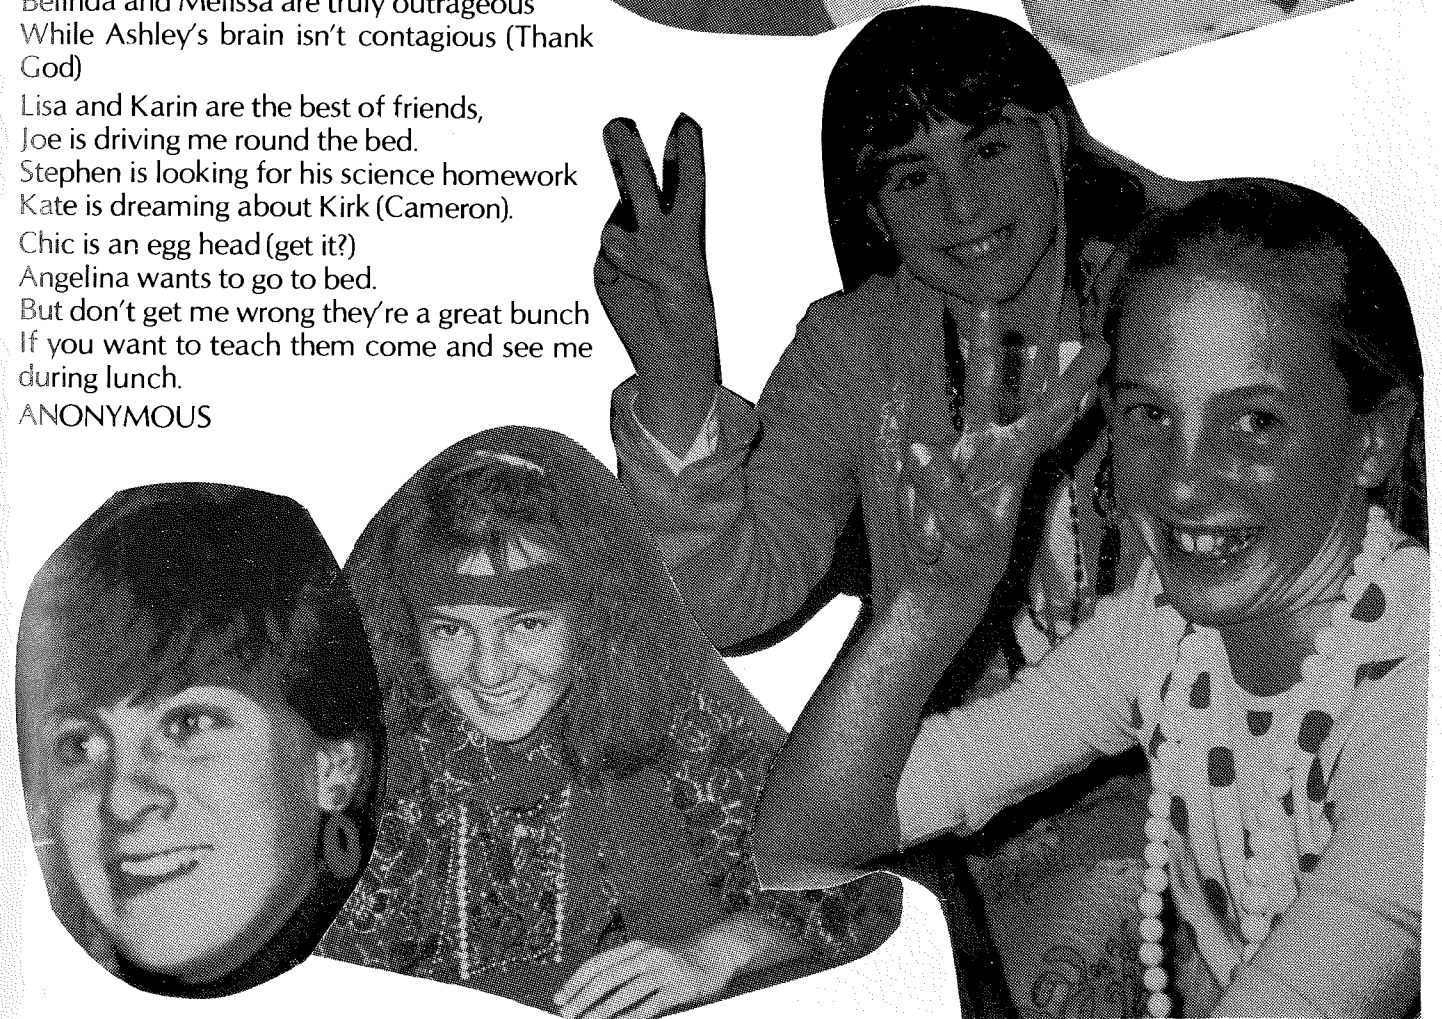

Carl and Joanne are the redheads of the class
 While Sharon never fails but will always pass
 Tasha and Lara are trying to sing,
 While Fiona is trying on her new ring.

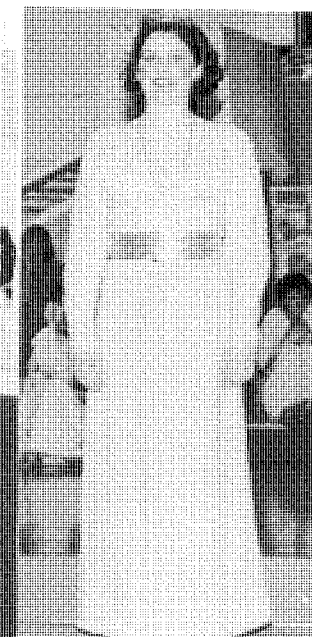

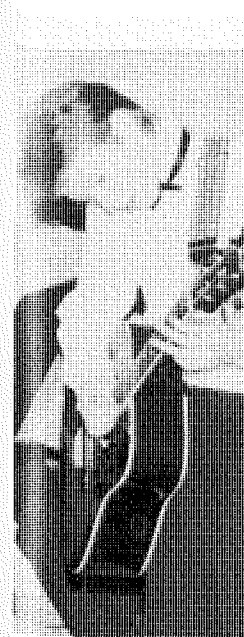

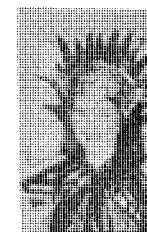

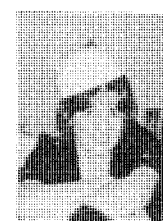

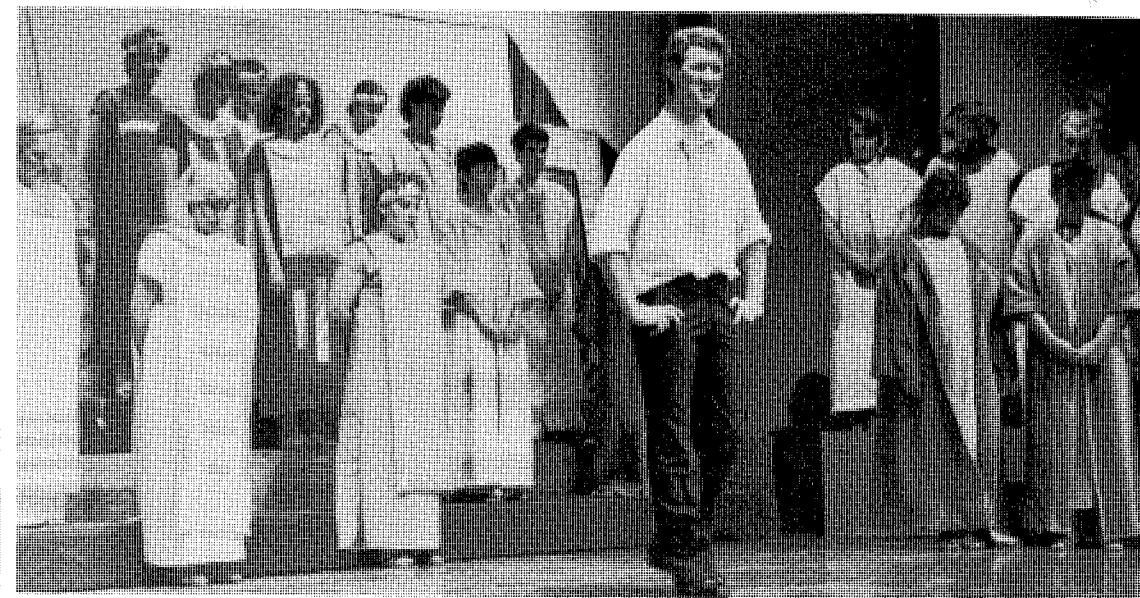

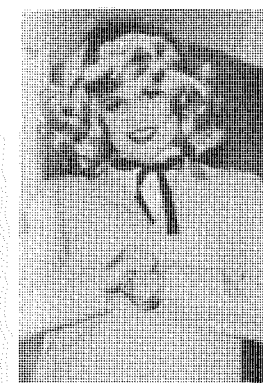

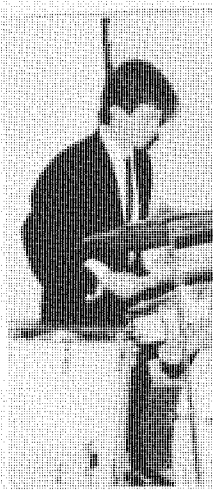

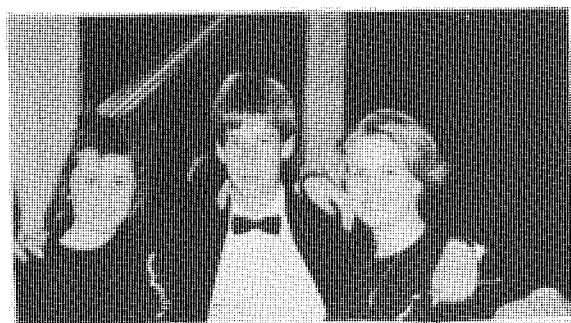

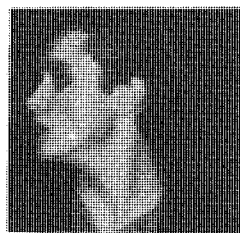

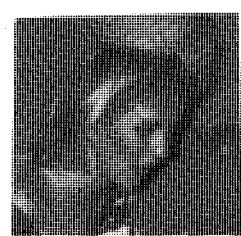

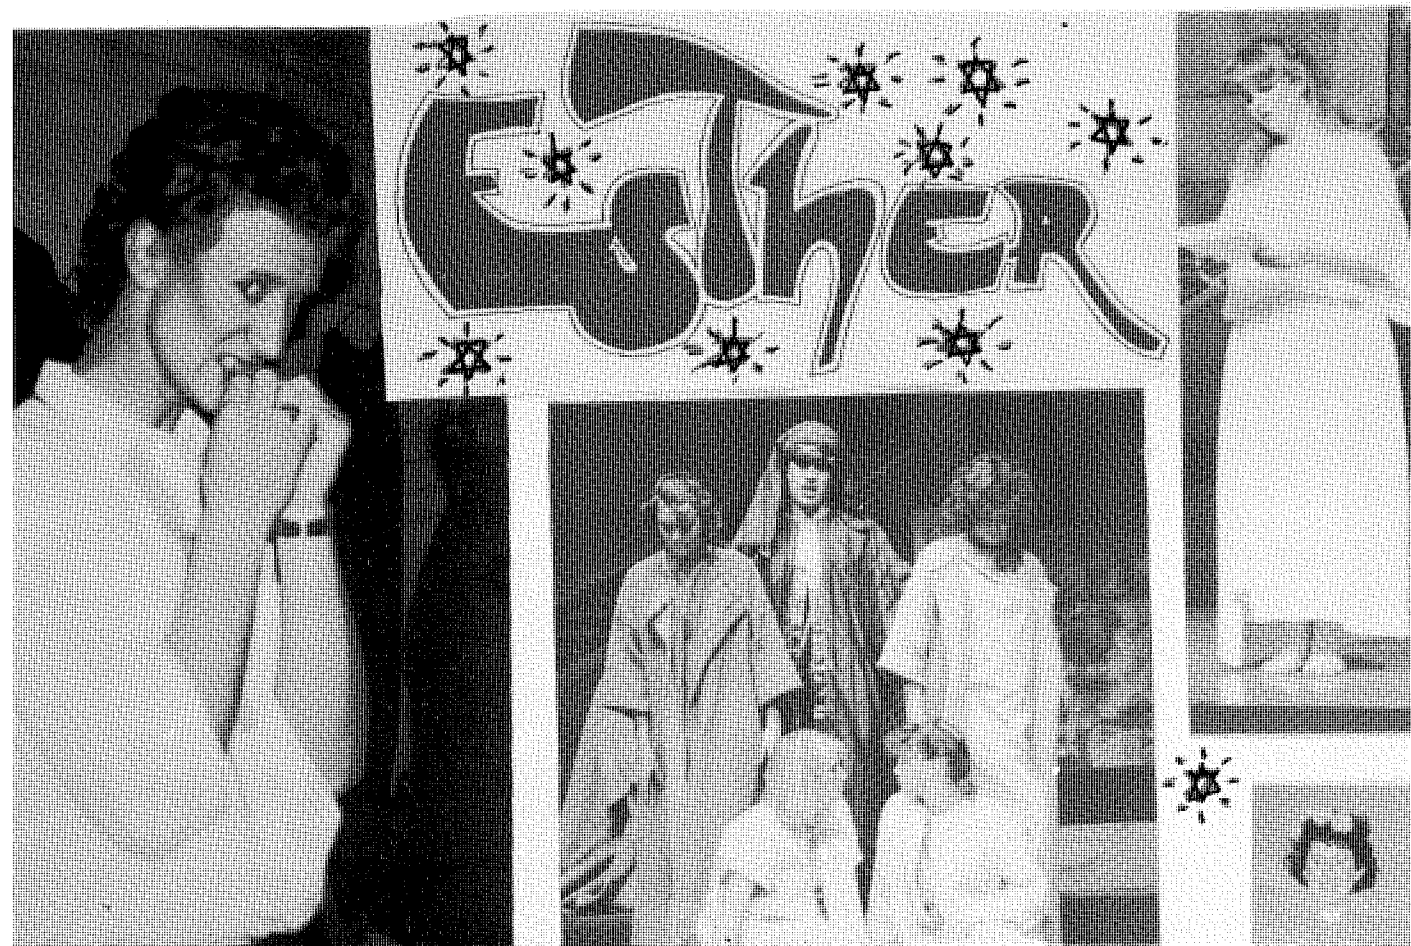

Rosetta is always trying hard,
 While Michael is trying to fatten with lard
 Belinda and Melissa are truly outrageous
 While Ashley's brain isn't contagious (Thank God)

Lisa and Karin are the best of friends,
 Joe is driving me round the bed.
 Stephen is looking for his science homework
 Kate is dreaming about Kirk (Cameron).

Chic is an egg head (get it?)
 Angelina wants to go to bed.
 But don't get me wrong they're a great bunch
 If you want to teach them come and see me
 during lunch.

CAPTAINS

TO ALL MARCELLIN PEOPLE:

We would just like to thank you for a great year of competition and for showing a high degree of sportsmanship, especially in your swimming and athletics carnivals.

You made our job very easy by being so willing to enter events, when we were stuck for competitors. We wish next year's Marcellin Captains all the very best, and the best of luck . . . BUT! Remember, give us water and we will win every time!!!

Your 1987 Captains,
Nicki VANDERLOOP and Derek MARKWELL

SWIMMING '87

Well, the B.C.C. swimming calendar for 1987 was not as jam-packed as in recent years but still as successful.

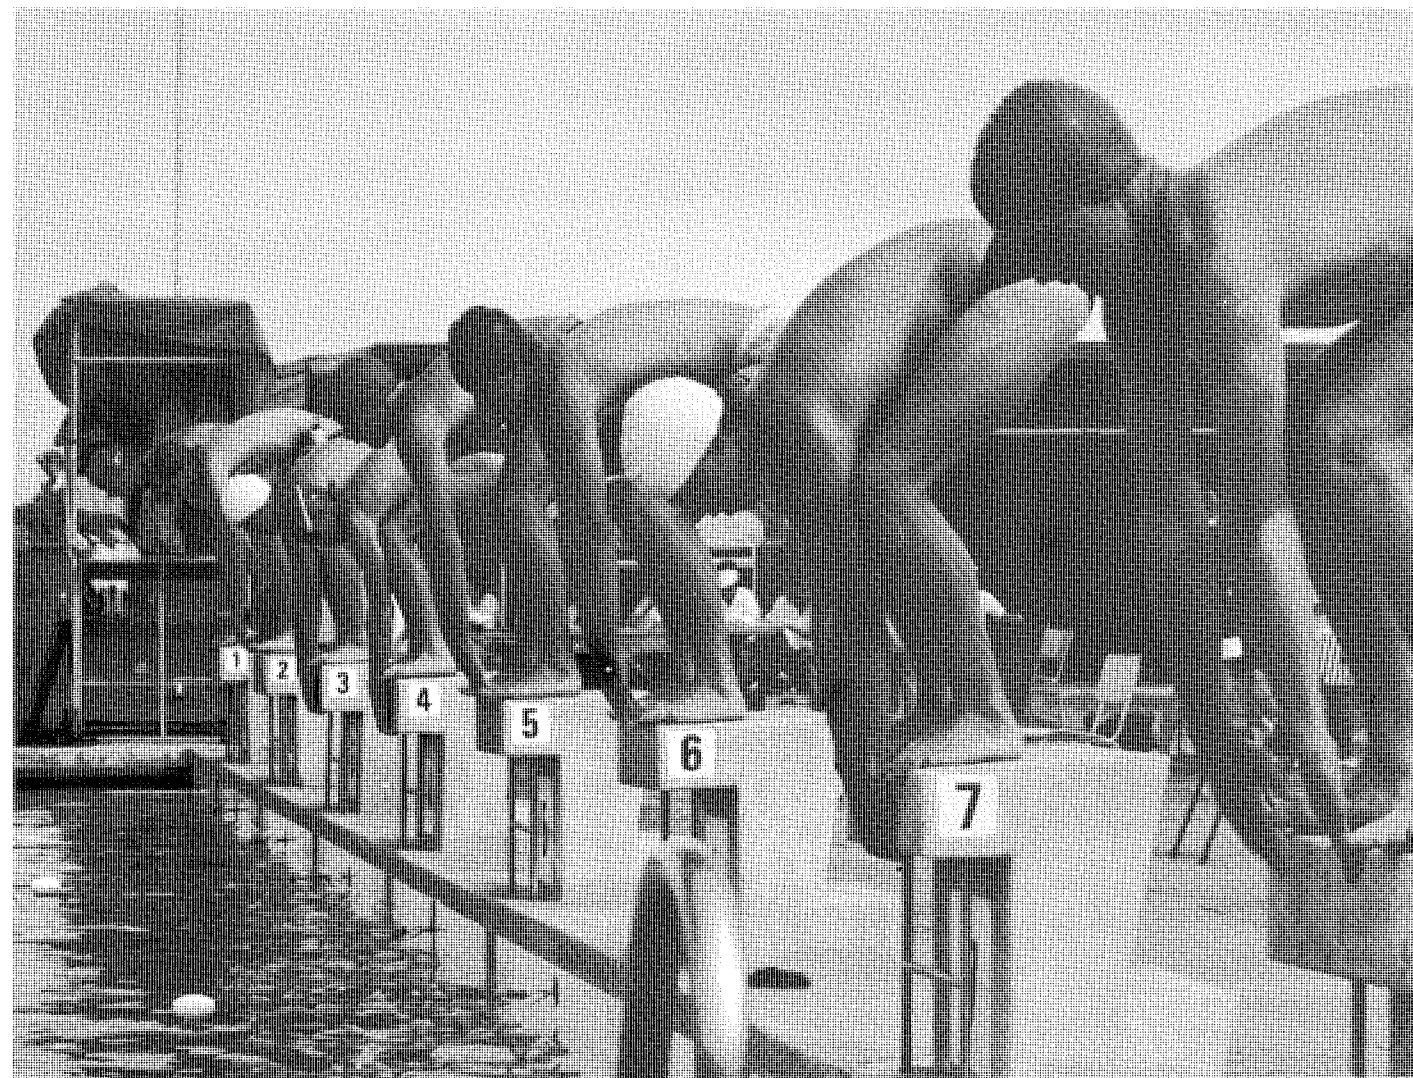

Marcellin proved they had the muscle in the water, to become the victors of our Interhouse swimming carnival for 1987. Erin once again proved she had the muscle out of the water, trying to make everyone else in the Xavier faction make as much noise as possible in cheering on their team. She managed to complete her task but unfortunately this didn't win them the trophy, however, it did create a good atmosphere as cheers rebounded from one side of the pool to the other.

Our Interschool team was then selected. The other Bunbury schools, knowing what good form we were in, didn't even want to compete against us in fear of humiliation once again. This explains our not so full calendar for '87.

The talents of our swimmers then travelled to Perth to compete against the Associated Catholic Colleges. The boys were as always thrilled to jump in to their speedos and show them off, while the girls looked stunning in their low cut 1950 style swimsuits, the colours of dark green and red complementing the look. Just like the other competing schools we actually looked like a team!

Unlike the time in Bunbury, there happened to be other schools competing just and even more talented than us. Our nerves then began to show. Nevertheless, we were still successful in gaining places in the first three and also in the aggregates for different age groups. Even though our cheer squad drowned among the chants of the other schools, our swimmers still tried as hard as possible not to, proving a fun day all round.

JUNIOR 'A' GRADE HOCKEY

This year saw the Junior 'A' Grade (B.C.C. 1) competing for their fourth successive premiership, and the first 'A' Grade title for many years.

The coach and team would like to thank the parents and all those students who attended the game and supported the team.

The team was led by coach Chris Jackson (Jacko) and backed up by Mr. Michael Demarte who assisted Jacko in coaching. The team consisted of Warren Drew, Todd Davies, Chris Purcell, Alistair

Jones, Justin Meyza, Jason Turner, Matthew Muir, Nathan Ryder, Luke Norton, Warren Andrews, Stewart Shaw, Brad Demarte, Joe Cosenza, Greg Zolnier.

Next year sees the instigation of an Under 17's competition and the side will stick together to attempt to win their fifth premiership in succession.

The team has decided to award some of the players for memorable events occurring during the season.

COLLEGE HOCKEY

B1 TEAM

Our B.C.C. 2 hockey team did quite well this season, but next year we will do much better in the new Under 15 division.

Our fantastic 14 players are:—

Darren Demarti the brilliant fullback
 Michael Wong dashing right winger
 Robert Banks our dangerous centre forward
 Matthew Birmingham our very skilful player
 Elliott Reid our inner player
 Andrew Dillon our daring, courageous left winger
 Matthew Martella genius player on half back
 Justin Drew best goalie in division

Our B1 Team.

Our B2 Team.

B2 HOCKEY TEAM

In our first year of playing hockey for B.C.C. we won two games for the season. We had a few new recruits that improved throughout the year.

Our goalie Matthew Stack went through trying hard with his Dad at his side at every game. Our team reached the semi-finals and lost by one goal after Ross Colton scored the first goal in the second half; our next goal came late in the second half through a penalty flick by Adam Colton. Arran

Tim Cunningham our well missed player
 Mark Jordan fantastic newcomer player
 Ben Mardon encouraging player
 Benn Bott skilful player
 Matthew Wardle strong half back player
 and last but not least:

Novak DeJong weird and crazy full back

Our one and only winning game was against Burnbury High. We beat them in a hard fought game by 3 goals to 2.

To sum up the season, it was fun and enjoyable for all who participated.

Turner played very strong in defence.

Our thanks go to Jason Brittain our coach for the season, who worked hard with us throughout the year improving our hockey skills.

Our team had a very nice wind-up at the South of the Border Restaurant with the highlight of the night James McDonald walking into the ladies toilet mistaking it for the mens.

I think all the boys loved their year of B2 hockey.

COLLEGE NETBALL

COLLEGE 1

In their final year of playing netball for the College, the Year 12 C1 team proved themselves to be unbeatable! Their dedication to the game, plus their ability to enjoy the sport, found them a place in the finals.

The nailbiting one goal win in the grand final against P.C.Y.C. proved the girls determination and skill.

Special thanks must go to all their supporters, but especially to Mr. Cross for his unflagging energy!

COLLEGE 2

(L to R): Katrina SYKES, Kristy ATKINSON, Fiona DELLASALE, Kylie FALCO, Palma MILETTO, Rafaella PAPALIA, Tracy HOGENDOORN. Absent: Sonyia MITCHELL.

The team spirit of College 2 was the best you could hope for, full of encouragement and friendship, backed up by a great coach in Mrs. Falco.

It could honestly be said that we had a very en-

joyable and successful season, our team entering the grand finals in a very hard and well played game.

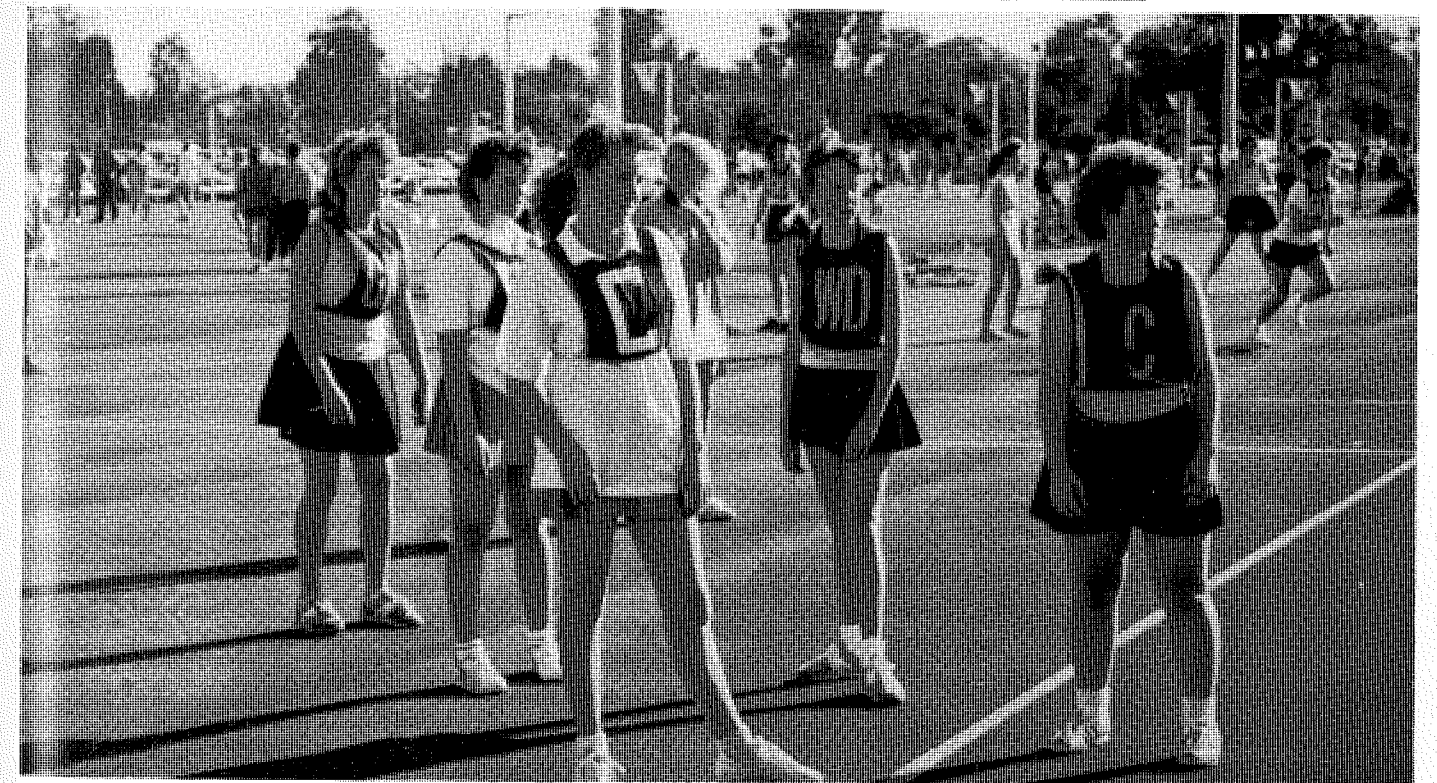

Congratulations College 2. See you all next year!

COLLEGE 3

College 3, a netball team that B.C.C. should never forget. College 3 are a team of great spirit and excellent sportsmanship.

They played a great season of netball but were unfortunately that they lost against College 2 by 1 point in the final. It was a season of team spirit where all the girls in the team encouraged each other to do well.

No doubt the girls would not have done so well without the professional coaching of Julie Gardner, Karen McRobb and Sara McRobb. Well done girls for an excellent season.

CROSS COUNTRY

On the 5th August, Bunbury Catholic College started their cross country season with the event of the South West High School Cross Country at Harvey. The day proved worthwhile with the College gaining many top positions by Caroline Bartlett, Cathryn Turner, Tammy Smith, Emma Cross, Dean Radovic, Rodney Ashwell, Jim Cross and Steven Standish.

A week later on the 12th August the College held its inter-house Cross Country. The team was selected

THE MARIST CRICKET CARNIVAL

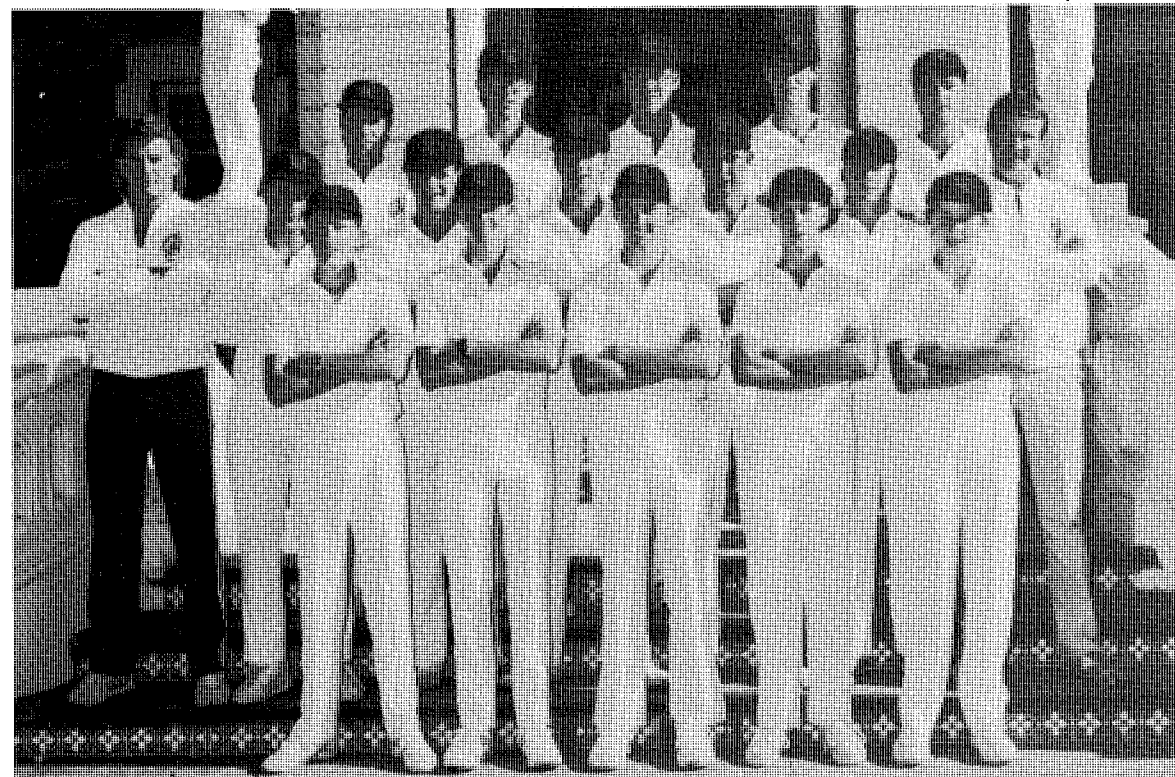

South Australia — Sacred Heart College

That record score!

Our ALL STAR players for the Marist XI and their proud coach.

The 1987 Bunbury Catholic College Touring Cricket Side

CRICKET AT ITS BEST

This year the Marist Cricket Carnival was held in South Australia. The host school was Sacred Heart College, who proved very gracious hosts indeed.

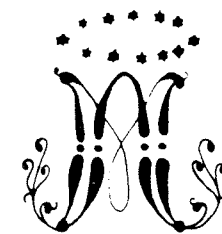

The first day of play was against Ashgrove College. Our team combined well early on, but jet lag set in late in the afternoon, which accounted for a narrow loss.

Day two saw the taste of revenge on everyone's lips, and it was sweet. The opposition felt the wrath of Creasey, Price and Kenny, as they flicked, slashed and smashed their way to a record of 320 runs off the

allotted 60 overs. Some of the biggest sixes were hit on the Sacred Heart Oval, which broke the branches on nearby trees as Steven Price opened his shoulders.

The good form continued on through the carnival as sound scores were consistently recorded. And despite a bowling flaw which accounted for St. Joseph's defeating us by the narrowest of margins, we went on to finish our most successful carnival ever, in third place. Anthony Willinge, Sean Creasey and Chris Miles were also chosen in the All Marist XI.

A fine time was had by all while in South Australia and we are hoping that in Sydney in 1988 a victory may be achieved by our touring side.

FOOTBALL

The Marist Football Club plays a most important role in supporting the values of the College. This season has been no exception with many successes being achieved. The most important of these was the coming together of students, parents and staff.

In terms of football, the boys conducted themselves well on the field. The relative positions of

A game is tough on both players and coach.

the various teams by the end of the season were: —
U/16's — third (the best any of our teams has done at this level)
U/14' (Blue) — sixth
U/14 (White) — Premiers

The club officials, coaches and managers are to be especially thanked for the enormous amount of time they freely give to the running of the club.

C.I.G. FOOTBALL

"College has chance of place in history."
 "College makes history."
 "College giant killers."

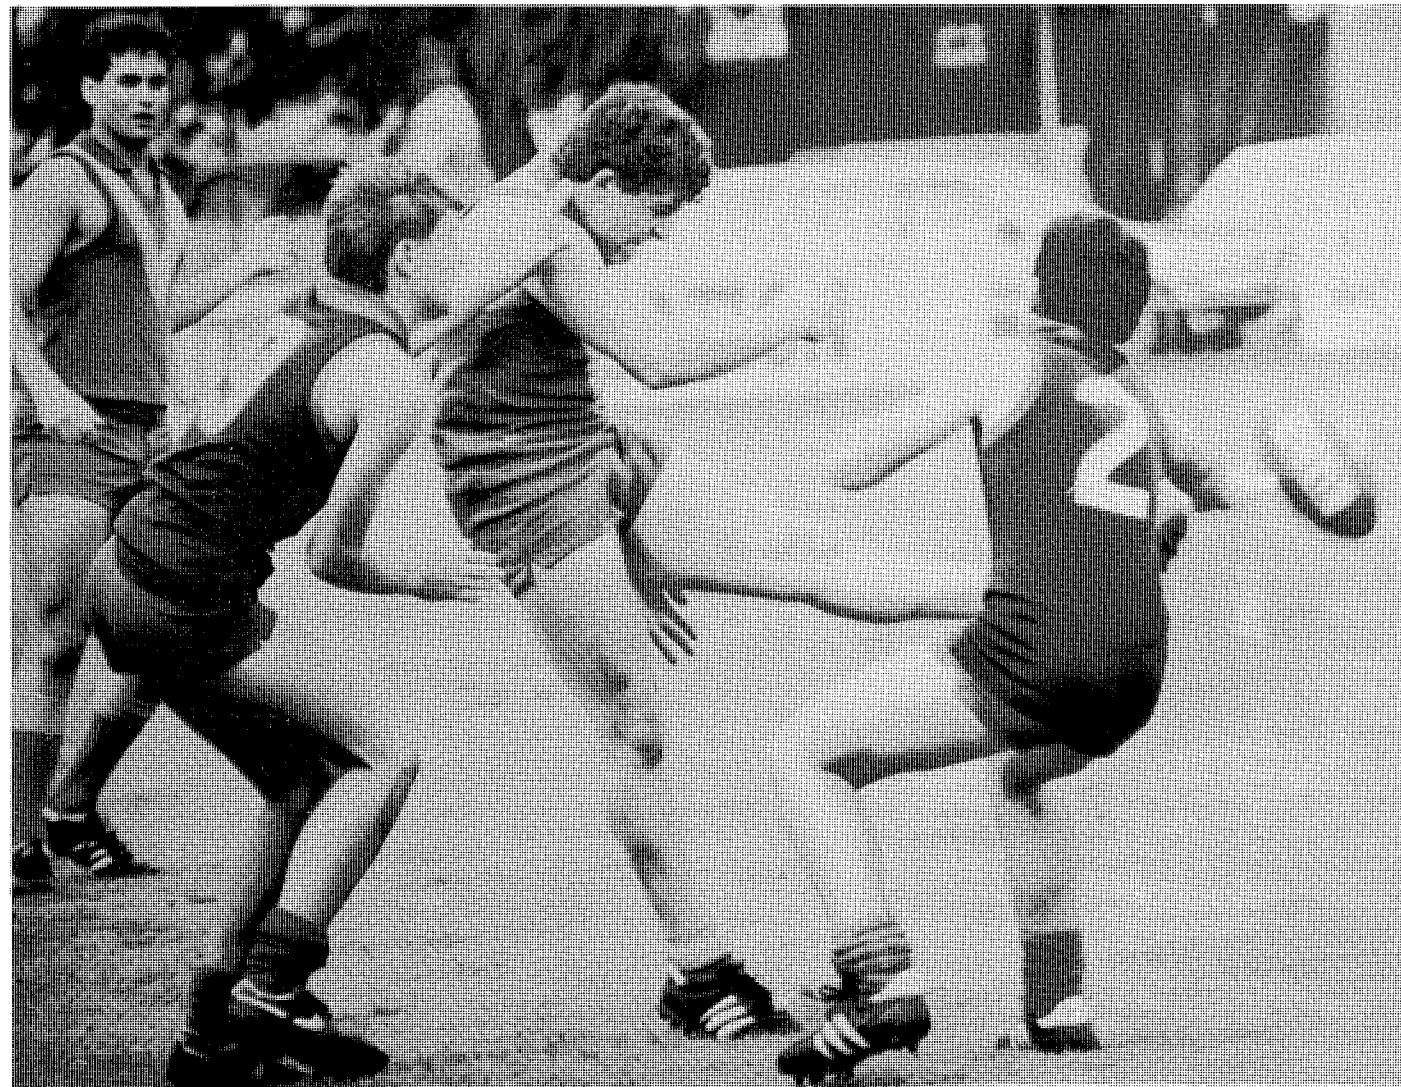

These were just a few of the statements made by the media about our C.I.G. footy team.

We played 8 games before we were defeated by eventual champion Trinity College. The teams we defeated were Grammar, Bunbury High, Collie High, Pinjarra High, Saint Joseph College Albany, Belmont High and Mirrabooka High. We had to do it the hard way as you can see, but some Perth teams had only 4 or 5 games.

There were many great individual efforts with Ern Sharpe being named Swan Districts player of the series. We played as a team and that's why we reached as far as we did. Credit must go to coach Mr. Murphy, who was the only Principal to coach in the competition, for getting us into the right frame of mind for each game.

So, after two years of being knocked out in the first round, we had made history by being the first country team to make the semi-finals. Hopefully next year we could go one better and make the grand final.

So from 99 schools we are third best in the state.

Trinity's Robert CAPOBIANCO rushes a kick while Ernie SHARPE and Robert IETTO apply great pressure.

HOCKEY

GIRLS TEAM

This year to finish in 4th position was a great achievement for the girls hockey team, compared to bottom of the ladder in 1986. Much of the credit is due to the three coaches we had during the year.

We started the season with Mr. Brian John, but due to work commitments he had to move to Perth. We were then coached by Rhonda Bozalli and Lyn Gell. The experience with these two coaches was a valuable one with Rhonda being an A Grade goalie and Lyn having attended state coaching clinics.

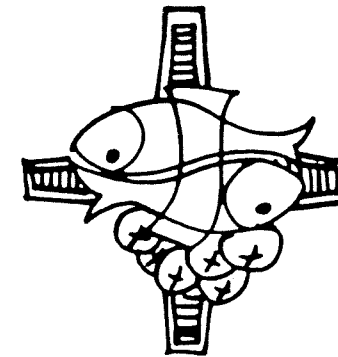

Our '87 team was captained by Jane Meehan who did a great job. Fairest and Best was won by Jane Meehan, who also achieved 3rd place in the Association. Runner-up was Sandra John and the coaches trophy was won by Simone Gray.

Although we only made the semi-finals we achieved a great deal and had fun playing as the 1987 BCC Girls Hockey team.

All the girls would like to thank Mr. John, Rhonda and Lyn for their time and dedication.

YEAR 11 PHYSICAL EDUCATION STUDIES

P.E. Studies was introduced into the Year 11 B.C.C. system in 1987. In this course 11 people started with two leaving midway through the year. The 5 period cycle was divided up into three theory and two practical periods. In the practical periods, several sports were covered, such as tennis, gym work, basketball and squash. The theory component of P.E. Studies involved fitness, health, body systems, issues in Australian sports and physiology of exercise.

The sports covered in the practical lessons were learned in greater depth than in the one lesson per cycle of P.E., that all students participated in. All students wishing to do P.E. Studies in the future should have a sporting mind and an interest in physical health. Some conscientious work is required but a large part of the course is recreational and therefore enjoyable.

Birth —
 Spirit steps through Dimensions
 To complete a family tree.

Abortion —
 Spirit lost out of time
 Softly stepping into ours.

Gift of love —
 Rustling paper,
 Child tears off a Big Blue Bow.
 Struggling through sticky tape
 She giggles excitedly.
 Mother sits idly staring,
 As white-clothed men
 Tear her gift away.

Child distraught and desolate
 Crying for her Indian Gift
 Lost —

Aborted.

She falls from the blessed Branches
 Of her family tree —
 Hands holding a Blue Bow.

Post War Landscape

Nuclear shadows unseen in the smoke
 Move in rough remains that once was life.
 Like jesters in a blind man's court.

Before the shadow shone upon the earth,
 The sun caressed all.

(Inadvertently foretelling the shadows)

The dark side of the Moon has come to call.

Blackened shadows move through night and day

Acid rain destroys the food of life

The Ambrosia Garden dissolves

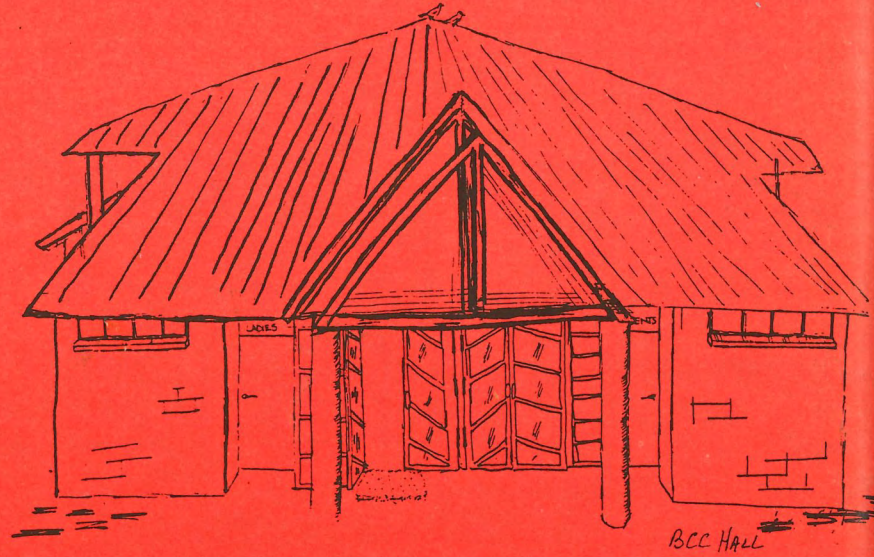

Man has buried himself within
 the universe

He has left no stone unturned.

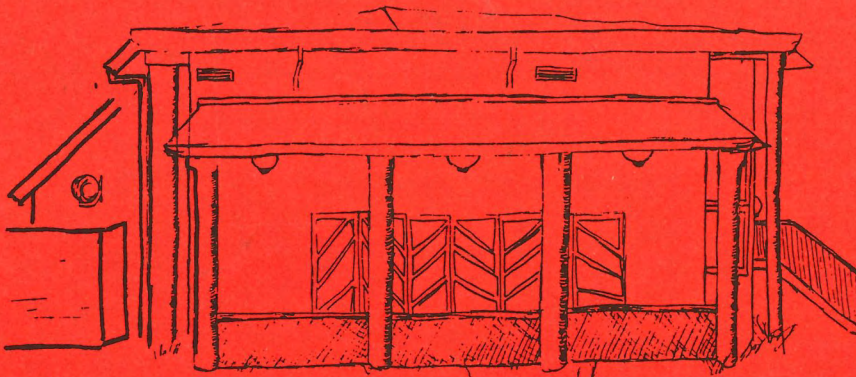

Nuclear shadows dance in darkness
 — Unseen. Unheard.
