

**BUNBURY  
CATHOLIC  
COLLEGE**

**1988**

Happy are those who honour God,  
 sharing his ways.  
 You will work and eat;  
 fun and goodness will be yours.  
 Wife and husband, like fruitful trees,  
 shall tap the intimate joys of home.

Your children shall be like sturdy  
 seedlings,  
 growing straight and tall.  
 That's how it will happen  
 for those who honour God!  
 Happiness will come from his Church,  
 and your worship will be a delight.

All the days of your life  
 you will delight in his growing  
 family.  
 Peace be to God's people!  
 Peace be to his Church!

# PRINCIPAL'S REPORT

**ST PATRICKS CATHEDRAL  
4 NOVEMBER 1988**

My Lord Bishop and members of the College Community: It is my privilege to present to you the Bunbury Catholic College Report for this Bicentennial Year of Australia 1988.

## THE STUDENTS ARE THE COLLEGE

As a Catholic school Bunbury Catholic College must be concerned with more than the provision of adequate facilities and appropriate programmes of education. It ought be concerned with each individual student. A student who is prepared to live by the concepts presented in the psalm that is the theme of this Mass of Thanksgiving. They must be a student who is 'Happy as they honour God!'.  
They are concerned for each other;  
They do prepare themselves to challenge the world.  
To stand tall and straight when it is easier to be weak, bent and hidden.  
To prepare the way for the Lord when it is easier to go the way of the media, the video and the Sunday Session.  
To live their lives to the Gospel values and to give witness to that in their love and care for each other.  
They have started with each other. I hope they carry this love for one another to their lives after their school.

## VALE

Sister Cabrini moves from the College this year and we face the final challenge as a Catholic School now totally in control of our own destiny; the

people of the Church. I thank Sister for her solid contribution to the life of the College, The Religious Education Programme and to her statement as a model of Religious Life.

Thank you Sister Cabrini. May you enjoy life after Bunbury Catholic College.

Father Leon, as Administrator of the Parish of Bunbury, has allowed Bunbury Catholic College a place in his heart. His presence on Campus, his warm welcome to staff and students to the Parish House, his willingness to allow us to test the boundaries have made him a very special priest to us, a very special person. Thank you Father Leon.

## THE CHALLENGE

The challenge of the College to be a sound educational institution has been met by the whole staff.

It has been lead by a self sacrificing group who have been prepared to study, learn, meet, decide and to act. These people are the subject and year co-ordinators. They have taken responsibility for their areas in the College. They are stimulated by Mr Les Fabre our Deputy Principal who is fast becoming recognised as a leading authority on Curriculum Development and organisation in this State.

## PROFESSIONAL DEVELOPMENT

Miss Pat McDonagh is currently studying at the Ecumenical Theological College at Tantur in Jerusalem. This follows my study period at St Columbans Navan, Ireland last year.

These periods of learning ensure the professional development of the senior staff of the College. They keep us fresh, creative and in line of world wide teaching. It ensures the development of the College.

## THE CHALLENGE TO BE INDIVIDUAL

The College Board quietly and efficiently managed the administration of the College this year. The Parents and Friends were similarly active. The College is fortunate to have strong leadership of these groups in Mr Danny Harris and Mr John Tanner. I challenge the rest of the parent body to be involved. Don't leave it to the few, even if they do it very well.

Parents take responsibility for your College, and be physically and actively involved.

## LEAVING CLASS 88

I thank the Leaving Class of 88 for the positive leadership they have offered

the College. Above the routine of day to day academics they have met the Queen. They have entertained the Minister of Education Dr Lawrence and the Director of Catholic Education Dr Tannock. Well done Class of '88.

## No. BECAUSE IT'S WRONG

They have been a most involved group to the point of challenging the shades of grey of the Catholic Church so I leave them with the words of Ted Koppel.

"We have actually convinced ourselves that slogans will save us. Shoot up if you must, but use a clean needle. Enjoy sex whenever and with whomever you wish, but wear a condom. No! The answer is no. Not because it isn't cool or smart or because you might end up in jail or dying in an aids ward, but no because it's wrong, because we have spent 5,000 years as a race of rational human beings, trying to drag ourselves out of the primeval slime by searching for truth and moral absolutes. In its purest form, truth is not a polite tap on the shoulder. It is a howling reproach. What Moses brought down from Mount Sinai were not the Ten Suggestions."

## MISS McDONAGH GOES TO ISRAEL

On the 15th August as a College Community, we celebrated a mass at St Patrick's Cathedral. The Mass was held to celebrate the Feast of the Assumption, and to farewell Miss Pat McDonagh, as she left for her long service leave.

Fr Leon Russell, celebrated the Mass, in honour of Miss McDonagh, and blessed and prayed over her, that she would return back safely to B.C.C. in 1989.

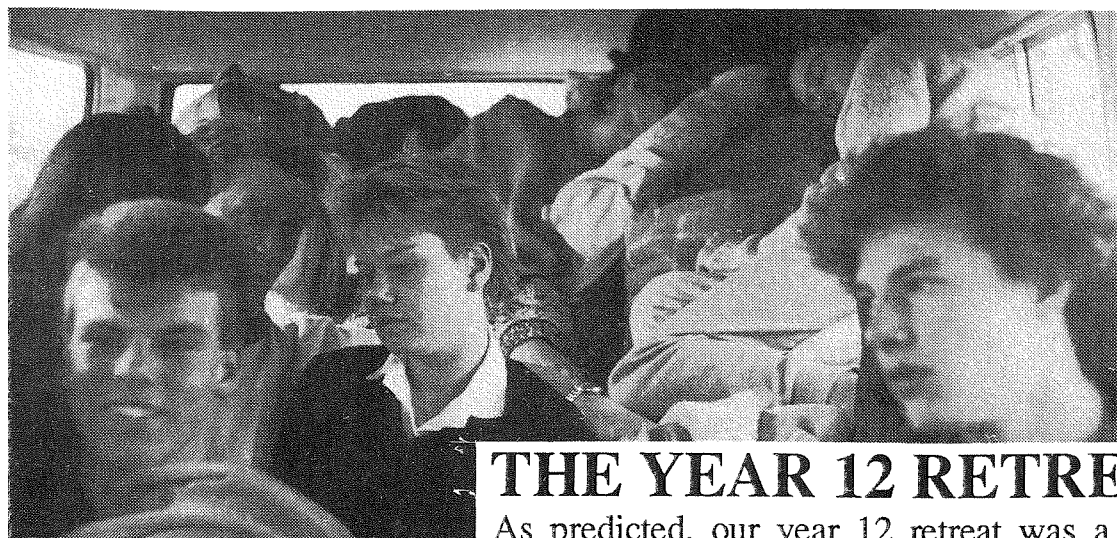

Miss McDonagh left on the 19th August for Israel (where she will be until Christmas). While in Israel, she will be doing an "Ecumenical Course for Theological Studies", broadening her knowledge and faith. After this, she will be visiting relatives in England, before returning home for the 1989 school year.

Miss McDonagh, has been instrumental in guiding many students, over the years, both on a personal and academic level.

We hope she returns, safely to B.C.C., full of new ideas, which will prove valuable to her students.

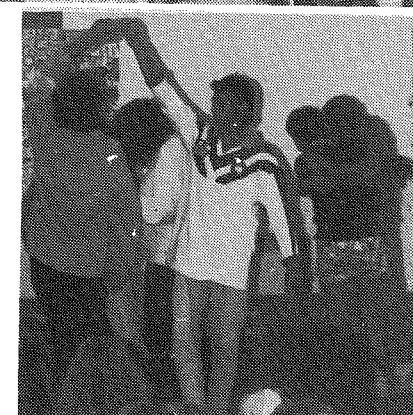

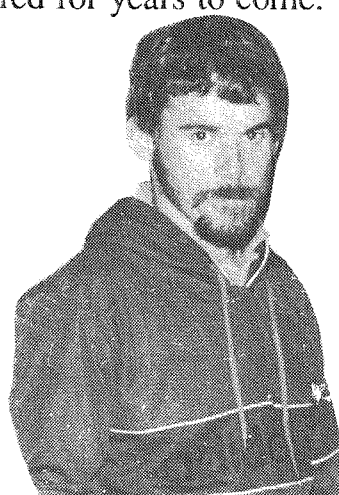

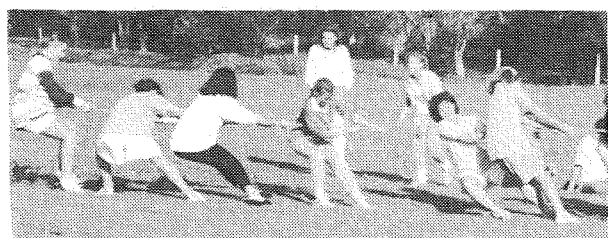

## THE YEAR 12 RETREAT

As predicted, our year 12 retreat was a wonderful experience that only happens once in a lifetime. It started off well with Minnie trying to pick up some Mandurah thugs driving round Mr Browning's bus during our lunch break. The rain that greeted our arrival was a forerunner of the catch-phrase, "Anyone got a dry pair of socks?" followed by, "Has anyone seen where I left my clothes?" The dorms were unreal, literally, as Aaron found window planes do 'float' out of louvres and smash on the ground. (all by themselves!!!!). Craig had to leave to attend his grandfather's wedding while Maria and David had their's in private. The food during the retreat was excellent, considering the amount of intoxicating beverages contrabanded into the kitchen, (not by us....but we tried....). Our Mass was indescribable, and you really had to be there to understand the emotions involved and expressed with kleenex reporting a 10% increase in tissue sales. It was terrible at the end of our retreat to break up and come home, though at least we had months of school ahead of us before the BIG breakup. The greatest week ever? Yes, and something to be remembered for years to come.

## This song from the camp sums up many aspects of our Year 12 retreat

I know a guy and his name is Murphy  
He's the boss and he's really girthy  
He's not good looking - no way mate,  
But I like the way he pulls his weight.

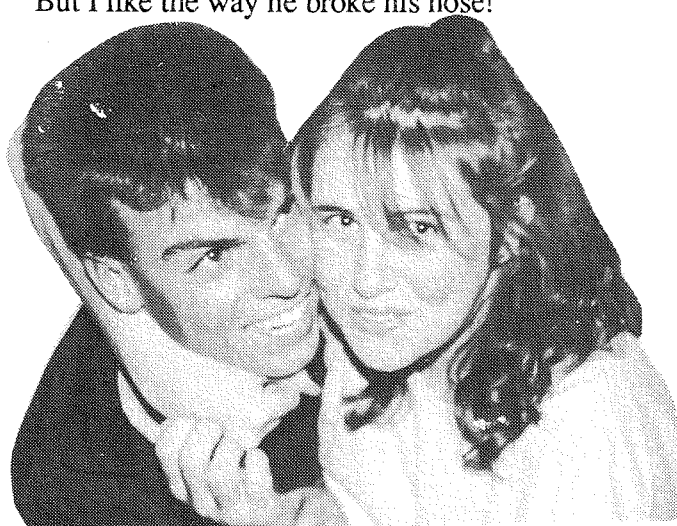

He's got a deep voice that's really rough  
And when he's mad he's super tough.  
He went to Ireland in '87  
And when he dies he's gonna go to heaven.

I know a guy and his name is Hissey  
We all know he's not a sissy  
He went absailing (without a rope)  
He flew so high, we think he's a dope.

He wears band-aids and antiseptic.  
He sleeps a lot and man-o-man.  
He blows blue flames which burn his back-side  
And he doesn't give a hoot about the hole in the roof.

He climbed the wall to get the ball.  
But the roof gave way and he had a fall.  
Grab the pole, hit the deck  
Good one mate your a bloody wreck.

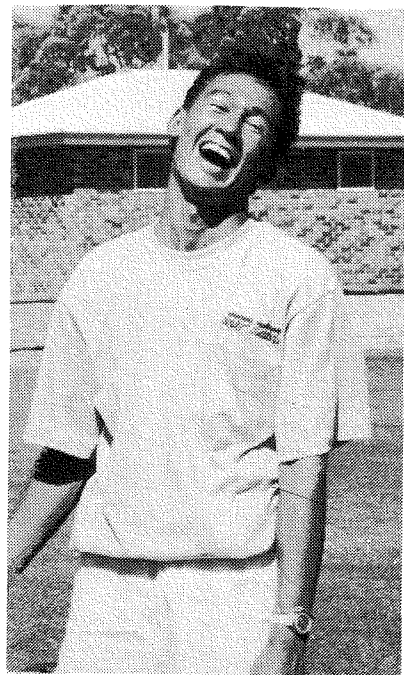

I know a guy and his name is Ed.  
He's a real mean dude cause he makes us go to bed.  
He's not good looking, heaven knows,  
But I like the way he broke his nose!

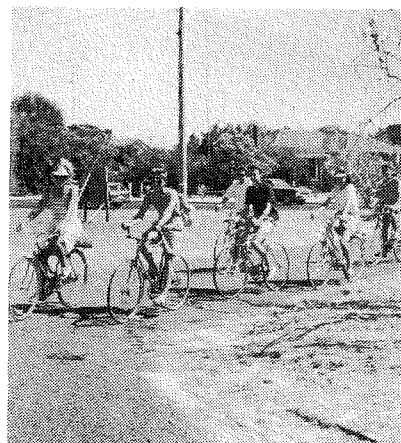

Me on a bike??

Where's the finish?

Now Les, I know you didn't win...

## Year 12 Leadership Day

On the second Friday of school, year 12 had their first get-together as a year group. We started with an early morning Mass at St Mary's and then we rode to South Bunbury Football Club for breakfast. Games followed that involved trust were carried out on the oval, to warm us up for the day.

The next set of activities took place at the Surf Club beach. A number of problems were set before small groups. One of these is shown by the top left-hand photo. Everybody was inside the 'electric' fence with a wooden plank. The problem was for everybody to get out! The photo shows one of our strategies - to launch Jason over the top. These activities required

immense brain power, so needless to say, we all coped easily!

In the afternoon, we had a bike rally with clues that led us from St Vincent De Paul Nursing home, to the race course and everywhere in between! We finished at the school, where everyone crashed on the Brother's lawn.

Overall, it was a great day, with everyone participating to their fullest capability. The feeling was one of unity, which we carried through with us for the rest of the year. Thanks to Mr Taylor and Staff.

## A TEENAGER'S CREED

I believe in God and goodness with all my heart and soul,  
But of things like death and hunger,  
I really do not know.  
I hear of miracles of the sick, the poor and the sad.  
Who could not believe in God with proof such as that.  
Storys told so simply here in this large room.  
Filled with the Faith of teenagers just starting to bloom  
Story of the simple things  
the sun the moon, the stars  
of luck and love and lives that  
once seemed oh so marred.  
But now they shine so brightly  
with gold holding up the light.  
Who could not believe in God with  
people oh so bright.  
They help the unbeliever with  
God to guide the way  
Who could not believe in God  
with every single day  
for the sun, the stars the moon and sky  
They truly show the way.

## A PAST, NO FUTURE.

A past, no future  
the man that has no face.  
All day sitting alone on the bench  
With the gulls as his company.  
The bread he brings gains their friendship  
But too soon it is spent.  
Leaving him to gaze into the distance,  
remembering times left.

A past, no future.  
The man that has no face.  
Looking out of windows.  
Watching cars go by.  
Ordering meals on the phone  
For the waiters to bring it.  
But after meals he is alone,  
remembering times left.

A past, no future  
the man that has no face.  
In his bed he lays,  
Playing patience on his lap.  
Only the nurse changing his sheets  
As the company he gets.  
Ace, two, three, four, sitting,  
remembering times left.

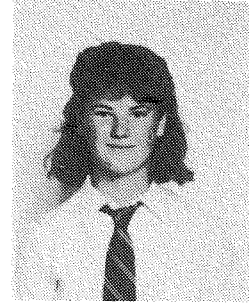

All past, no future  
three men that hve no faces.  
Like all the old, lost  
their children to the process of maturity.  
Left to live always done.  
No visits, no friendship, sitting; alone; distance  
remembering times left.

## Y.C.S. 1988

### YEAR 10

The first night at Bunbury Year 10 Y.C.S. was a great turn out from the teenagers of B.C.C. We had about 30 people turn up that night. We had sessions on getting to know the people in the group, although people were hesitant at first, but people then grew to know each other and then they felt comfortable. About 8 or 9 people then dropped out after about 4 nights. We learnt about how passages in the Bible could relate to our own lives, how much people got out of it, I don't know but it seemed to help a few people. We have had one camp between ourselves and about 3 other camps with other Y.C.S. students in the Bunbury Diocese.

We found out that we weren't the only ones with problems and we soon shared them and helped each other. We made new friends - some a little too friendly. Now that we are here at the end of the year, we hope we can achieve things with ourselves and look forward to Year 11 Y.C.S.

### YEAR 11 and 12

During the year in Year 11 and 12 Bunbury Y.C.S. we did a few interesting things.

We went and saw "Bushfire" a group of people who made up songs and sung them on the spot. There was a lot of audience participation, and overall it was a very interesting experience.

We also saw the "Australian Bicentennial Exhibition" with the most popular attractions there being the "Australian Film" and the "Australian History" pavilions.

We had our usual activities within the group and at the moment we are working on helping to prevent the hole in the ozone layer opening up further. We watched a video and we're going to start a petition to stop the use of Chlorofluoro carbon in deodorants.

All together, Y.C.S. was very interesting this year and we look forward to more great activities in the future with even more people.

# RELIGIOUS EDUCATION

By Rev. Sister M. Cabrini

Teaching the young child is both difficult and rewarding, since the progress made is both visible and exciting. New ideas are absorbed and practised, while wonder and awe are never too far away. But the teachers of Religious Education in the Secondary School have an equally difficult task with only an occasional realization of the overall effectiveness for the students. This is not surprising, as they are dealing with the doubts, the fears, the emotions, the values and the way of life of their students.

Long gone are the days of question and answer catechetics. In its place are the discussions, the questions, the expressed doubts, the clarification of values, the presentation of somewhat unpopular doctrines or Church teachings, and the participation in ceremonies and celebrations which in most cases are no longer part of their family lifestyle. Often the Religious Education teacher is placed in the position of Defender of the Faith which is both disconcerting and demanding.

Through participation in the Faith in Action programme Camps and Activity Days, opportunities are provided to practise, in a supportive atmosphere, the principles learned in class. Love for their neighbour and concern for those in need are fostered by their being invited to take part in - Red Cross Appeal, Project Compassion, Red Shield Doorknock, Walk Against Want, Freedom from Hunger, Fast for Faith and Appeals for Emergency Help.

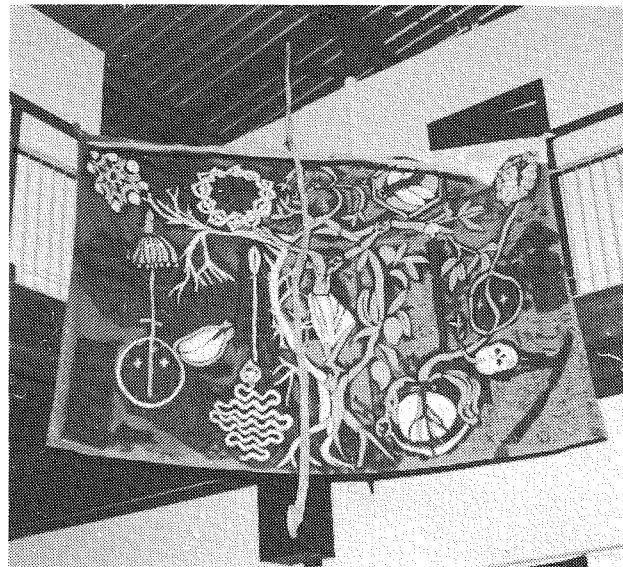

As an ongoing reminder of their responsibilities towards those in greater need, there is the daily contribution and weekly collection of "Mission Money" from each classroom. This is then totalled and banked with the Diocesan

Development Fund. So far our students have raised \$1600 of which \$400 went to Project Compassion

\$200 to the Sudan

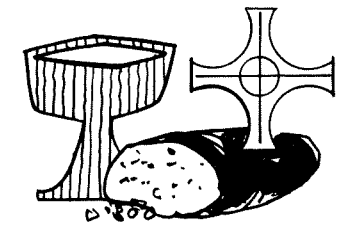

\$200 to the Bangladesh

A highlight in the R.E. programme for each class is the time spent at the Parish House from 7.00a.m. to 10.45a.m. on one day in the year. This feature is unique to Bunbury. Its strength lies in that it provides an opportunity for the student to become more acquainted with the Priests of the Parish, receive two Sacraments, join in prayer and celebrate Mass together as a class.

Our total programme from Years 8-12 embodies the doctrinal, the spiritual, the experiential, the Sacramental and the personal. Thus by keeping close to the Religious Guidelines presented by the Catholic Education Office and by structuring our modules on its principles the R.E. team is confident that good, sound religious principles are being inculcated. However no programme dealing with the spiritual can stand on its own. In this area more than any other we can only extend and support what is being taught and practised at home. On an academic level good principles can be

learned but will bear fruit only when practised. Parents and home-life are generally the strongest influence in a child's life. So by enriching home-life and strengthening family principles, the student can be enabled to benefit greatly from the R.E. taught at the College.

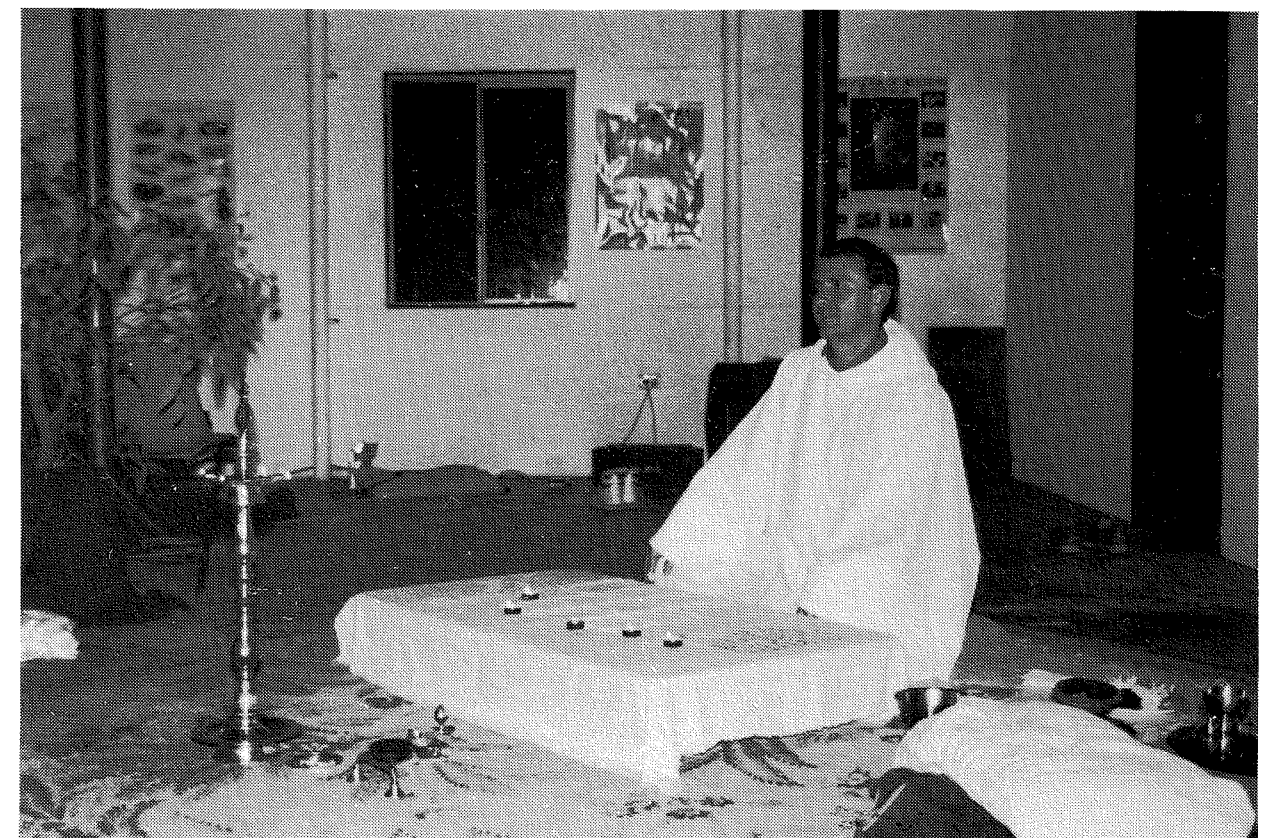

## .....AND FROM ONE OF OUR YEAR EIGHTS

The difference between religion this year and last year is, this year is a more detailed study of religion than of what we did in year seven. Last year we were working on the physical features of Faith and this year we are working on the feelings of religion.

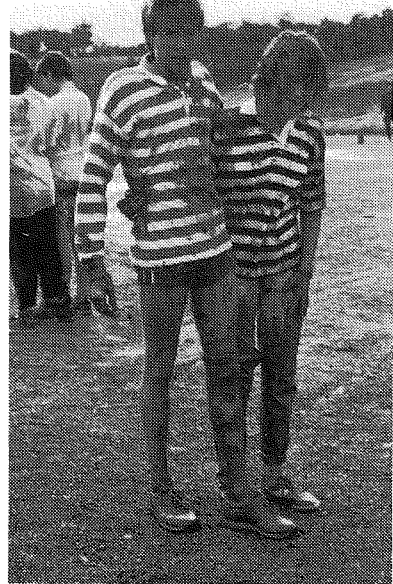

The difference between religion in high school and primary school for me is that I went to a state school so we didn't have as much religion as the Catholic School, but we did have to do Scripture. Once each week the Scripture teacher

would come he/she gave us all a book and we would do page by page with the Scripture Teacher talking about the subject before we did it. That was about the only form of religion we had, but in B.C.C. it was much different. Because it is a Catholic School. When I first came I didn't know the Hail Mary so I had to learn that and I also had to get use to prayers in the morning and afternoon.

Tessa McLoughlan

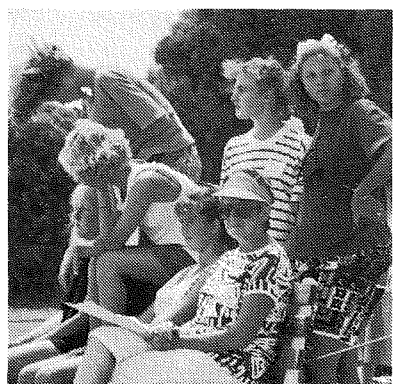

## Year 11

The main challenges of Year Eleven are to firstly make the transition from Year Ten and then prepare for the rigours of Year Twelve. Not only should the focus be on academic development. It is a year for the building of skills in leadership and self-awareness.

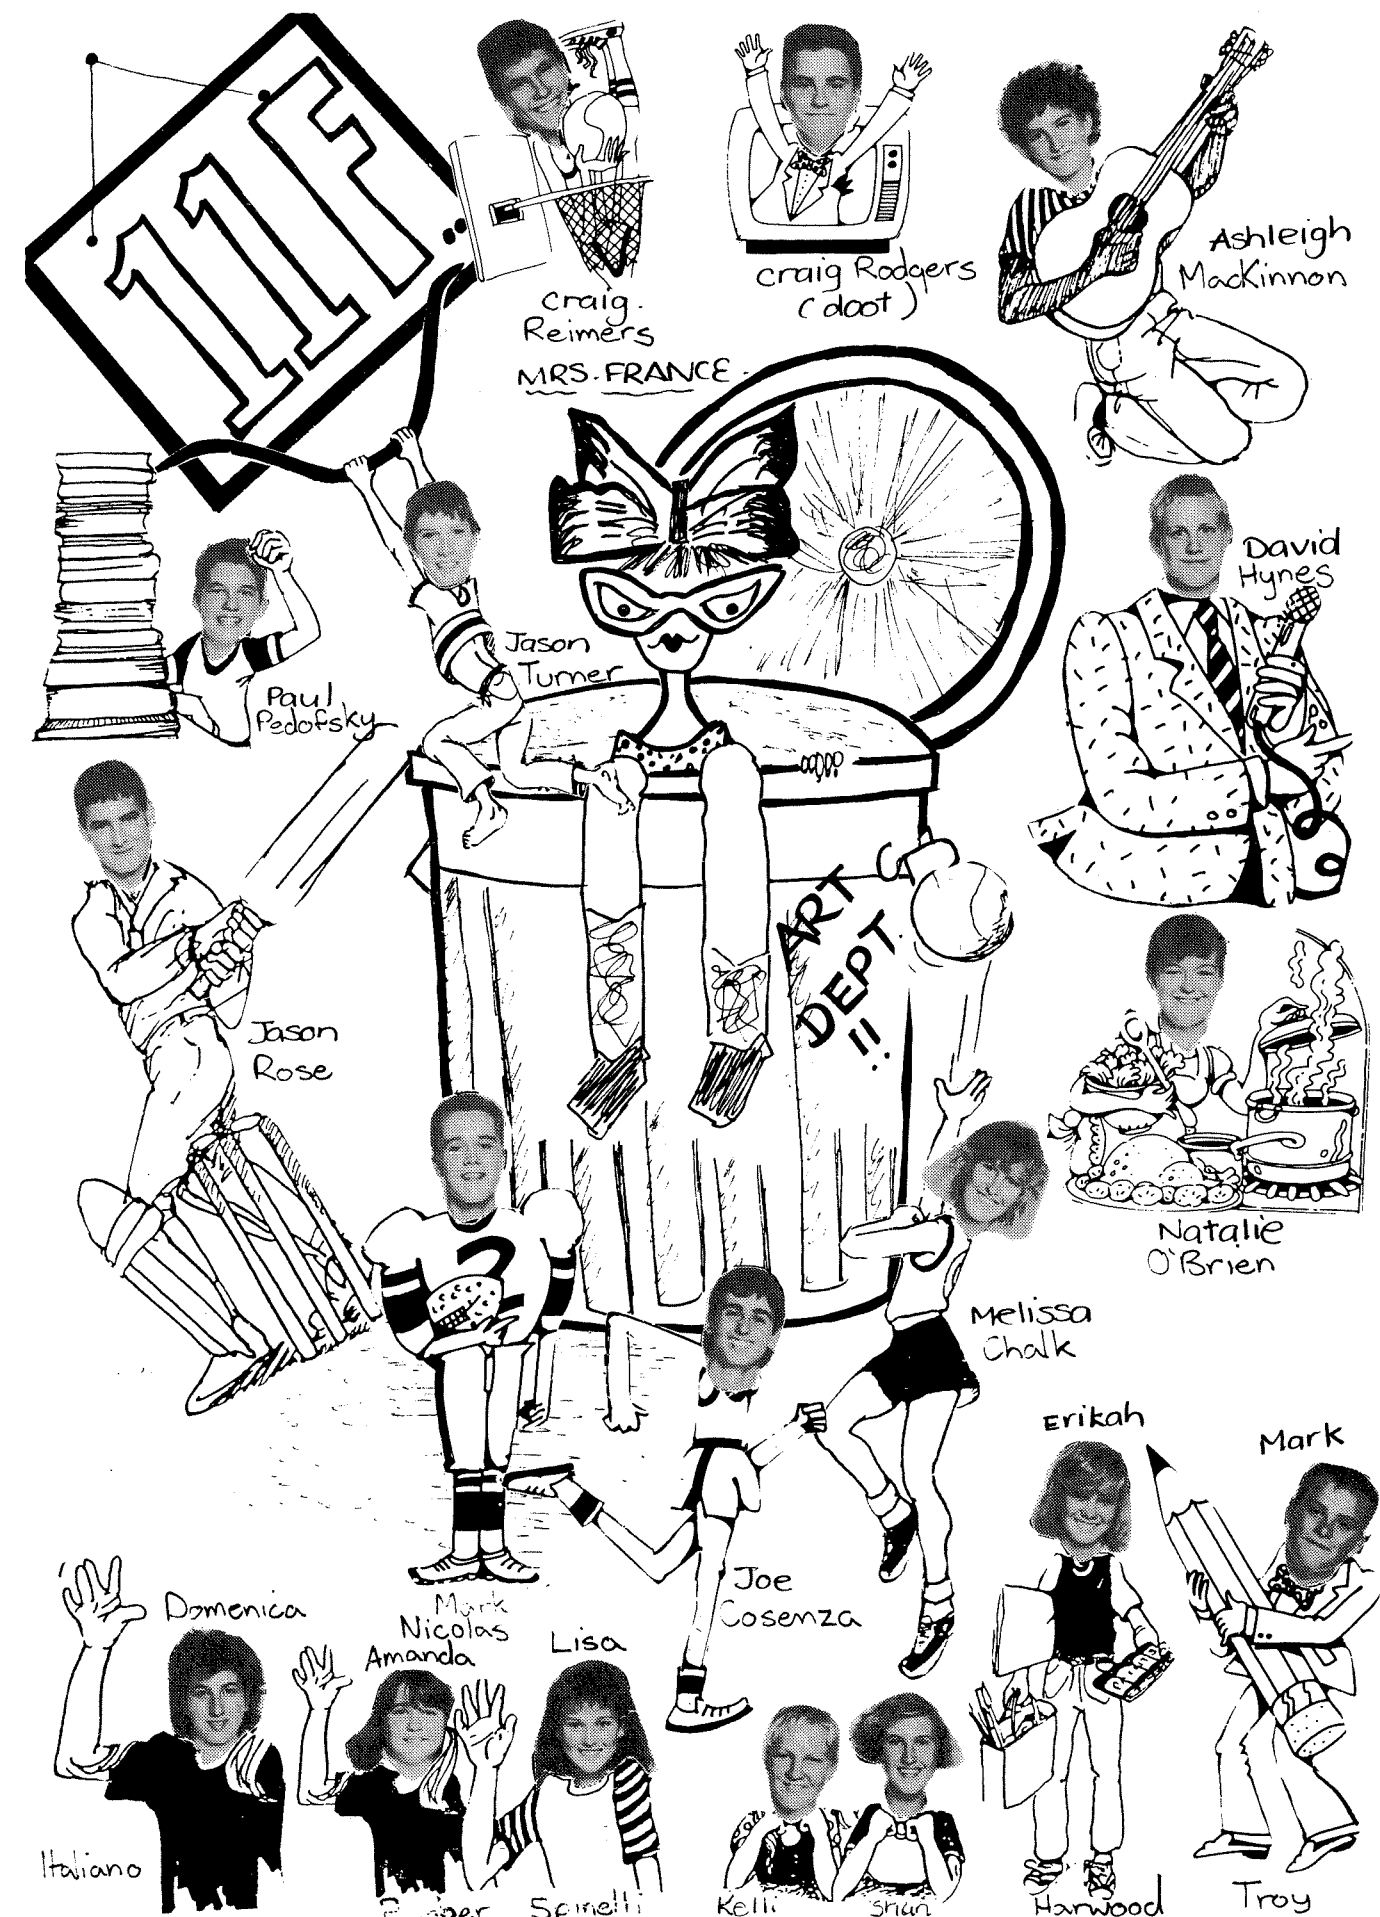

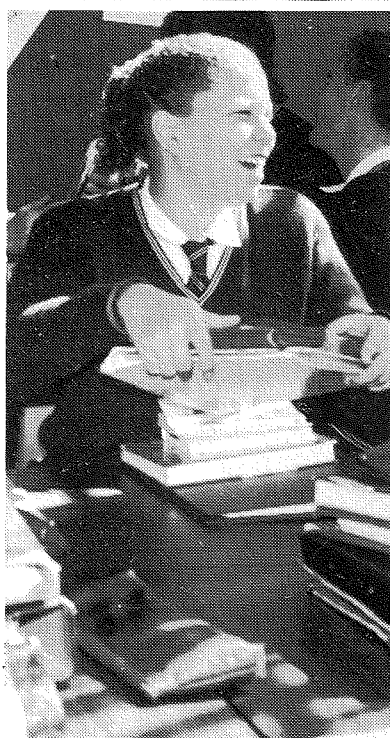

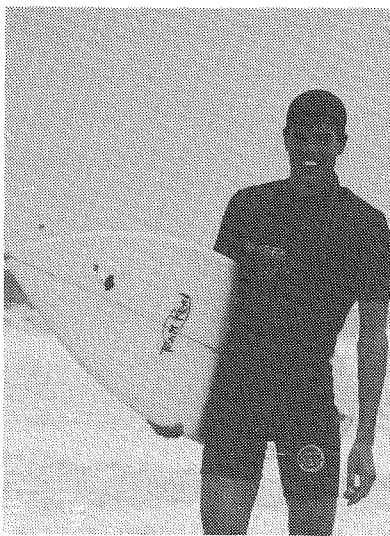

This year, opportunity has been provided for Year Eleven students to accept challenges and to test the boundaries of their own abilities. Examples of this are:

- \* organizing of school socials,
- \* participation in the Year Eleven Retreat at Waroona,
- \* production of this magazine,
- \* hosting students from a visiting school, La Salle College.

I wish the Year Eleven students of 1988 every success in their chosen directions. To those who are leaving Bunbury Catholic College we hope you have enjoyed your time with us. I also thank the Year Eleven staff who have supported the students in their endeavours.

## THE 11M PLAY

SCENE: 11M Classroom

CHARACTERS: The 11M Students (oh...and Nadene)

Caitie: But I never argue, I don't disagree...

Jodie: No it doesn't hurt, my bandaged up knee.

Geoff: My name's really Geoff, but just call me 'god'

Peter: It wasn't me who broke it, the culprit was Todd.

Todd: I'm sure I did Kearney, you're really some mate.

Sue: You don't have to tell me, I know that I'm late.

Rebecca: Let's go for a walk, just anywhere.

Fiona: It's homeroom we know, but we really don't care.

Rosetta: Mr Presser, that tie, it just doesn't go.

Liz: So 'n' so did is, didn't you know?

Mandee: I think I just need eight hours more sleep.

David: \$100 for a boardriders jumper, that really is cheap.

Domenic:

Darryl: Cassandra, I must tell you about the other day.

Cassandra: Why Darryl, you told me all that yesterday.

Shadd: Tom Cruise eat your heart out, I'm the top gun.

Matthew: Physics and Chemistry really is fun.

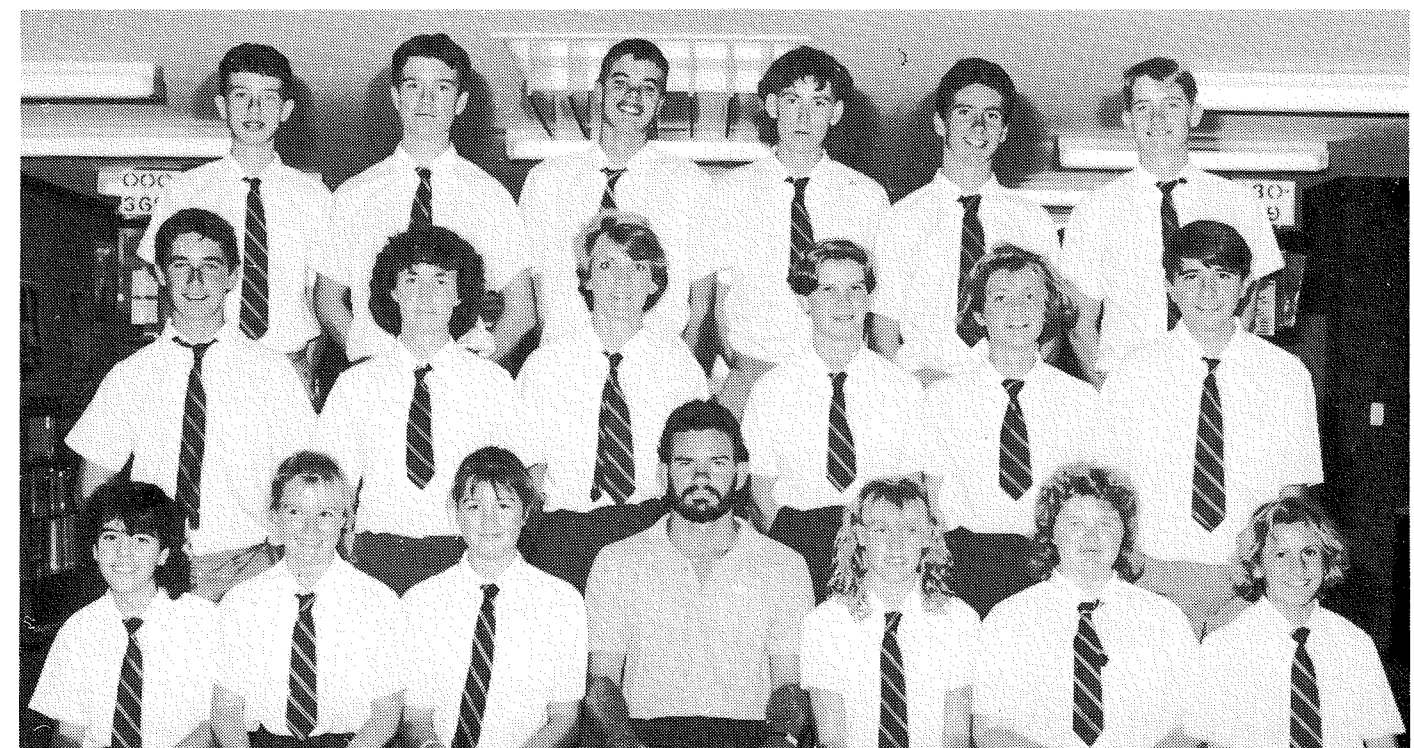

Kaye and Abigail: Hurray, we've left school, at last we can smile.

Rob: I'm sorry I've gone, could only stay for a while.

Mr Presser: Did you hear the one about...the Italian who went off to war...

All: Yes Mr Presser, WE'VE HEARD IT BEFORE!!

# BCC Boardriders

In the final few weeks of Term II we started a surfing club which was to grow to a 33 member "shredding machine"

The kids in the club have already benefited from the experience and enjoyment at competition level. There is a great spirit down on the beach.

The first comp was held in a relatively big swell for Bunbury and most Juniors had to struggle to get out the back - these guys will benefit! The second was held in pretty small surf but there was still a very

high standard of competition. In the last competition, held at Injidup Beach, on the 17th September, many young surfers braved the huge conditions and headed for the water.

So far, at competitions, members have witnessed four snapped surfboards at a cost of \$400 each and two deep cuts on faces caused by boards but surfers are a tough breed - and the BCC Boardriders are nothing but the best!!

## CATERING FOR '88

We, the Year 11 catering team, have worked hard throughout the year to satisfy many an appetite at numerous functions.

During the course we have been successful in achieving the set goals of learning, preparing and serving. The official opening of the hall would not have been the same without the afternoon tea. The sponges served could

have been entered as a showpiece! Then along came the Easter Eggs. Four weeks of chocolate creations and sold in presentation baskets. I'm sure Todd Griffin didn't mind eating the Dinosaur egg after winning it in the raffle.

The Bishop's Dinner, *wow*, another name for hard yet enjoyable work. It was something to be proud of and Fr. Leon made it clear that the dinner was a true success.

Next, the Restaurant Night was an experience in itself. The team, in their period costume coped with the hectic pace to produce a truly traditional Australian Menu. Some very interesting people involved with Art Extraordinaire were treated to a selection of appetizers and drinks. Many compliments were given to our team by people whose art skills are well known. We should have been entered in a 'food extraordinaire'.

Serving our seniors for our Year 12 Luncheon. The food presented was certainly worth the effort once again Mrs Martella must be thanked for her Leadership and help to give us the knowledge of the hospitality industry that we now value.

First fold this way, then that.

Remember Sue, smile....

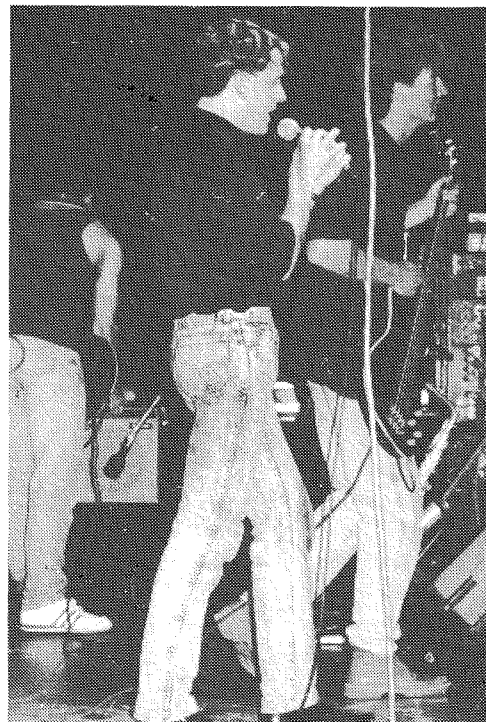

Our Year 11 Catering Class catered for our first function on February 21st, which was the opening of the Hall. Some of us came up and chopped vegetables all Sunday afternoon, but we didn't actually serve at it.

**Front :** Diane Clinch, Caitie Mcloughlin, Kylie Battle, Genevieve Mardon.

## SOCIAL LIFE

In 1988 our college has experienced the best socials yet. The year 11 committee decided to add something more exciting to B.C.C. and come up with the idea of a live band, "brilliant hey." A top local band, "Who's Who," helped us with this venture and gave a great performance before a swarm of loyal students. Our theme night this year was a, "P," social. Many interesting

creations surfaced, providing a lot of entertainment for all. For our final school social, our own ex-students band, "The Aardvarks," provided some spectacular music.

With the help of our Murph the social committee members fixed up some mighty good socials for you, we hope next years efforts are just as successful.

# THEATRE ARTS

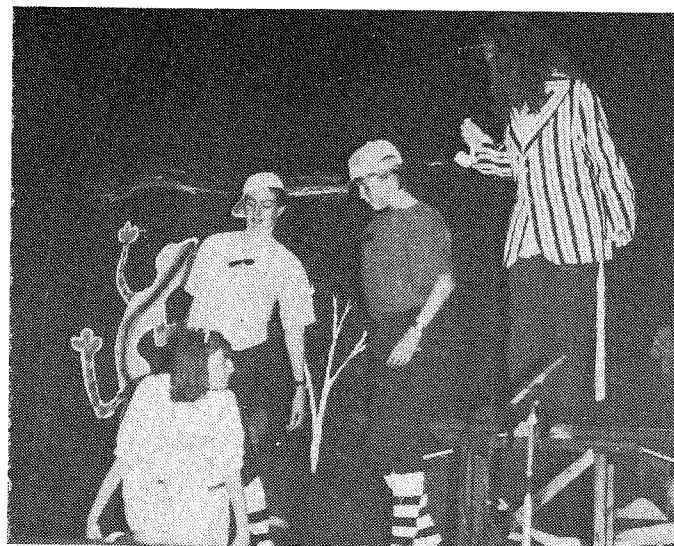

In Year 11 Theatre Arts we have learnt about all types of drama.

We found out how to produce our own play without the help of an adult and this included going up to Perth to see a production by teenagers called "Terror Australis".

We also learnt about Greek, Elizabethan and Australian Drama. Australian drama included putting on plays for the Year 8's, Lunchtime theatre (for year 11's) and another trip up to Perth to see "Summer of the Seventeenth Doll".

Theatre Arts isn't all practical work as many people think, but it includes research assignments on a type of theatre of your choice (although this makes up a minority of the years' classes).

This year has brought our class together and those who were bashful at the beginning of the year can now 'perform' in front of the class without any worries.

"Year 9 Bookweek"

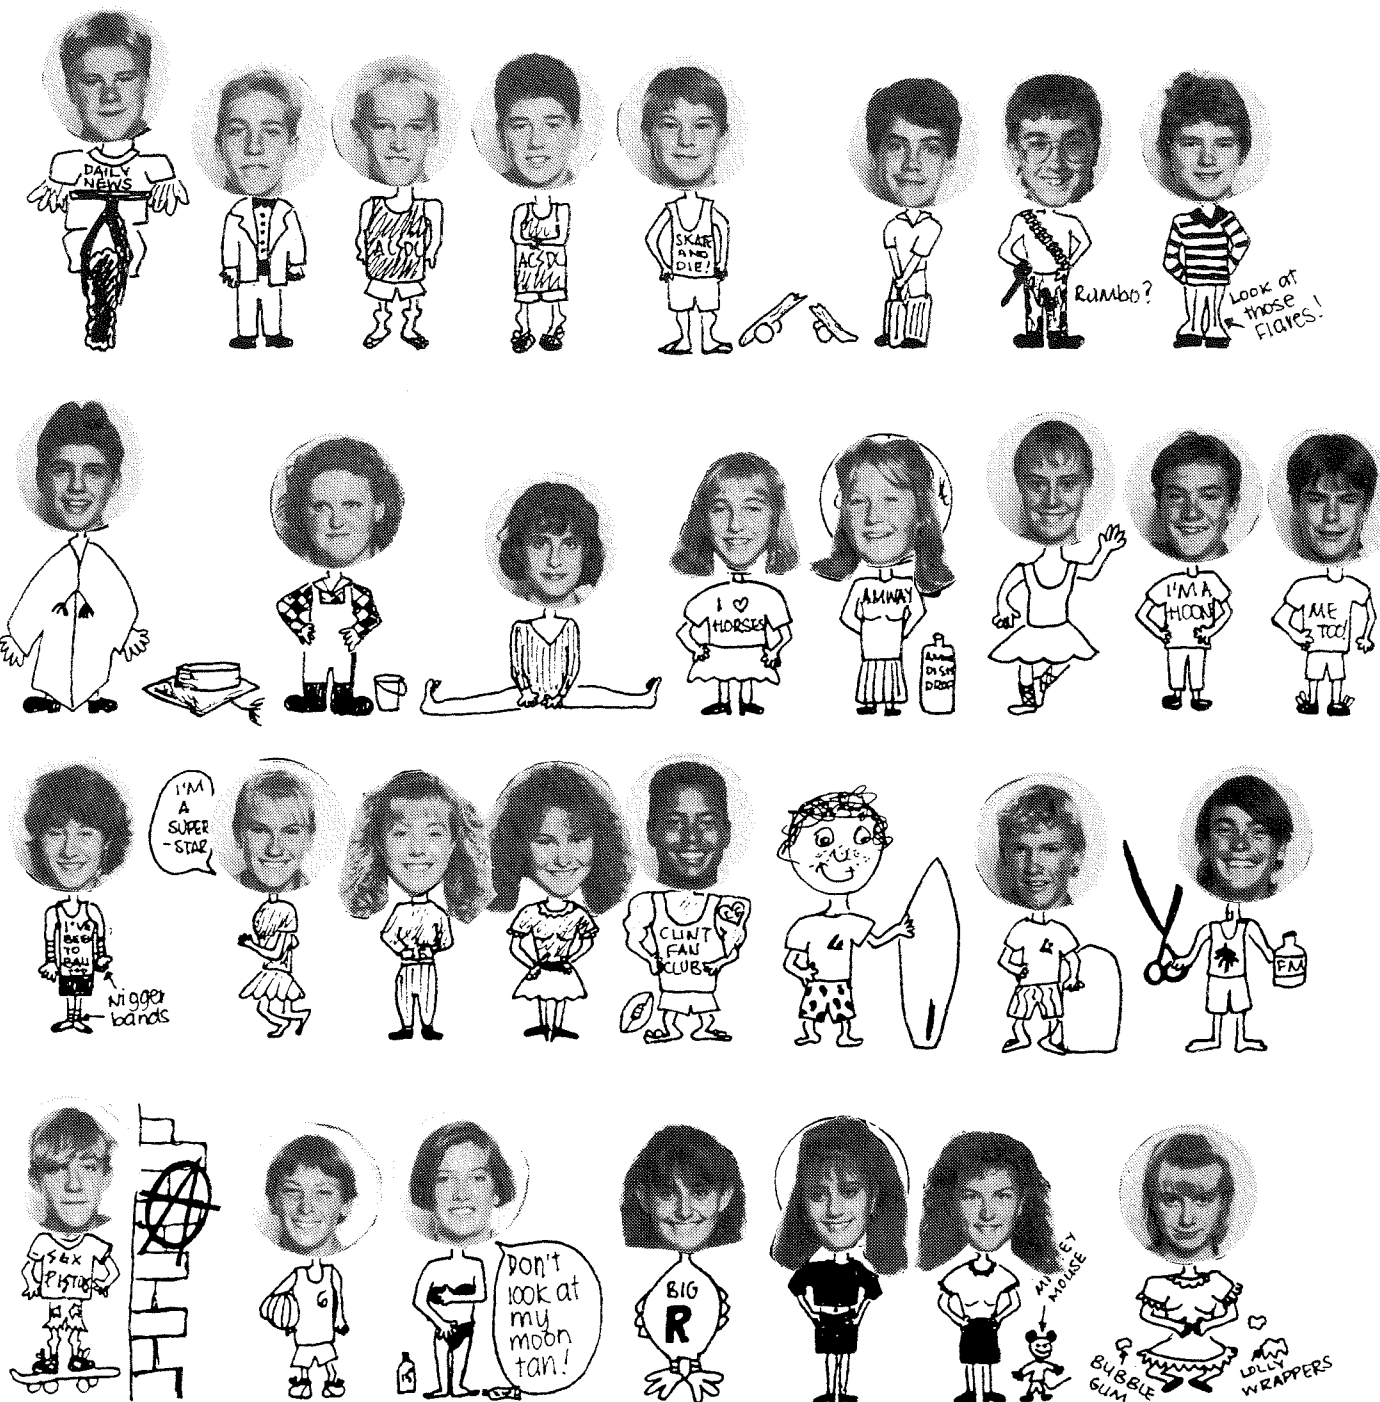

We have learnt how to film a script and have had to write our own scripts for Boardwalk, which is coming up in 4th term. We also have a Parents Night coming up at which our videos will be shown and other original plays performed.

This year has been really good, and thank goodness our exam is only two hours long!

### THE PEACEFUL SLEEP

Hair like honey, dribbling from a spoon.  
 Gentle hands and mellow eyes.  
 Skin as white as the surface of the moon.  
 Her beauty as cool as the cloudless summer skies.  
 Lying on the velvet in a dark and sullen place.  
 Sidelong glances like a circus freak.  
 If only a smile would crack her marble face.  
 If only she would rise, if only she would speak.  
 He averts his eyes and bows his head.  
 "So young - 'tis sad," whispers the preacher.  
 The girl sleeps the slumber of the dead.  
 Not an eyelid flutters - not a twitch of any feature,

Earthly doubts aren't her concern - she's not of this earth.  
 With grief she is farewelled - in another land, a birth.

Gemma Maher.

### DEDICATED TO 10R , WHO WILL BE REMEMBERED

Catholic cheese is favourite for Jo and  
 Gardie went through a phase with his super-spin yo-yo's,  
 Teresa is our Pam Noonan Dancer, while Robbie tries to be a romancer,  
 Two tall guys, Goff and Mach made the team now have to pack,  
 Gym is prominent to Lynette (Nadia) mud-ford, and  
 Lee and Smithy are into the skateboard,  
 Paul Jeffrey reads like a record on high speed, and  
 for Ducky to lose weight, would be good deed,  
 Drawing pictures is a talent shown by Leanne, and  
 Jill looks good with her fake tan,  
 Jody, Liz and Lis never do phys-ed, because this  
 is what their doctors said,  
 Mentioning.....Annita would say what, because  
 this is the guy that she reckons is hot,  
 Mel and Sal are the top of our class, and Dianne  
 finally spoke aloud at last,  
 We don't know what to write about Chris  
 but he's an OK guy, we can say this,  
 Ruth has got the knack for Art, and  
 Vickery can , at times, be smart,  
 Harvey is the place for Eg-er-ton Green, and to  
 keep on Golfin Purcey needs Protein,  
 Roller skating is what Rodney has been through though

Tim Cunningham, is a Roller Hockey fan,  
 Andrew Poli is seen but not heard,  
 but he seems to be a man of his word.  
 Sacky is the best Guy, although he is a little shy  
 Nerinda and Simone, who wrote this po-ome, laugh a lot  
 together, individuals forever!  
 Mr Rubie is our mate, for one which nobody can  
 hate, cause he went through it all with us, the ups the  
 downs which caused a big fuss,  
 But the hair tightly curled surfie took it all in his stride  
 because we are the best class that has a lot of pride !

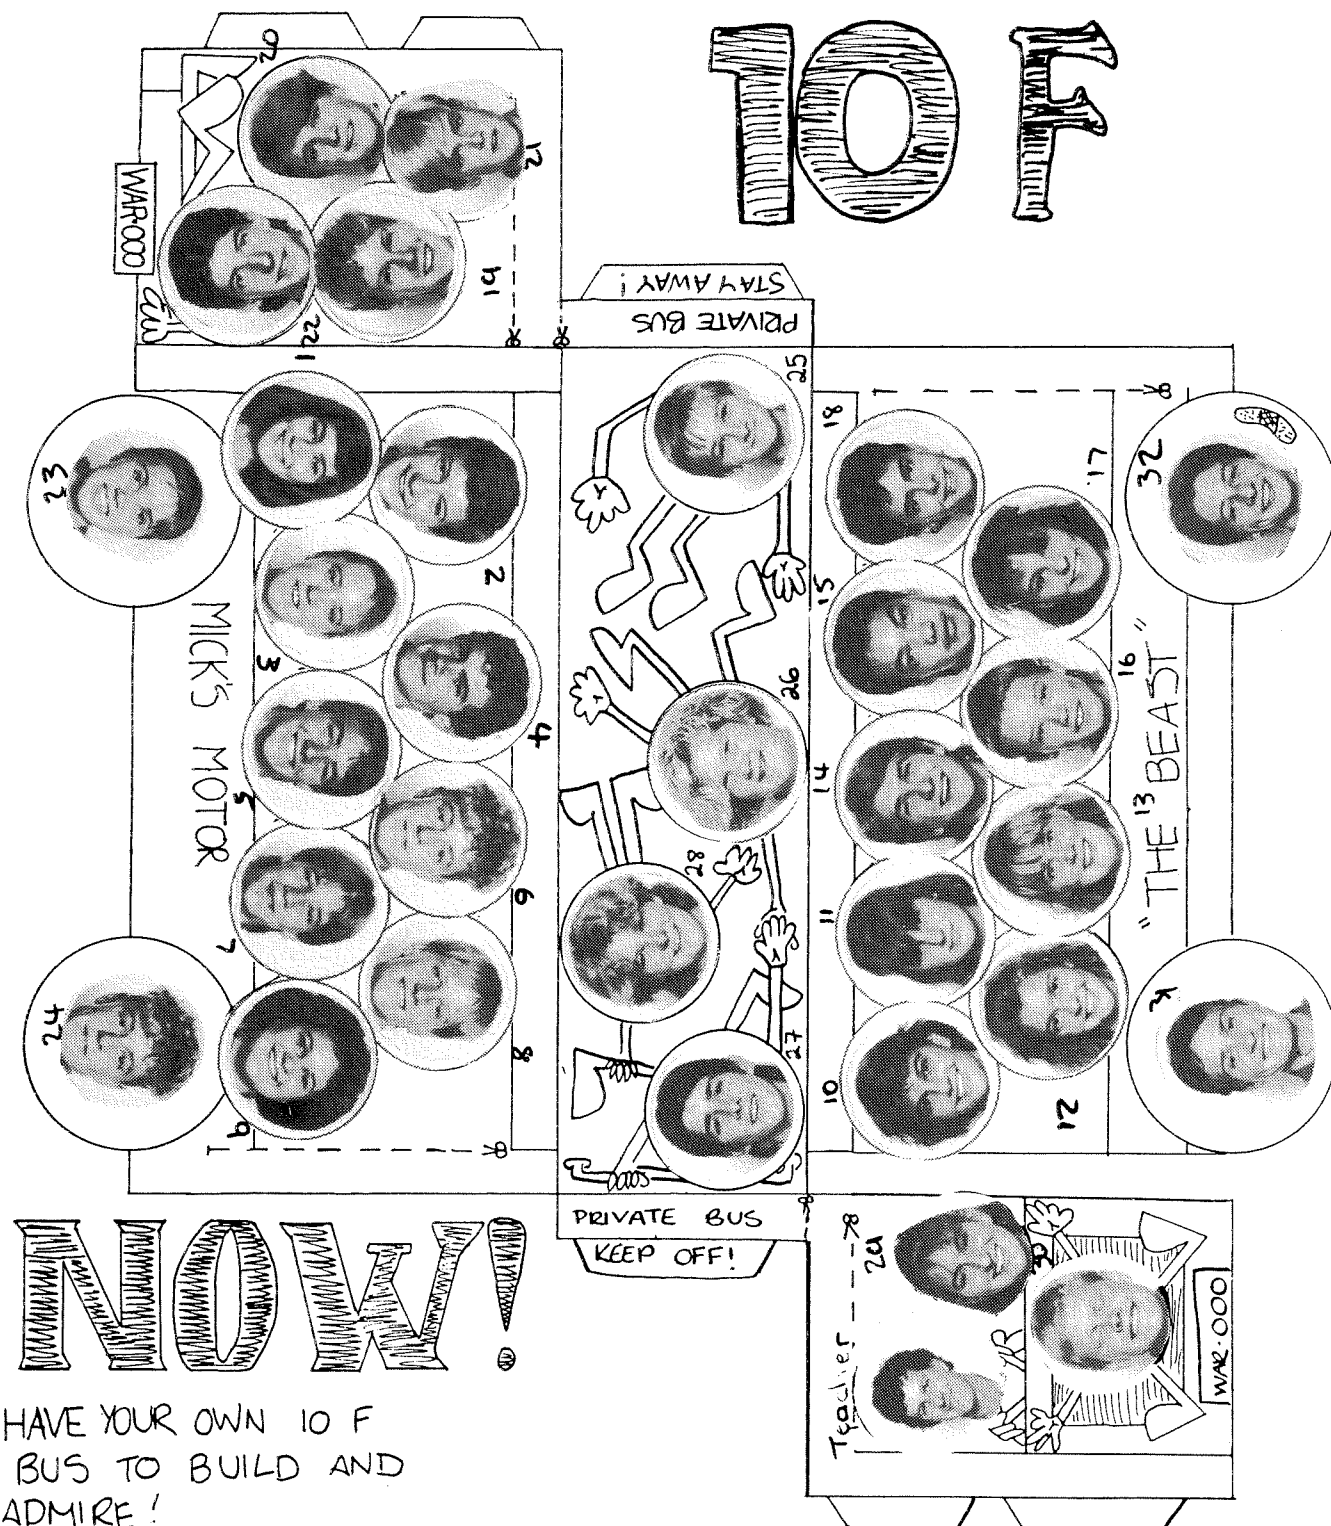

### MORNING ATHLETIC TRAINING

Movement starts at 7 a.m.  
 From the warmth and comfort of your  
 surface on legs,  
 Phys-ed clothes are dragged on in  
 style.  
 Breakfast is eaten, and all chores are  
 done,  
 Meeting the outdoors, the smell of  
 unleaded petrol greet you,  
 8a.m. is when your calf muscles work,  
 For the slow 3 quarts of an hour which  
 awaits you,  
 Stretches accumulate a large amount of  
 sweat,  
 the test now begins of your athletic  
 ability,  
 the whirling wind, against it, with it,  
 the fight  
 begins trying hard to out-do it,  
 the luxury of the light and warmth, turns  
 into a sour enemy beaming down.  
 The way of the oval  
 becomes a continuous cycle of  
 never-ending laps,  
 The cry of the clouds, are shown by a  
 downpour of rain,  
 The regular sound of one breath,  
 becomes louder and louder.

Bodies start to weaken, laps start to  
 amount,  
 pace becomes slower, brain's saying  
 'Yes'  
 Leg's saying 'No', nose is running,  
 mouth is dry,  
 Teacher's coaching, keep it up, You can  
 do it, start  
 working, feel the pain, not far now, go,  
 go, go.  
 The sound of the timer is the sound of  
 your brain,  
 Ears are alerted as a warning sound is  
 heard,  
 Every other students calibre now starts to  
 work,  
 You and a few others, in a sunlit-up  
 room, made of noise.  
 and a smell of bad odour,  
 The rubbing off of sweat to the smart and  
 tidiness of  
 the school uniform,  
 starts a pen-to-paper day in  
 one hell of a way!

## Unit Curriculum

This year, our Year Nine and Ten students have experienced the Unit Curriculum system in full swing. Some responses from the Year Ten 's are below...

"Unit Curriculum began this year at Bunbury Catholic College with high expectations from teachers, parents and especially students in Years 9 and 10. Teachers had been working hard for 6 months before the commencement of the 1988 school year in order to get things running efficiently and as hassle free as possible with a series of pilot studies, student counselling and consultation in a bid to choose the most appropriate subjects.

Unfortunately, not everybody was granted every unit they chose as a result of limited available spaces in classes, but thanks to Mr Fabre, no student was denied more than one subject per semester, which meant most people were satisfied.

On the whole, Unit Curriculum was successful, considering how cumbersome it can be to change to a system such as Unit Curriculum." (James Giumelli)

"I think that Unit Curriculum has been well organized. The other programme was boring. This is good for the smarter and slower people. The smarter people don't have to wait for the others and the less smarter people can stay behind and get more attention from the teachers to make them good students" (Travis Clarke)

I wanted to do Geography -  
The teacher said "No"!

I wanted to do Jewellery  
The teacher said "No"!

I wanted to do Maths 5.4 -  
The teacher said "No"!

I wanted to do English 6.3 -  
The teacher said "No"!

I wanted to do Chemistry -  
The teacher said "No"!

The teacher said, "Do typing"  
And I said, "No"!

Unit Curriculum?  
Unit Curriculum?  
Unit Curriculum?

Unit Curriculum!

DO IT!  
WE CAN'T EVEN  
SPELL IT!

No say in the matter,  
Unit Curriculum -  
No laughing matter.

Unit Curriculum is no smiling matter!!

## CAREERS

Vocation Education is a reconstructed unit this year with Year 9 & 10 students all being required to complete this unit of work. The emphasis is on the development of the whole student not just personal development or work related knowledge. The skills presented are very transferrable skills and a broader view is taken on a whole of life programme of paid and unpaid work possibilities.

Community involvement is essential to the satisfactory completion of the objectives of the unit and so students have spent a number of periods out in the work force Job Shadowing. During this time students actually shadow a person and record the tasks they carry out and the interaction with other work mates. When at a later time they select an area for work experience they will have a first hand experience to draw upon to make an informed decision.

All employers who have offered their services for this programme are now on computer so next year the work experience placement task will be streamlined. This year I am thankful for the very enthusiastic and competent assistance of ex students Susan Musitano and Greta Hanley.

"Work Experience '88"

### Work Experience, likes and dislikes.

Number 1 dislike "returning to school!"  
Number 1 like "being treated as an adult"

Other comments were:

Enjoyable, Employees very helpful.

Very worthwhile. Good. Learnt and experienced new things.

Liked being there but there wasn't much work to do. Looked on mostly. Great.

Many of the people there saw me as a friend and I was given responsibilities.

Disliked laminating 342 pieces of wood.

Excellent. Staff helped a lot. They did expect me to know a lot. Great. Nice people. Exciting job. Lots of independence and use of scientific equipment.

Boring job, not for me. Things happen too slowly.

On the go all the time. Hard work but thoroughly enjoyable.

It was okay. I felt I could have done more.

Really wild.

Always occupied.

Resides a great class, by the name of 9D

35 winners, led by Mr Dunn,

Their main aim in school life,

is to have lots of fun.

Cathy and Leah are telling weak jokes,

While Waddo and Joe think

they're such weak blokes.

Natasha, in the corner,

is reading a great book

While Laretta is cackling,

like an old chook.

Natalie and Fiona, are chewing on gum,

While Catharine's in love with BROS,

her brain has gone numb.

Tania and Lidia, are real good mates,

While Scott and Kellie are always late(oer!).

Emma and Bob,

mucking around down the back,

While Nicko and Jy,

are just being slack (typical!)

Melissa and Sharon make a good pair,

While Spin is forever, combing his hair.

Damon the artist, Jason the dude,

Ross the good looking, Albert plus food.

Bevan the boxer, Chris the skywalker

Daniel the milko, Elisha the talker.

Gemma and Jennie, are nothing alike,

While Tim in his dreams, rides his red

In 1988 a class called 9B, it is alleged  
Is one of many at Bunbury Catholic College.  
Ms Elphick is boss of them all  
And she has a very loud call.

Kym and Yvette are getting annoyed  
Because Steven and Payney are being typical boys.  
Bettina and Lynda are always giggling,  
And Pud the footballer, is always kicking.

Carl and Lee-Ann are the karate kids of the class  
On athletics day Tracy really ran fast.  
Macca is the class clown,  
While Angelina always frowns.

Nick and Ashley are the class trendites 11  
While Samantha has good grades firmly in sight.  
Jason and Todd are basketball mates 11  
And Melissa is a very good friend of Kate's.

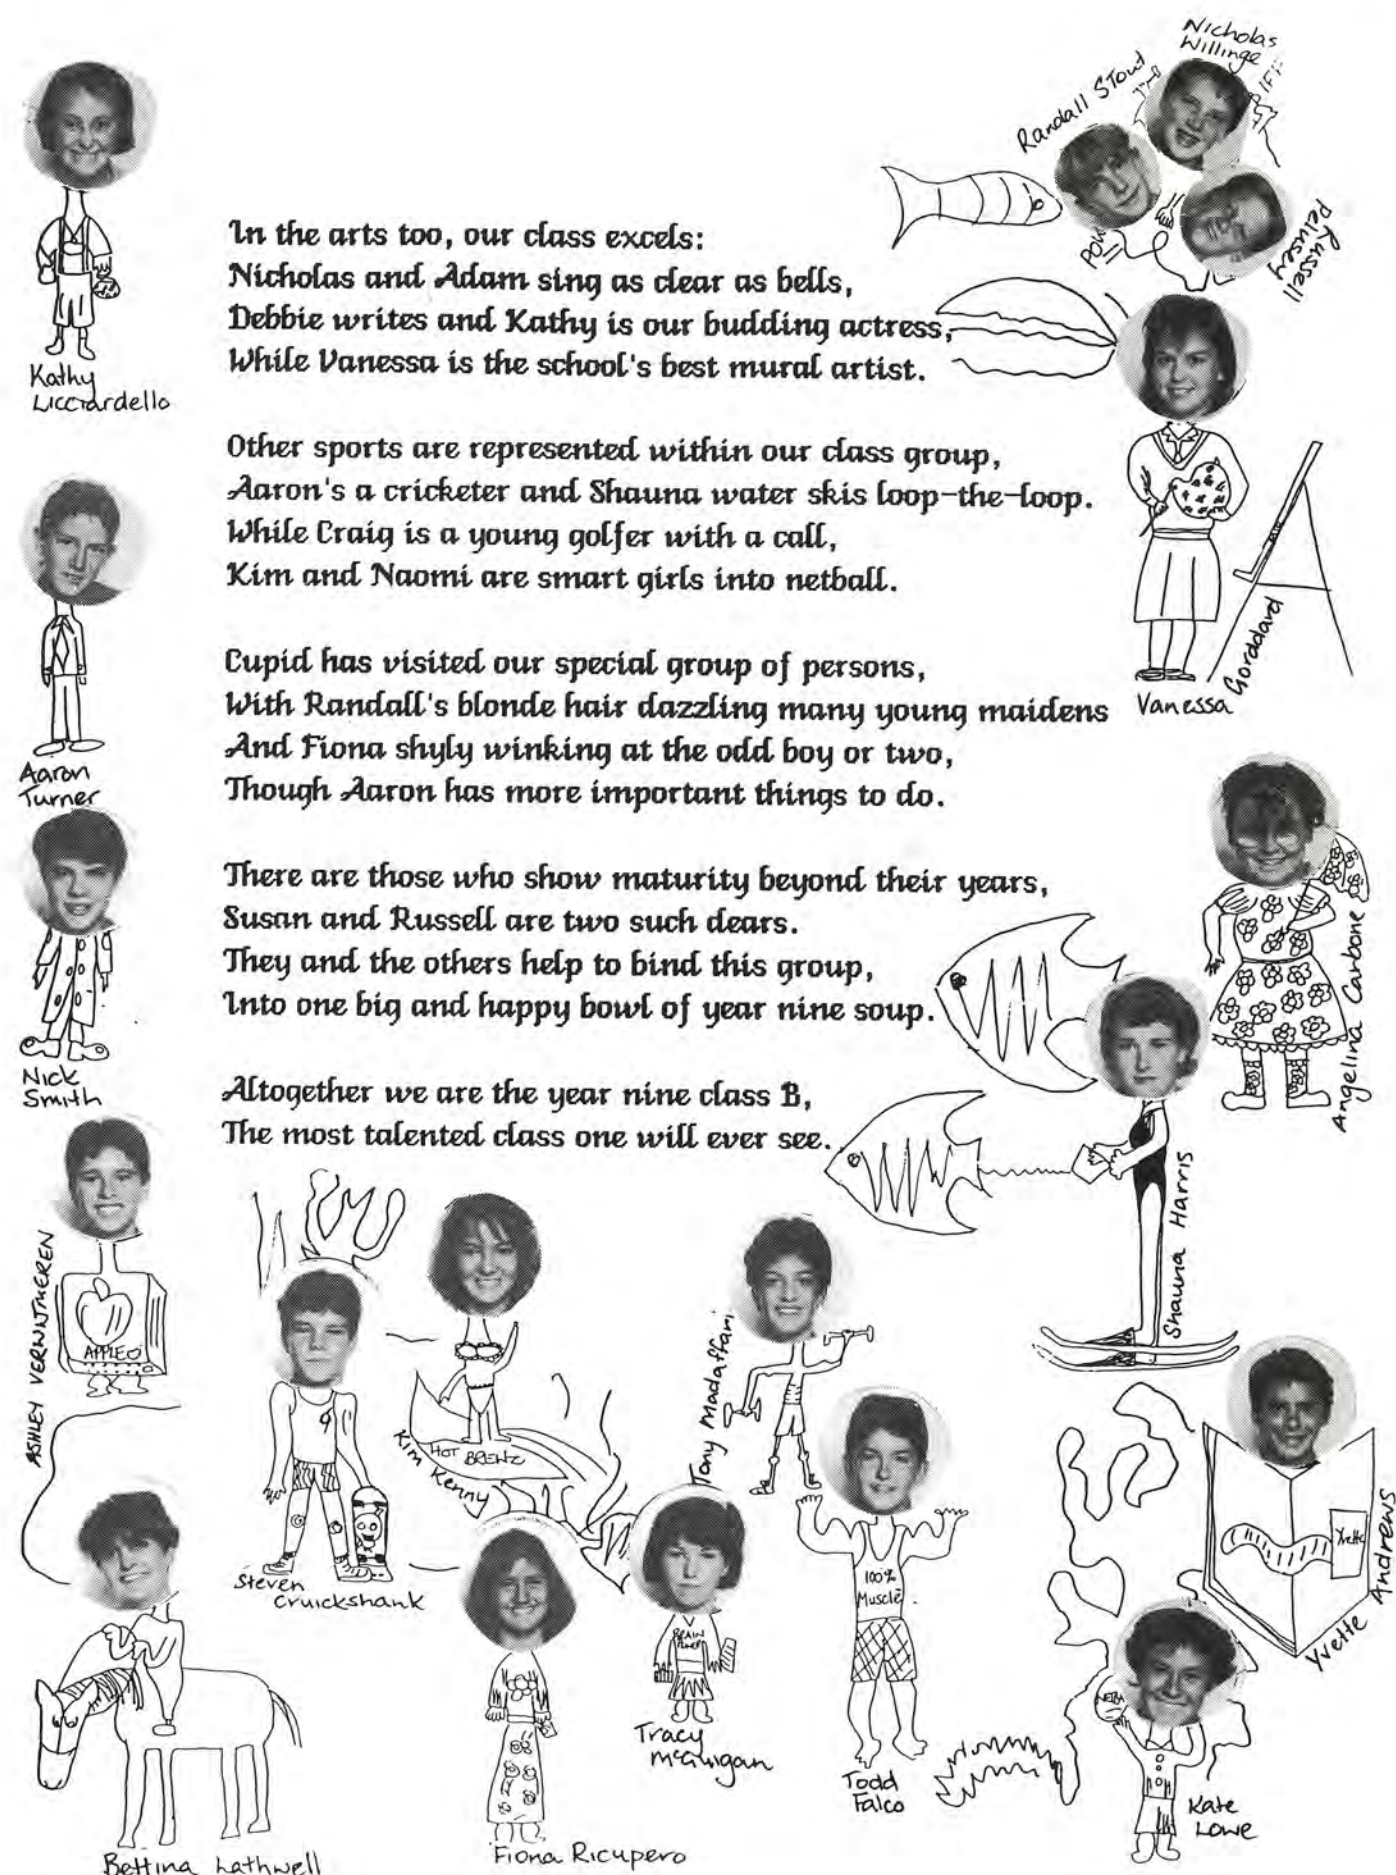

In the arts too, our class excels:  
Nicholas and Adam sing as clear as bells,  
Debbie writes and Kathy is our budding actress,  
While Vanessa is the school's best mural artist.

Other sports are represented within our class group, Aaron's a cricketer and Shauna water skis loop-the-loop. While Craig is a young golfer with a call, Kim and Naomi are smart girls into netball.

Cupid has visited our special group of persons,  
With Randall's blonde hair dazzling many young maidens  
And Fiona shyly winking at the odd boy or two,  
Though Aaron has more important things to do.

There are those who show maturity beyond their years,  
Susan and Russell are two such dears.  
They and the others help to bind this group,  
Into one big and happy bowl of year nine soup.

*Altogether we are the year nine class B,  
The most talented class one will ever see.*

# YEAR 9 ACTIVITY DAYS

## THE PERTH TRIP

The day started at 5.30a.m., when I had to drag myself out of bed. HORROR! I arrived at school on time, at 6.50a.m. We boarded our buses, and sped off in the general direction of Perth, stopping off at Australind, to pick up all the country kids. The bus trip was pretty uneventful, due to the fact that I was still half asleep, and wasn't more than 50% aware of what was going on around me. Cathy and Leah woke me up, with some pretty weak jokes.

We arrived at the Art Gallery (I had no concept of time). Here, we sat down outside, and admired (?) our general surroundings. Then we were taken inside. We had to leave our bags, files, cameras and junk at the desk. Why, I don't know. Maybe they were scared we'd "nick" something priceless.

In groups of ten, we were led off with our tour guides. We liked the paintings but did not particularly want to spend 20 minutes at each painting, admiring the texture and brush strokes. Some of the tour guides were a bit queer.

Next, we trotted off to the museum. This was great, because we were set loose, in groups with our mates (minus

"I heard a really good joke the other day, right...."

any tour guides) to explore the museum, and fill out questionnaires. As the lifts were crowded at one time, Tracy, Bob and I, took the stairs. NEVER AGAIN!! Going up 4 flights of stairs was not fun! We are now experts on sea creatures. We had lunch in a paved area, at the museum. It was pretty cold, so most kids huddled around in sunny areas. Mr Dunn sat

"You sure we want to get told off for writing that?"

We're the prettiest of 'em all!!!

hunched over a cup of coffee. Here, Ms Elphicks class departed, to explore the city. Our class walked to the Supreme Court Gardens. We had about 20 minutes free, so we relaxed in sunny areas. Chris met some new friends, and had to spend the rest of the afternoon at the police station, describing how he got a black eye.

The Supreme Court visit was pretty good. We asked questions and then answered some questions. We had a look around, and got an idea of what happens in the Supreme Court. We had to keep quiet, because all the heavies were in session. The fun part came next. We took over the Mall, and had great fun riding escalators and elevators. For the first time in my life, I had a Wendy's Flake Shake, and then felt sick. We tried to follow Mr Dunn's instructions to get back to the museum, but ended up getting lost. We packed ourselves. We wanted our mums. I warned them I was a hopeless navigator, but they wouldn't listen to me. Loretta saved the day, by recognising a shop. Anyway, that got us back to the museum.

We boarded our buses, and went to Freo for tea. On the way back to the buses to go home, someone, who will remain nameless, lost himself, or took a wrong turn, or something of the sort. Mr Eglington's physical ability was really tested, as he sprinted around Fremantle looking for this person. Oh, by the way, *he* was found. We were reasonable quiet on the way back.

Catharine Harnett

## TIME OUT!

Taking time out from school is a hard thing to do, but someones got to do it. When Mr Eglington's homeroom heard this we knew right away we would get stuck with "dirty work". 9E overcame their fears and set out to start and and hopefully finish this daunting task and to think in one day, the Year 9 Perth Activity Day. It took a lot out of us but we finally succeeded in completing our ultimate dream, to have fun in school time. "Never again!" Mr Eglington sighs.... We couldn't resist in taking photo's to get every-one green with envy!

Personally, I think **our** sculpture is best.

## Co-Ordinator's Report

This year has seen our Year 8 students come from a variety of primary schools. Successfully they have made the transition into the world of high school and are now very much apart of Bunbury Catholic College.

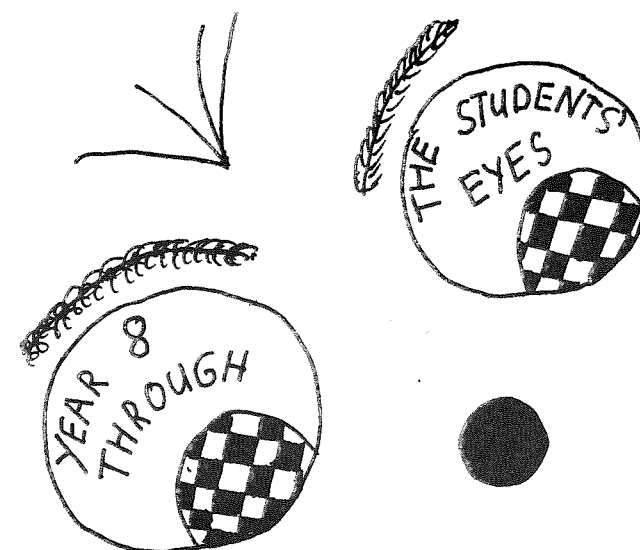

Our students have been most eager to enter into the spirit of the College and all it stands for. This has been very pleasing to see. Enthusiasm was particularly evident in the areas of the school production and sport in general.

Year 8 has also seen a growth in personal maturity. Students have begun to realise that they must be accountable for their own education. Personal success is the result of attentiveness and application. Year 8's, now venture onto unit curriculum next year. Here they will be given the opportunity to progress and learn according to their individual needs. This should provide another dimension for the studnets and many personal rewards.

Thankyou must be give to the Year 8 parents for their support this year. High school has also meant many new experiences for you as well. With enthusiastic parents, a student can only but give of his/her best.

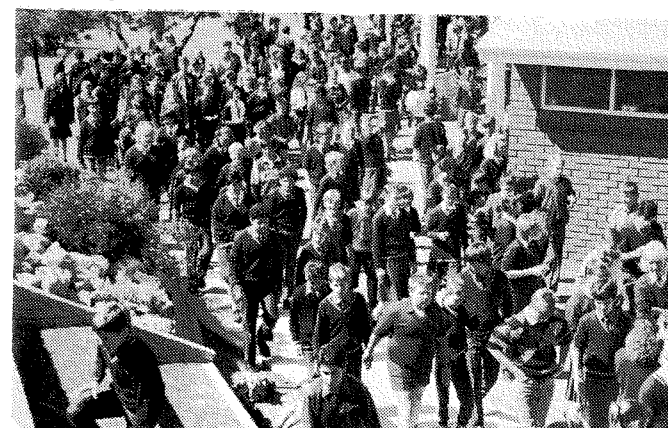

Finally to the homeroom teachers of Year 8, again you have done everything possible to ensure the needs of the students in your care have been adequately met. Thankyou for your dedication and professionalism.

Mr Mark Browning.  
Year 8 Co-Ordinator.

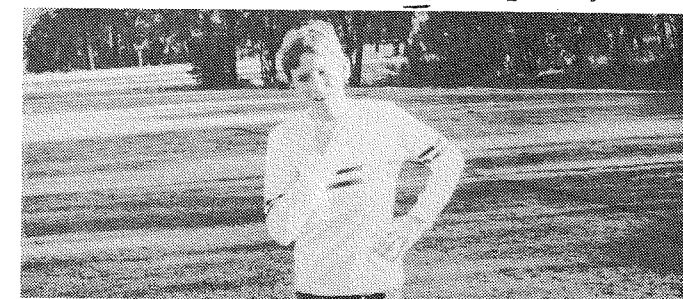

Now, listen closely kids....

When I first came to Bunbury Catholic College I found that there weren't many people I knew. As the weeks went by I made many new friends and I found that the work wasn't as hard as I thought it would be. I like BCC better than primary school because there are more subjects to do and each day isn't the same. I like the idea of Unit Curriculum in this school because you get to have some say in what you want to study.

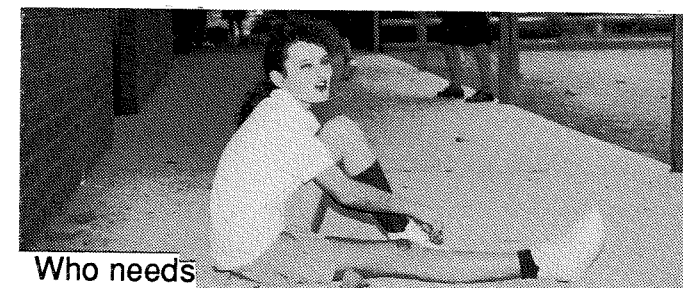

Just one or two thirteen year olds.

I think high school is better than primary school and is also harder. However if you don't understand something the teachers will help you because they want you to learn. You do lots of activities at high school. You go on camps, outings and people come to talk to you. At the end of third term going into fourth term you have to choose your subjects for Year Nine which is called Unit Curriculum. In Year 8 you have one and a half hour exams which may seem a long time, but when you are in these battling to get your paper finished your time goes quickly.

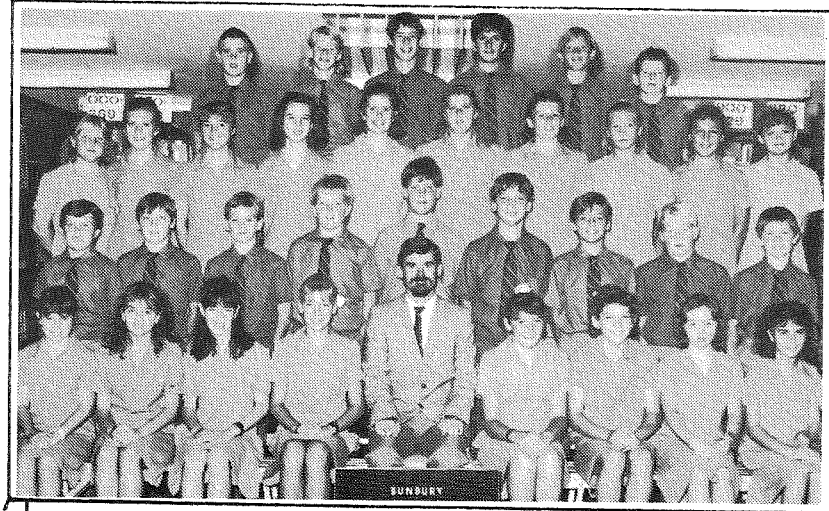

Me?...Brilliant?...Nah!

Who needs razamataz, when you've got legs like mine?

I have thoroughly enjoyed my first year at high school. High school, I think, is much better than primary school. The work is harder, but more interesting because you don't do the same subject at the same time every day and you have more teachers. Nearly all of the subjects we do are in different rooms too so you don't get bored with your surroundings. The subjects that I have enjoyed the most this year are Social Studies, Drama, Home Economics and Art. The only thing that I did not like about high school was the studying for, and doing of exams. They're hard work. I am looking forward to next year but I think Year 9 will be harder.

## 8B, IN A CLASS OF ITS OWN

### ALL ABOUT THE PEOPLE IN 8B

I'm going to tell you about 8B.  
We're the best class in the school you see.  
The two Rebeccas think John Farnham's  
spunky,  
While Patrick can sometimes look very  
hunky.  
Richard thinks he's handsome and strong,  
And Vicki with her black hair long.  
Rachel's laugh is like a tonic,  
Sean in his legs, he's bionic,  
Then there's Kellie who's always  
talkative,  
And Greg who's always inquisitive.  
Lisa will try anything on her head,  
And Belinda C. who eats fruit and bread.  
Then there's Alison who couldn't say a  
mean thing.  
And there comes Stacey who can surely  
sing.  
Leon who's not afraid to crack a joke,  
Grant, who Raelene thinks is a good  
bloke.

Christine who's always smiling,  
And Judith who's always hiding.  
Nathan can't keep quiet,  
As well as Daniel who will start all the  
riots.  
Mark and Adam try to be the best surfies  
in the world,  
And Belinda B. whose hair is all curled.  
Rodney and Brad aren't good friends,  
While Mandy will try to keep up with the  
latest trends.  
Andrew would never pick a fight,  
And Nick always thinks he's right.  
Megan and Kristie travel each day,  
While Justin has a lot to say.  
Nicole is hard at work,  
And if you tell a joke Miffy will smirk.  
Then there's Paula the little sporty,  
And Mr Browning who's going on forty.

**Third row:** Sandro Spinelli, Matthew McDonald, Luke Hynes, Simon Torrisi, Troy Watts, Richard Smoker, Jardine Pitt  
**Fourth row:** Melissa Majkic, Carmel Barreca, Deanne Ieraci, Sara Scott, Louise Davies, Kate Hannah, Claire Mitchell  
**Absent:** Chris Wells  
**Teacher:** Miss T. Flynn

Hello! from the class of 8C!  
I hope you find this page of our school annual amusing.

We were lucky enough to have two homeroom teachers this year, both very, very different from one another. Miss Flynn came to us from N.S.W., as she had exchanged with Miss Calleja who returned to us at the beginning of Semester 2. Both of them helped us to settle into Year 8 and both made us work very hard.

Our class is a terrific, tremendous, trustworthy and talented bunch of kids. We're a happy mob when we're together. We even went on an overnight camp to Honeymoon Pool and discovered the joys of sleeping in the great outdoors - for those who slept!

Life is wonderful in 8C.

## 8 D

**Front row:** Kylie Strachan, Natasha Woods, Vesna Zeki, Raelene Anthony, Nicole Wiese, Kirsty NOrrish, Donna Demarti, Jillian McGee.

**Second row:** Craig Stewart, Lucas Jordan, Shannon O'Donohue, Michael Ieraci, Mark Brown, Jason Griffin, Clinton Harnett, Simon Zani, Stephen Connolly.

**Third row:** Jody McNamara, Vicki Pretorius, Claire Jobling, Andrea Evans, Tracy Wright, Justine Bow, Rebecca Ranson, Leonie Harding.

**Fourth row:** Elliott Cross, Marcus Reid, Paul Zoccali, Adrian Noonan, Daniel Shervington, Guy Bartlett, Chris Mellor

**Teacher:** Mr A. Doran

### 8D OUR CLASS:

First came Doran, King of 8D

And now there's Moretto,  
not bad we would agree.

Jason and Noony are scientific brains  
they talk about neurons and electronic trains.

Luke is the greatest comedian of all,  
when we're with him we have a ball.

Clint's the naughtiest in the class,  
they call him "speedy" cause he's so fast.

Vesna and Rebecca are an inseparable pair,  
Beck's a brunette, while Ves is fair.

Brownie is the hunk of the class,  
But he and Raelene could never last.

Michael and Leonie aren't the best of mates,  
Cause Michael pretended they went out on dates.

Simon's really goofy  
And Nikki's hairdo is spoofy,

Justine is always the judge,  
If she doesn't get her way,

she won't bear a grudge.

Andie and Vicki are the best of mates,  
In coming to class they're purposely late.

Guy's got the shortest name,  
To chat up chicks is his fair game.

Marcus and Daniel come from out of town,  
And Kirsty wears a permanent frown.

Jill's got really cute dimples  
She's lucky she doesn't get pimples.

Stephen is our very own noddy,  
Chris and Shannon are good at hockey.

Donna and Claire are pretty good friends,  
They talk so much it drives us round the bend.

Natasha and Raelene are best of mates,  
And Tash's running is really great.

Jodie's been away a lot this year,  
We wonder where she disappears.

Finally, we have Craig, Elliott, Tracy  
and Kylie,

ALL of them are happy and smiley.

## ABORIGINAL DANCE

In 1988 Bunbury Catholic College received a small grant from the Bicentennial Authority to organise an Aboriginal Dance Project. Students interested in participating were invited along to partake in dance workshops on a Monday afternoon in Term 3. Dave Dans and Harry Brown led the students through the dance workshops teaching them the basics in didgeridoo playing and stick tapping, the dance steps and body painting.

The workshops proved to be very exciting and innovative for the students. Many staff also assisted in advising, photographing and videoing the students. It culminated in students selecting 3 dances to perform to the school at Assembly. Harry and Dave painted a backdrop to set the scene incorporating animals of the Australian outback and free spirits.

The performance was a great success from both participants and spectators point of view. Students were also exposed to the dances in Theatre Arts Classes and Physical Education (Ethnic Dance).

The Aboriginal Dance group gave an inspirational performance to the students at Lescenault Primary School in the final week of Term 3. Those involved were of all ages: Jeff Polak, David Wardle, Ann O'Donnell, Lynette Obery, Anita Longuidice, Hayley Niblett, Lisa Vitale, Melissa Ryan, Annette Carmichael, Caylen O'Reilly, Ania Nowacki and Honi Sawyer.

Overall, all students and staff involved in the program have now a greater awareness and appreciation of the Aboriginal cultures.

Annette said "dance was not as easy as I thought. It was quite technical. It was deeper, more involved and very meaningful." Honi said "it was a way of bringing different societies together." These statements proved to be extremely accurate.

**Aboriginal Dance will be included in the PE Heritage Dance Unit in 1989.**

# GOODBYE, MISS SUNSHINE

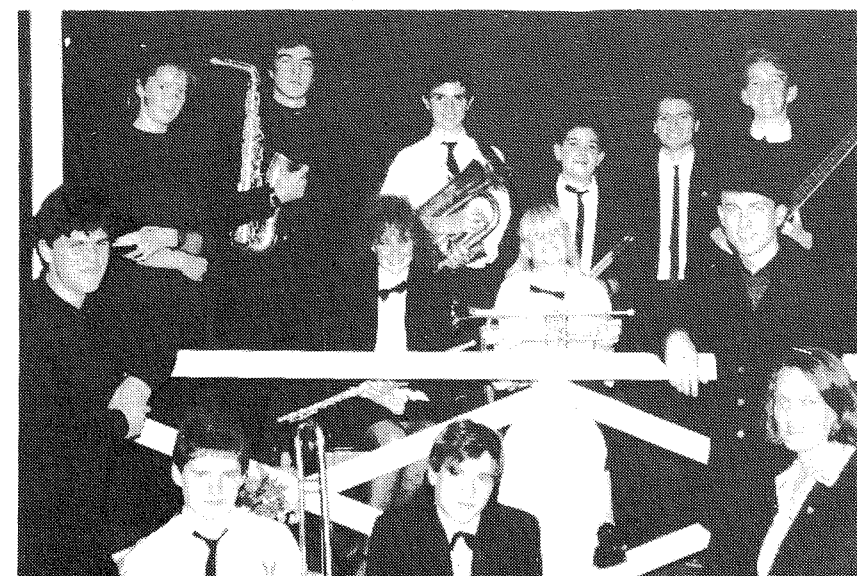

**THE CHORUS**

Our 1988 production again saw great team work from students, staff and parents to present a musical reflecting 1940's life in a country town.

In 10 weeks of concentrated effort, auditions were called, rehearsals held, costumes and sets made, publicity and front of house tasks done.

Appreciative audiences and the satisfaction of a job well done were the reward of over 120 people involved.

## LIBRARY ON-LINE

This year our school library resource centre has taken a quantum leap towards the 21st Century with the purchase and installation of a computerized library system.

With the generous financial contribution of \$15,000 from the P & F Committee the library was able to install the system at the end of August.

The benefits of such a system are far reaching and will assist (at an administration level) with circulation procedures stocktaking and an "on-line" catalogue. These tasks will be performed with great speed and accuracy allowing more time to expand other services.

The benefits to the staff and students are such that the library has become an integral part of the schools computer awareness policy, allowing users the

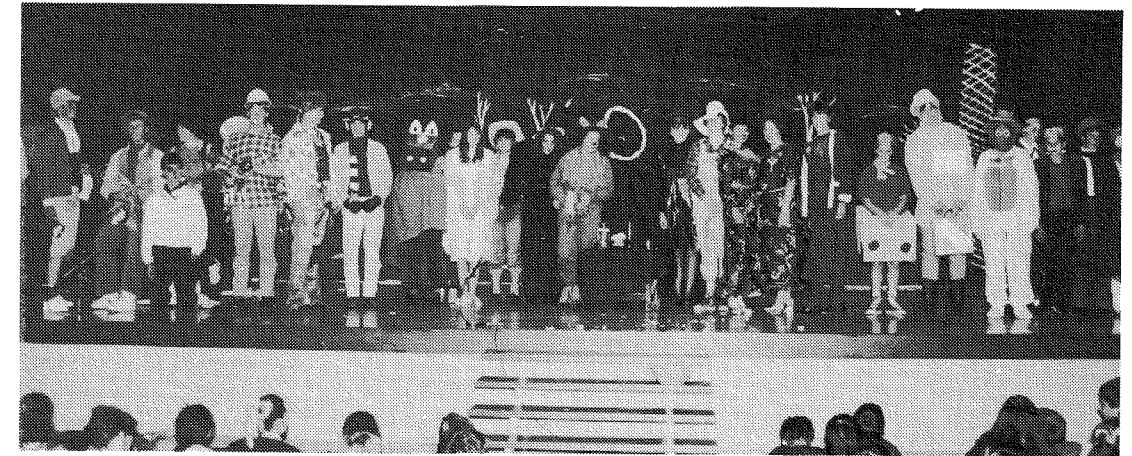

ability to access and retrieve information using modern technology.

Second semester 1988 has seen the library card catalogue data being slowly entered onto the computerized data base for on-line searching (thank you Mrs Gasmier). 1989 should see the introduction of the automated circulation system with barcoded books and individual barcoded borrowers' cards for the users!

The final result should be an exciting enhancement to library resource facilities which will definitely meet the present, and future needs of our school.

JULIE ST CLAIR  
Teacher-Librarian.

## CHILDRENS' BOOK WEEK

Students and staff alike were invited to come to school dressed up as their favourite character from Children's literature. Homeroom period resulted in shrieks of laughter and amazement at the ingenuity of some of the costume creations.

Mrs France whipped up overnight a 'delicious' Magic Pudding costume and their wonderful group efforts, particularly from the year 12's (the Famous Five). We saw Noddy in his car, the Tin Man and the Scarecrow from The Wizard of Oz, Biggles, Mr Happy, Alice in Wonderland, Doctor Who and many, many more.

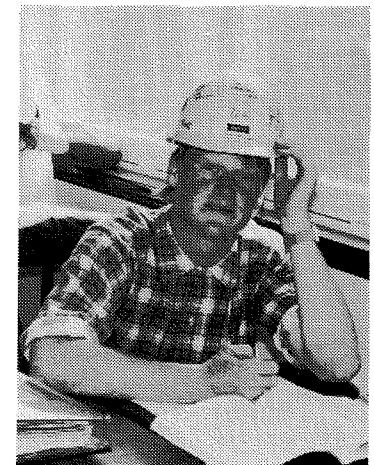

Congratulations to all those who dressed up and who entered into the spirit of the day.

During the assembly Ms Elphick's drama class presented their interpretation of Alice in Wonderland (with Shane Goff forever imprinted on our memories as the Caterpillar in his green sleeping bag).

Mr Kain's Year 11 Theatre Arts class presented their tribute to Children's Literature with characters from well known fairy tales. Who can forget Geoff Barr's lovely legs in green tights, as the Frog Prince, or David Hynes as the Blue Fairy, or Caitlin McLoughlin's cackle as The Wicked Witch?

Many thanks to both groups for their efforts. It was an enjoyable performance. Good fun and lots of laughs were had by all. in the a Perhaps we'll discover a resurgence of interest in re-reading Noddy, Wind in the Willows, fairy tales, The Wizard of Oz, Alice.....

# PHYSICAL EDUCATION

## PHYSICAL EDUCATION SPORT & UNIT CURRICULUM

The development of a total individual is enhanced through exposure to various experiences that stimulate emotional, physical, intellectual and spiritual growth. The linking of physical education and religious education at BCC is more than just co-incidental. These two programmes share similar aims and objectives to encourage the students to become responsible for their actions and autonomous in their decision making.

It is within the PE program that we endeavour to provide students with commitment to new experiences in progressively more challenging skill development. Unit curriculum provides various blocks of skills of individual and team sports that offer the students a mass of skills. It is the further broadening of PE in '89 that allows students to make choices to facilitate their interests and expertise.

As we approach the time of editing the '88 magazine we are poised between the efforts of six weeks athletics preparation and the ACC Carnival at Perry Lakes. Like many of the events which have come up in the sporting calendar this year, we are quietly confident of success. We have set our goals, honoured our commitment to train and are ready as a team to pit ourselves against the competition in Perth for 1988. One hundred and twenty competitors, five staff and two dozen spectators have drawn together to form a band that represents a community keen enough to speak outward and say "We are B.C.C."

It is with this structure behind us that sets the grounding for our sporting successes of 1988:

**NETBALL:** Our netballers represented our largest contingent of regularly competing athletes donning the Red, white and green in 1988 from Easter to

September they braved the Southwest rain and *Court 14* to achieve two valuable premierships. Mrs Gasmier and Miss Richardson coordinated ,8 staff coaches, 3 parent coaches and 8 senior student coaches and 14 B.C.C. teams in what represented one third of the Bunbury Competition.

**HOCKEY:** The combining of the Marist Senior Mens Hockey Club and B.C.C. juniors has enabled the erection of lighting poles on the back oval. This facility enables greater utilization of grounds and builds a bridge between junior school hockey and senior club hockey. Of the 5 teams who played regularly on Saturday and sometimes Sunday mornings, two premierships were achieved. Much gratitude is extended to the co-ordination provided by Mr Paul Greaves for his guidance to Miss Watson, Chris Jackson, Mal Gardiner, Tom Price and Rhonda Bozelli.

**FOOTBALL:** The photo of the successful Captain and Coach depicts achievement and satisfaction. To Zane Kenny and Mr Murphy, congratulations for your success in the Quit Cup. The combined team from four Bunbury Schools defeated Geraldton at the

WACA to secure the Quit Cup in the South West. However, it was a different story for Mr Platts and the CIG team who were knocked out of the state competition by Guildford Grammar. Congratulations for all your efforts and for getting down to the last few teams. The Marist Football Club experienced similar mixed fortune. Super Coach Mr Rubie came up with one U/14 premiership but unfortunately the U/16 did not get there in the end. To George Sharpe and the U/16's a good season - congratulations.

### BASKETBALL:

Basketballers revelled in the Friday night competition. The teams graced the arena with their new high profile tops. The boys proved too good for many of the competitors, however, they didn't come up with the big games. The inspiration these boys gave to their younger peers has been excellent. Well done. To the girls, we tried hard and trained hard and won one against the Grammar, why not give it a go again in '89. Similarly, the junior

boys team were equally formidable. Thanks to Lori Elphick, Danny Platts and Mary Turner for their time and efforts on many Friday nights.

**MINOR GAMES:** The competition ran throughout the year with the Grammar School being well patronized by staff and students. The great value of these meetings lies in pitting the skills of the two communities against one another in a friendly environment. The interactions over the year in the ten sports has been enjoyable and fulfilling.

### A.C.C. SWIMMING CROSS COUNTRY AND ATHLETICS:

The preparation of teams for these events draws upon the talents and time of many people, not least of all the athletes. As a community we have been thankful to all students who made the effort to stick to rigorous training schedules to make our teams strong. After weeks of running events before school, in PE, at lunch and after school we are satisfied to know that we have done our best.

The overall 5th in B

Division Swimming, 3rd in the A.C.C. Cross Country and hopefully placing in the athletics is reward for time spent in preparation.

**MISCELLANEOUS:** Many events beyond the norm go unnoticed by many, some of notoriety are:

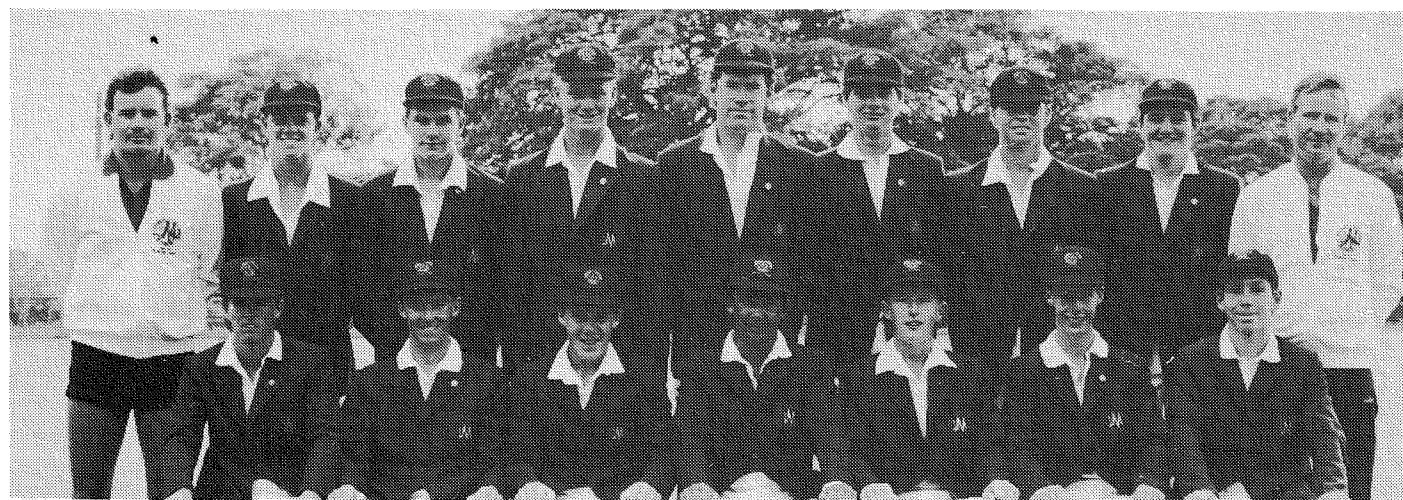

- \* The team who ran in the State Cross Country Championships in July,
- \* Our golfers who played off for the South West Schools Championship.
- \* The Volleyballers who travelled to Busselton,
- \* The swimmers and athletes who went to the Pacific Schools Games trials in Perth,
- \* The surfing club for all their achievements in providing another facility for the student body,
- \* The netballers who travelled to Rockingham,
- \* The house captains for organizing carnivals,
- \* The students who played and officiated for the Irish/Combined Rules football,
- \* The athletes team who will be competing in the State Schools Championship in November.

To all, many thanks. Also, we thank Miss Richardson for enhancing the programme this year, best wishes in your travels.

Cameron Eglington  
Head of Phys-Ed.

## Australian Marist Cricket Carnival

Day one saw us up against Ashgrove School who were last years winners. But a magnificent undefeated century by Mark Steele saw us to a comfortable victory, with 22 off the 60 overs remaining, and himself winning the player of the day award.

Day two was unfortunately washed out and next we played the 'local boys' from St Joseph's. We batted first, and skilled bowling inflicted a collapse in our lineup leaving us at 8/100 but at 80 run 9th wicket partnership from Brad O'Reilly and Zane Kenny who scored a 50. produced a more respectable score of 150. The pressure was on, and we responded by keeping the locals to just 130 off 50 overs and won the game.

Day four saw another batting collapse and this time, without the tight bowling we suffered a convincing defeat at the hands of Sacred Heart School who were now leading the competition.

The next day we bounced back by bowling out another local school in North Shore for just 89.

Spin bowler Ern Sharpe combined well with keeper Steven George to pick up 5 wickets 2 catches and 2 stumpings.

Unfortunate weather saw the game abandoned and Ern Sharp with runner up man of the day.

Day 5 saw the good bowling continue as we dismissed Sale School for 94. Don Shine bagged 5 wickets.

Current leaders 'Sacred Heart' looked to lose their game leaving top spot open to us. But the collapses continued and after a strong 45 run Stewart Shaw, Steven George opening partnership, we lost 8/17 to lose the match and all chances of winning the carnival.

The last day saw us finally bat well and get off to a comfortable start. However rain set in, and the game was abandoned.

Sacred Heart won the carnival, and Mark Steele and Steven George were selected in the "Australian Marist XI"

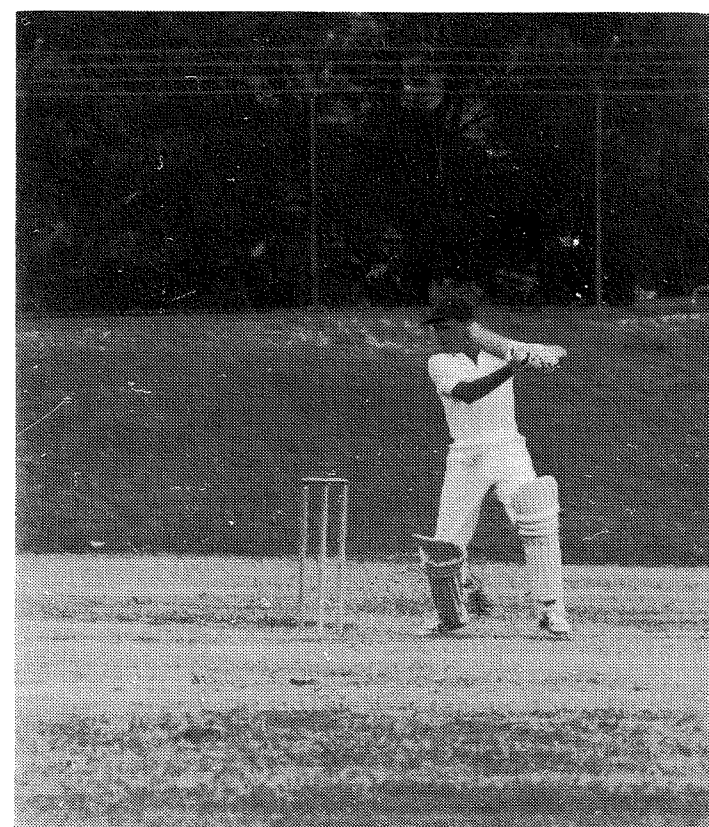

Altogether the tour was a successful and enjoyable one.

## HOCKEY

What a year BCC has had in the local competition! We fielded a side in the finals of every Junior Boys' grade and our illustrious girls team also won through to the Grand Final of their division

Highlights of the year must be victories in the Boys' U/17 A Grade Grand Final and the Girls' B Grade Grand Final. Congratulations to both teams on their achievements and on setting an inspirational example to our players for next year.

Our Year 8 team also won through to the Grand Final, displaying skill, determination and discipline in their effort. In defeat, this team did the school proud in the sportsman-like manner in which they congratulated the Newton Moore team. Well done Miss Watson and players!

Through sheer weight of numbers, and of course skill, BCC is a major force in Junior Hockey in Bunbury and as such, the examples we set in reliability, sportsmanship and determination do not go unnoticed. Personally I would like to thank everyone who contributed to the 1988 Season, players, coaches and supporters

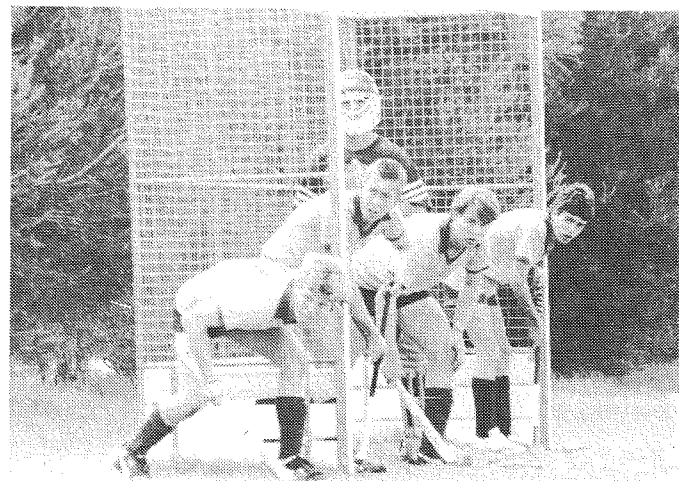

Give 'em your best shot.

A rewarding aspect of coordinating hockey in BCC is seeing the great work our coaches do. Marist Hockey Club is to be thanked this year for supporting us with coaching expertise in Chris Jackson (U/17), Mal Gardiner (U/15A) and Tom Price (U/15 B). As a flow of talent from our school to Senior Mens' hockey with Marist continues it is good to know that our students are in capable hands. Hopefully the future will see an even closer working relationship between the school and the Marist Hockey Club.

PAUL GREAVES,  
BCC Hockey Coordinator.

What a shot.

Who's that girl?

## THEY SAID WE'D NEVER MAKE IT

This year saw the Year 12 team of Warren Andrews, Brad DeMarte, Stewart Shaw, Alistair Jones, Justin Meyza, Chris Purcell, Martyn Bott, Nathan Ryder, Joe Cosenza, Jason Turner and Mathew Muir make Bunbury hockey history by winning their fifth junior premiership in five years.

Those historic wins began in 1984 when the team under their coach Mrs Vera Bartlett won the College's first premiership since 1979. Memorable events during the year were the 13-0 victory in the semi-final against Newton Moore and Justin Meyza's match winning performance in the Grand Final.

In 1985 under the coaching of Mr Mark Browning the team had one of it's easiest seasons losing only one game, and that being on Penalty strokes.

1986 saw the team in an awkward position, on-one wanted to coach them! Mr Tony Andrews came to the rescue by contacting Chris Jackson 'Jacko' to coach the team with him. This year saw the team cruise into the grand final and win it fairly convincingly. Justin Meyza won the Associations 'Fairest and Best' trophy and Warren Andrews, 'Fairest and Best' for the club.

1987 saw the boys going for the College's first A-grade premiership for 13 years. 'Jacko' again coached this time assisted by Mr Mick DeMarte. The season was tough and bruising affair. After finishing third in the preliminary round the team met in the semi final with the Hot favourites Bunbury High. Taking an early lead through a brilliant goal by Warren Andrews the defence of Chris Purcell, Justin Meyza and Warren Drew hung on desperately. Then, four seconds before the final whistle High School scored a freak goal sending the game into extra time. Another thirty minutes later, the game went to penalty strokes. The deciding stroke was sunk by

goalie Warren Drew in his pads and sent the team into the grand final, which we duely won.

The qualifying round for 1988 can be described as dismal. Being last at one time caused the team to struggle their way into third spot. The first semi-final was won one goal to nil with a year 9 Andrew Shaw playing for Alistair Jones who was in goals for an injured Justin Meyza. Brad DeMarte had his goal awarded to Joe Cosenza and the headline "Cosenza sinks goal gave him no solace. Newton Moore was thrashed 3-0 in the preliminary final where Stewart Shaw scored two brilliant goals, and at the other end goalie Justin Meyza saved two penalty strokes. The Grand Final was a top game with over 200 people coming to watch it. The final scoreline was 2-1 in favour of the College with panemonium breaking loose on the final whistle. Chris Purcell was awarded the Edith Halden Trophy and the team had won their fifth premiership, including two A Grade premierships. A truly historic and memorable performance from a team that has had the odds against it from the beginning in 1984.

Justin Meyza.

# MARIST FOOTBALL CLUB

This year, our school was represented by two very enthusiastic sides. Both teams, through hard work enjoyed much deserved success. Our Under 16's, led by Brad O'Reilly finished a game third on the ladder, whilst our under 14's enjoyed the thrill of a well-earned Grand Final victory to finish as 1988 Premiers.

## IRISH FOOTBALL VISIT

During this year the West Australian Football Development Trust organized an interesting game of football. On the 8th of August, our college held host to a 'friendly' enthusiastic Irish squad and enjoyed watching them take on the might and skill of the local boys. The game consisted of composite rules, combining both Australian and Gaelic, to result in a highly competitive game ... well sort of! Even though the luck of the Irish shined the Bunbury combined side displayed a determined effort. (that round ball didn't help!)

The squad selected was:

## COUNTRY QUIT CUP

This squad went on to become successful in the 'Country Quit Cup' They were victors over the Geraldton Allstars by 6 goals. Mr Gordon Hill, Minister for and Recreation presented our jubilant captain, Zane Kenny with the champions trophy. Following this the boys proceeded in a victory lap. Well done to a great squad.

Victory Lap, a proud moment

## Netball '88

The season extended from late March until early August. Fourteen College teams participated in the Bunbury Netball Associations' Saturday afternoon competition.

Teams were coached by teachers, senior students, community members and parents. ( Even our Principal and two other male staff members - which was marvellous for our players).

Approximately half of our teams made it to the finals with two Grand Final Team winners: Mr Browning's Junior Team and Ms Elphick's Senior Team.

Throughout the season there was a large involvement by students in umpiring. With an emphasis on *development of umpiring* our students gained greater knowledge of the game, and could apply this whilst playing.

A small group of talented and motivated players attended State Catholic and State Schoolgirls Trials in Perth. Several did very well making it to the final squad in the Catholic Schoolgirls Trails.

Some of our junior students also travelled to Perth for the Smiths' Crips Competition in the 2nd Term holidays.

An U/15 and U/17 team also participated in a Lightning Carnival at Rockingham in July.

The interest shown by students to attend trials and competitions in the metropolitan areas is indicative of the high standards many of the girls are striving to achieve.

With such an enthusiastic group of players we can only look forward to an exciting and challenging season in 1989 (stay tuned all netball enthusiasts).

The season culminated with a Trophy Presentation luncheon held in early September. Trophies were presented to Best Players and Most Consistent Players.

## BASKETBALL

The success of many teams lies in the support and strength of the coaches, so as a starting point to my report I would like to acknowledge the efforts of Mr Platts, Ms Elphick, Mrs Turner and Mr Eglington, in coaching, supporting, driving and scoring.

The 1988 season looked promising with many people trying out for both the boys and girls teams. The boys team looked highly competitive as they organized themselves throughout the early season. With the skills of Martyn Bott, Troy Brown, Mark Harris, the height and rebounding strength of Greg Turner, Craig Reimers, Richard Batt and the shooting of Ben Bott, Mathew Rossiter and Jason Chalk, where could such a team go wrong?

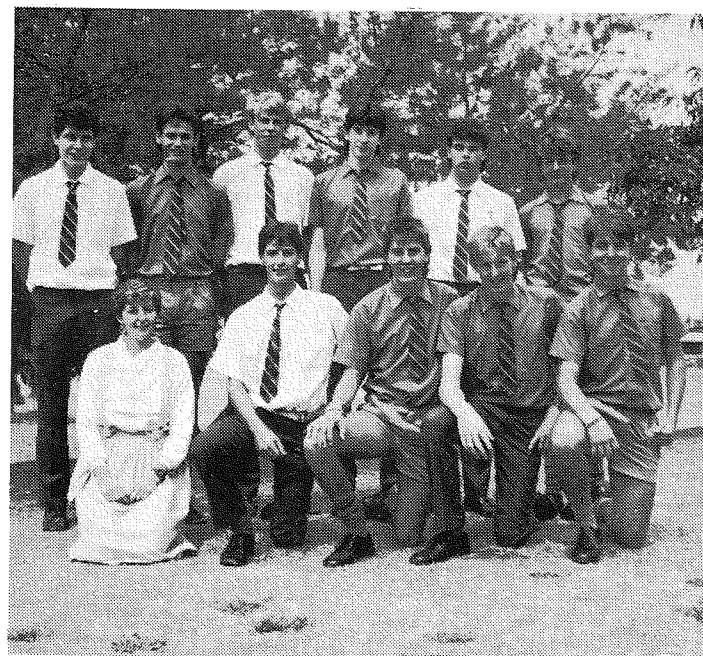

.As was expected the boys went undefeated through the first round of the Friday night competition with many fine

performances. With trips across to Manjimup, down to Busselton and around Bunbury, the word spread that college in their new tops were a force to be reckoned with. The team advanced to the finals after finishing second on the ladder in the final round with narrow defeats to Newton Moore and Bunbury High. They were defeated by Pinjarra in the first semi-final and alas their season was over. Defeated but not beaten. Well done guys.

Meanwhile, our illustrious girls found it difficult to win against the strengths of the competition. Maybe it will be next year that we unearth our talents. Hopefully, "good things come to those who wait."

Hopefully next year the girls can win a game and the guys can pull in the big one.

## Sailing

The once limited population of sailors at BCC has grown into what can only be described as a dominant race. What started out as only a few weekend sailors, has grown in to a group that has captured its fair share of club championships as well as a few high state rankings. This elite group chooses to congregate at the local hangout for, 'delinquent sailors,' - Koombana Bay Sailing Club, and can be seen creating havoc with local shipping on any Saturday afternoon.

This year has seen a big increase in the number of students who sail both dinghies and windsurfers with the odd handful sailing keelboats. With a bit of luck this trend will continue and maybe some day we will have sailing included in interschool sports. The following is a list of students who have been sailing during the past season:

WARREN DREW: Sailed a 'Sharpie' last season with creditable results. Highlights of season included being nominated for 'best all round junior' and being chosen in the State Youth Squad after coming fifth in the State Youth Titles. Is currently sailing a 'Cherub'.

MARK JORDAN: Sailed a 'Mirror' last season obtaining excellent results. Highlights of season included

winning the club championships in 'Mirrors'. Nominated for 'most improved junior'.

CHRIS GREY: Sailed on a cruiser last season. Has come a long way to secure a permanent position on a regular racing cruiser.

ANDREW DILLON: Another big achiever who has come a long way over the last few seasons. Is currently sailing his first season on a 'cherub'.

BEN MARDON: A promising young sailor who has given up sailing to pursue the huge pay cheques involved with pro-surfing.

JUSTIN DREW: A young windsurfer who has improved incredibly over the last few seasons despite having an expensive board stolen.

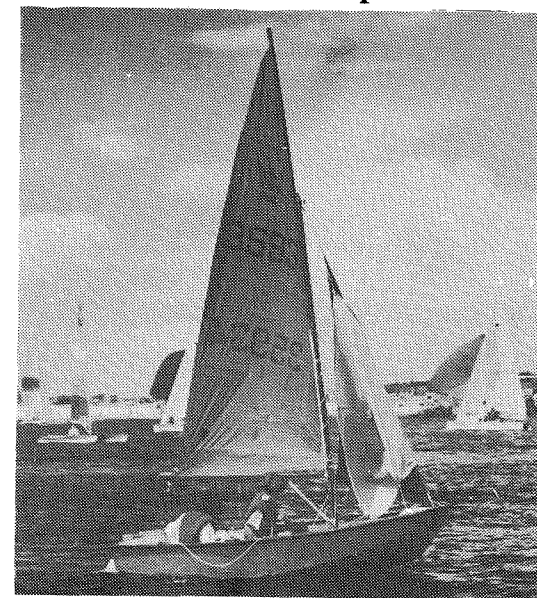

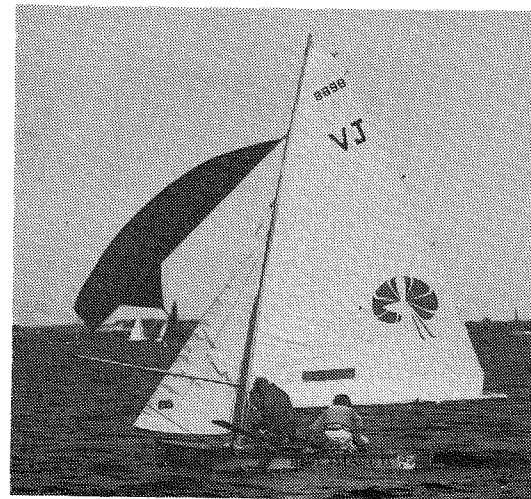

GENEVIEVE MARDON: A budding young talent who has teamed up with KYLIE BATTLE to sail on a 'mirror' this season.

MATTHEW GEORGE: Crewed for Mark last season on the club champion boat. Is currently following in the footsteps of Ben.

PAUL GOOD: Another promising young windsurfer who can be seen regularly on the estuary.

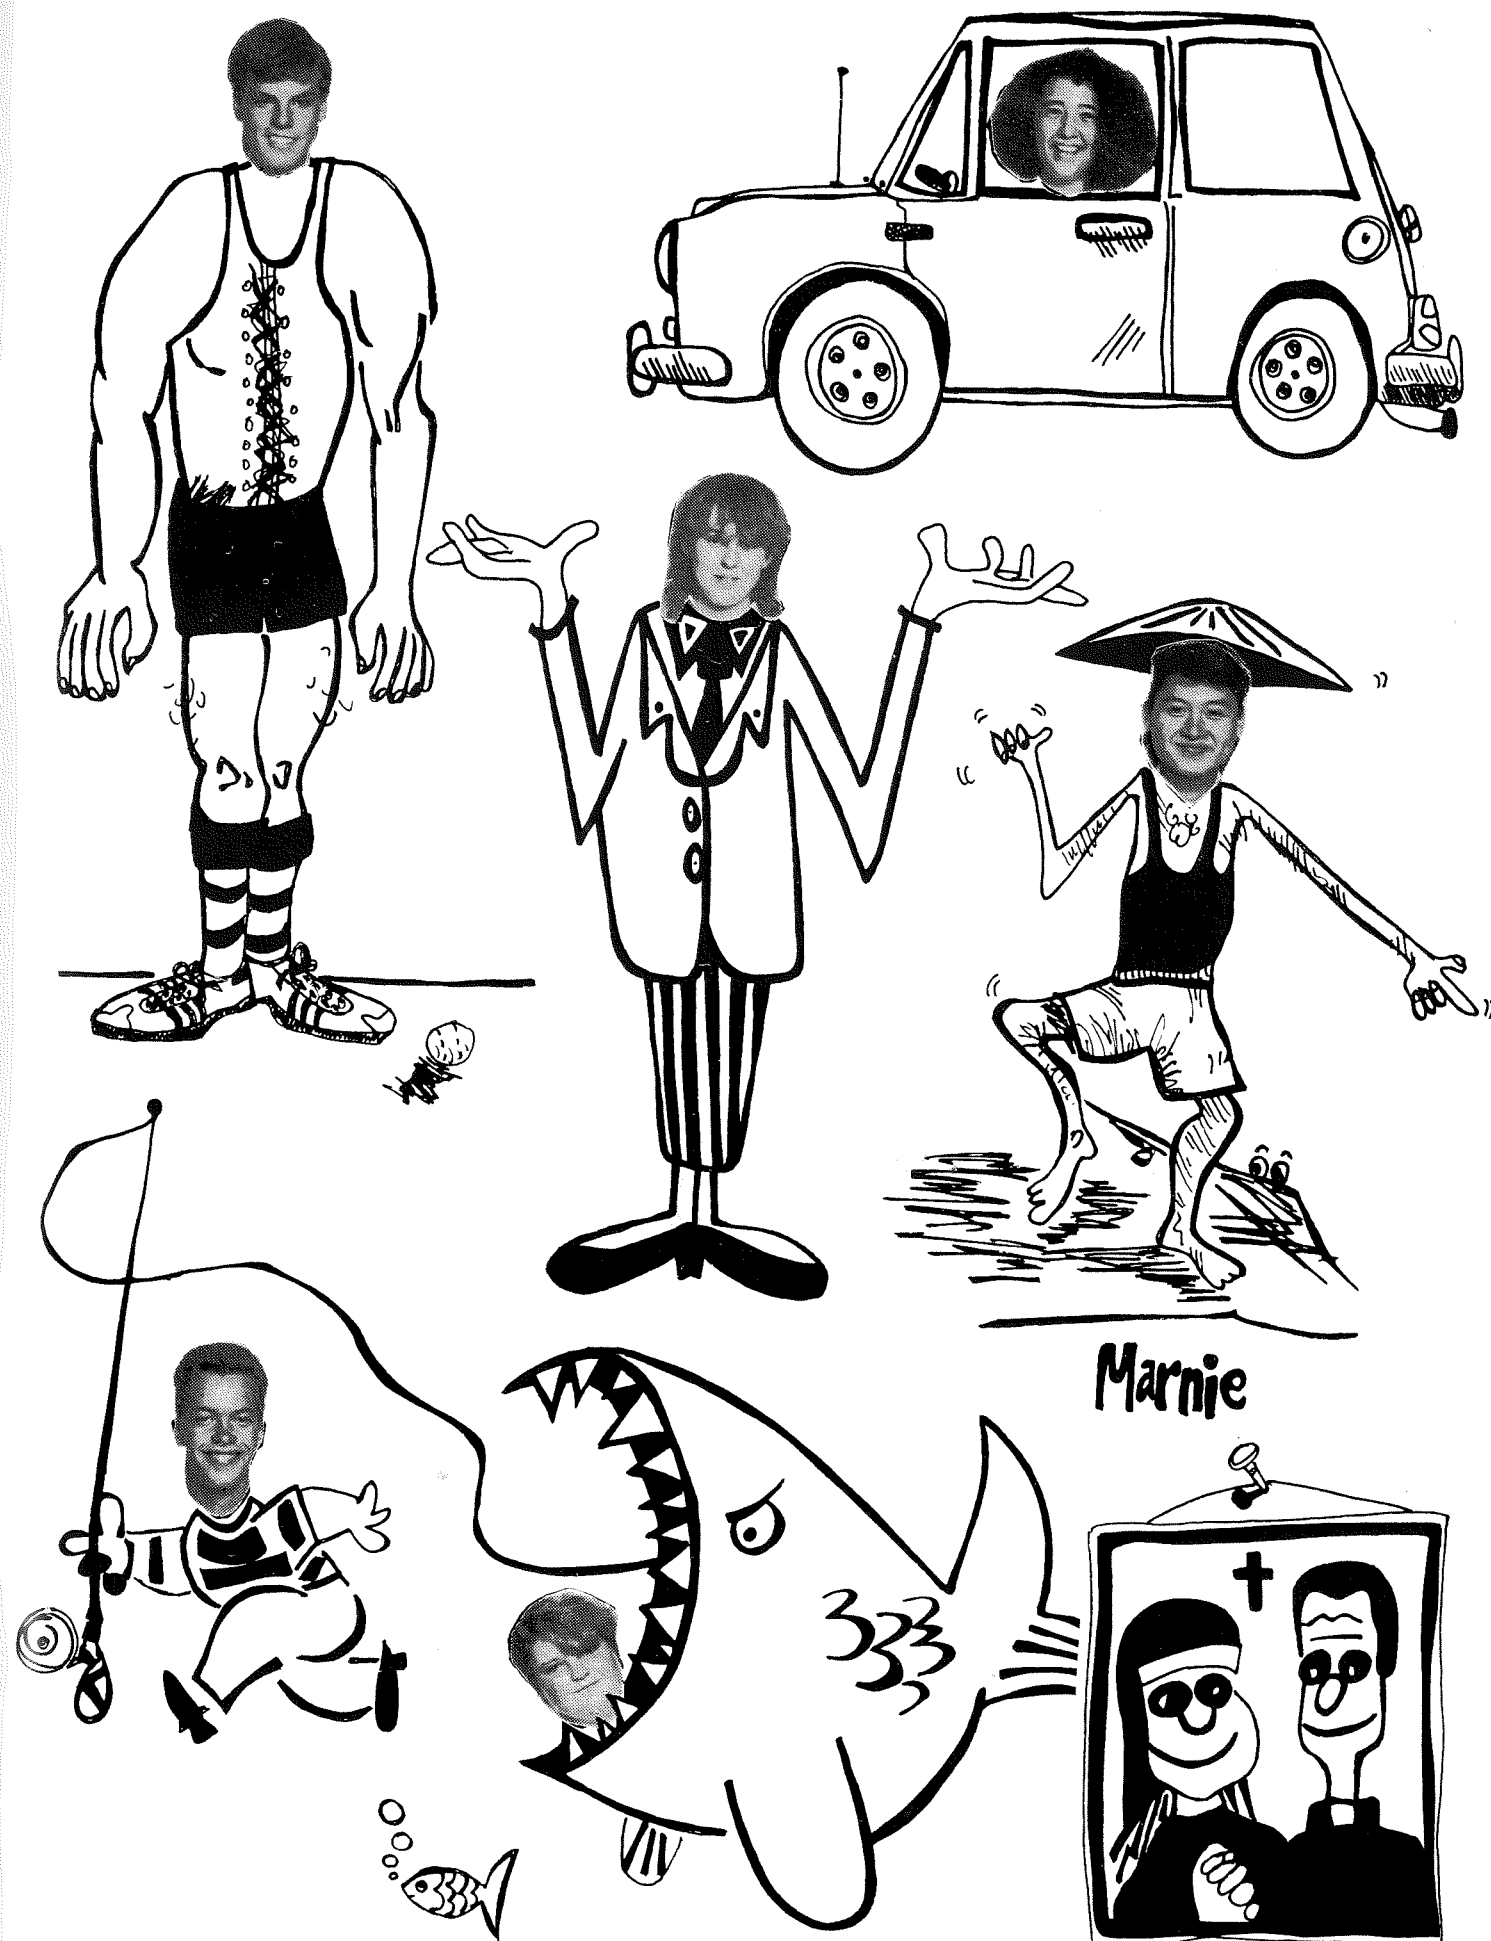

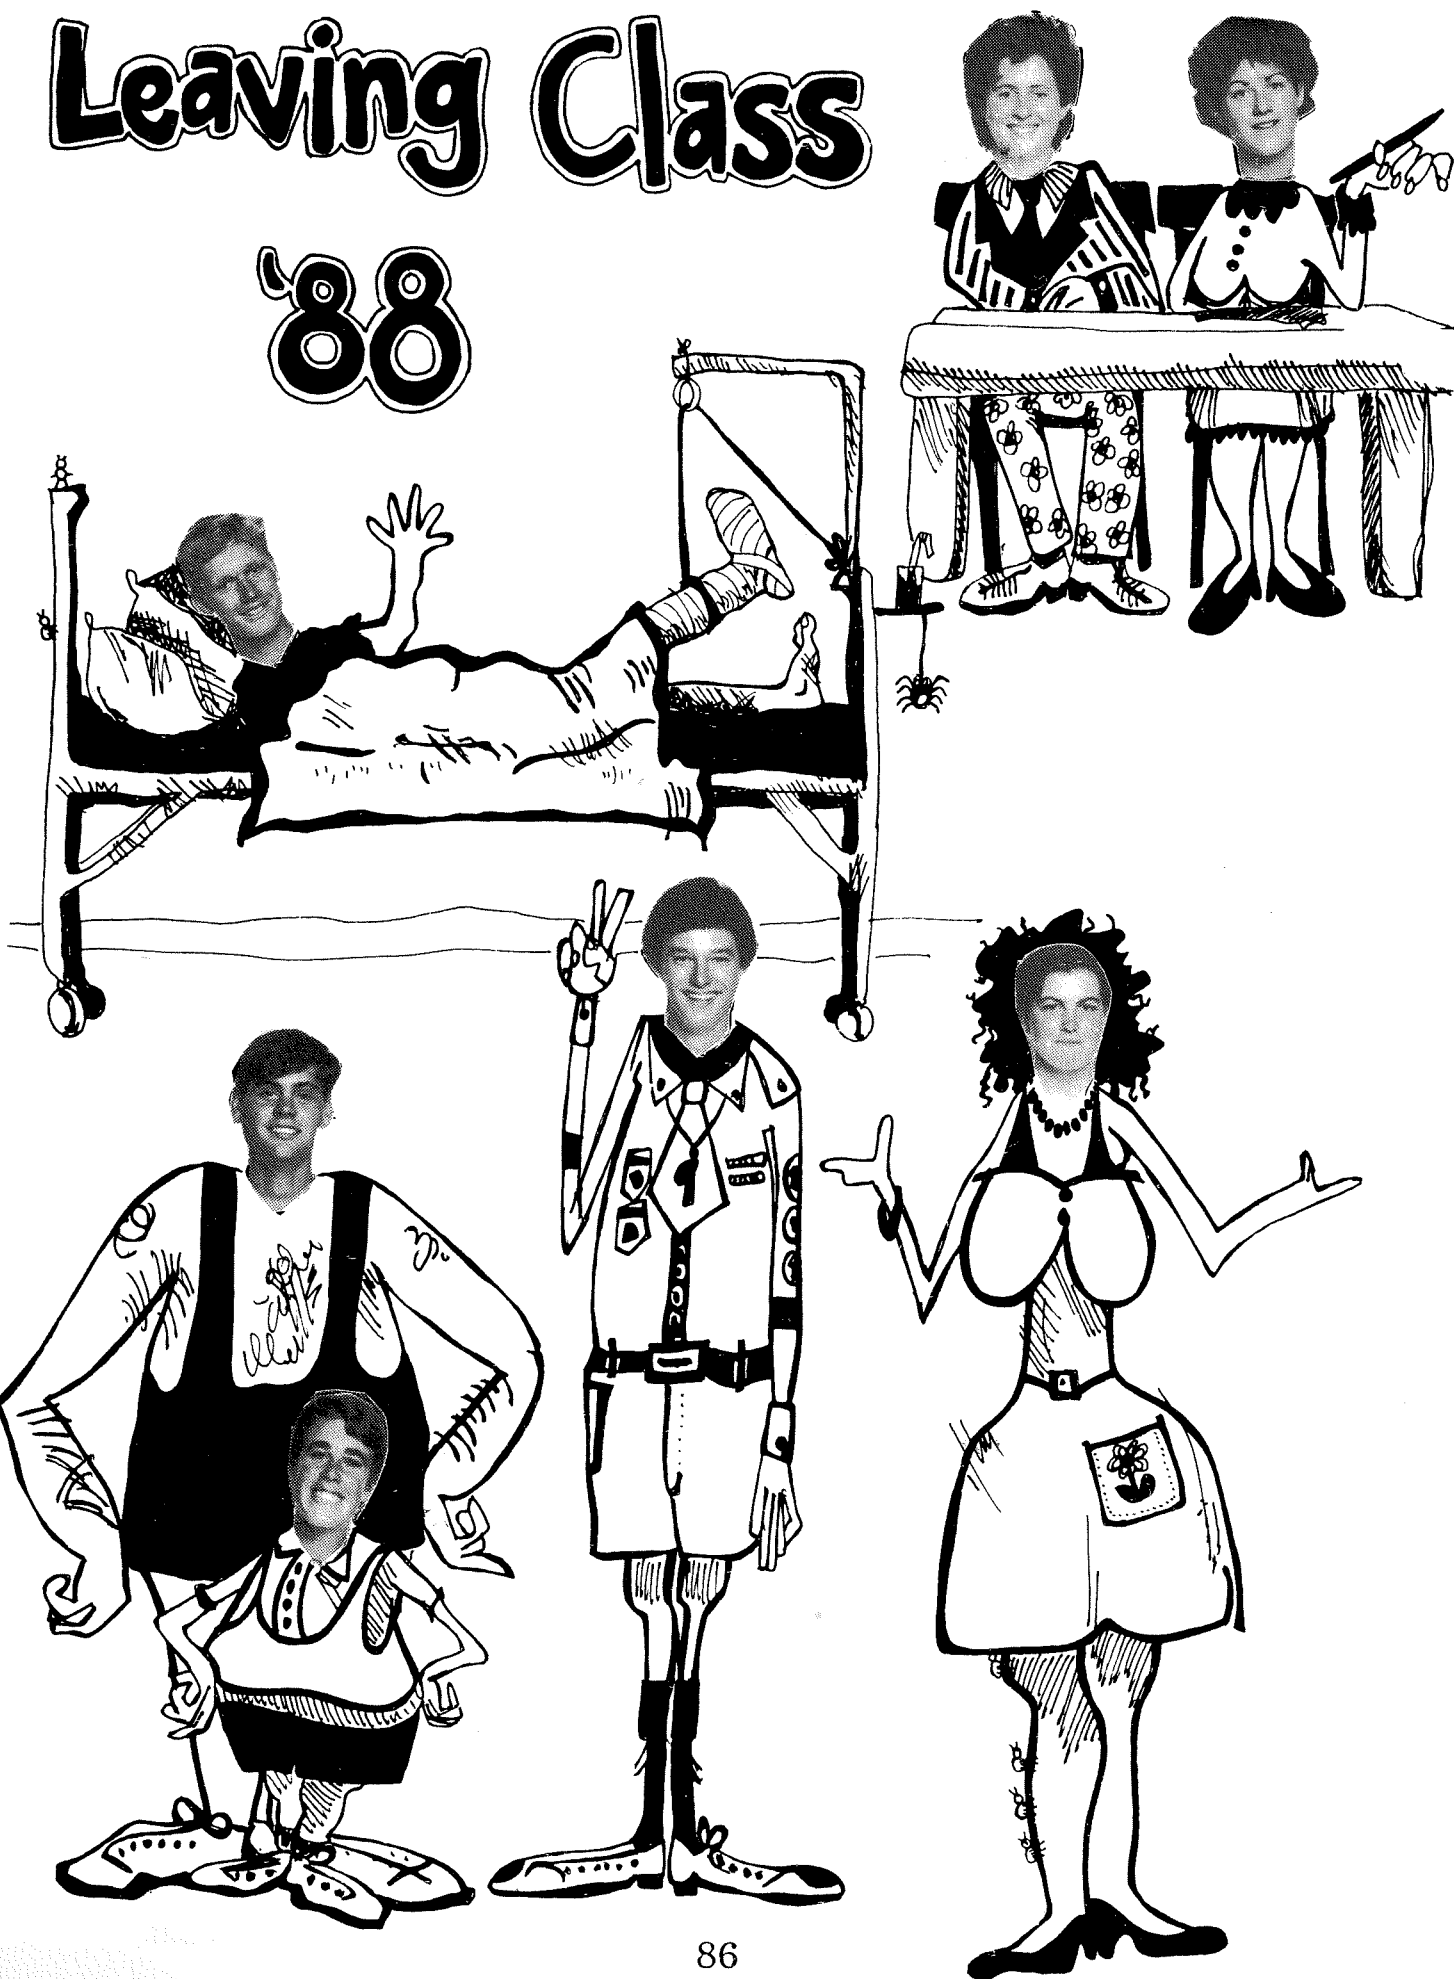

JAN SHATFORD: Exchange student who is sailing on the Mardon's cruiser.

JILLIAN McROBERT: Sailed last year with her Father on a 'Sharpie'.

## IT'S DONE !

We filed in with our eyes open wide,  
Mr Greaves had a whip, the terror we couldn't hide.  
Our own office and telephone, we were looking real pro!!!  
But work had to done, more faster than slow.  
We slaved away burning the midnight oil.  
Missing papers added to the despair and toil.  
As the days went by we saw our mag grow.  
The nights were long and our eyelids low.  
The Pizza trays covered the floor.  
Our mag *still* isn't finished, we knew there would be more.  
The work piled up and closer the deadline came.  
If this pressure keeps up - we will all be insane.  
Well as you guess by now - we did it! It's done!  
And we would like to do it next year - cos its heaps of FUN!!!
